## Ontario

*Those stalwart fighters of early days prompt to answer the call to arms; when peace came returned to the greater battle of winning the land from the forest. They won.*

*They cleared the pine and maple and established Agriculture, the basic industry on a firm foundation.*

*The flowing river was later used to grind the grain - now it is harnessed to assist in the entire industrial field.*

Way

## At Your Service everyday

**T**HE service of the "National Way" is designed to please its patrons. The equipment being purchased is the most modern obtainable. Our new steel cars embody the latest features of construction, strength, convenience, and comfort. The vast army of chefs, waiters, and attendants has been selected with care and it is the desire of all these employees to serve you satisfactorily. With over 100 dining cars and 250 sleeping cars operating over 17,000 miles of territory, the difficulties of maintaining a service such as is given by the Canadian National Railways on these hundreds of moving units are hard for the travelling public to appreciate. We will be glad if you will help us to maintain our standard by reporting to the officer in charge of any car you travel in, any service not satisfactorily rendered.

Criticisms of features of our service sent to the undersigned will be appreciated.

Walter Pratt  
Manager of Sleeping & Dining  
Car & Hotel Department  
Toronto

*The Canadian  
National Railways  
serve the Province of Ontario  
from the shores of Lakes Erie  
and Ontario where industrial  
development is mature, to the great  
Northland where modern pioneers  
now carry on the work of  
winning the land, just as  
their forefathers did  
in southern  
Ontario.*
