## *Village of Bungalows*

Jasper Park Lodge in the Canadian Rockies is a very different resort hotel . . . Yes, it has a big main lodge with spacious lounge, dining room, kitchens, ballroom, but they're all on one floor . . . no stairs or elevators . . . and it is made of cedar logs . . . And the biggest part of Jasper Park Lodge is grouped along the shore of Lac Beauvert in streets of log bungalows . . . The charming little summer village it forms is enhanced by smooth green lawns, native trees and gorgeous flower gardens . . . Nothing to conflict with the beauty of the lake and the mountains . . . At the same time, Jasper Park Lodge is a modern hotel . . . All the bungalows are steam heated and electrically lighted, handsomely and comfortably furnished . . . Nearby is an open air swimming pool (with heated water), smart tennis courts, and one of the finest golf courses anywhere . . . The Lodge is the starting place for motoring over splendid highways, for trail riding, and hiking and climbing, and other mountain pleasures . . . Its dining room is famous for good food . . . No wonder guests come back to Jasper year after year.
