Individual bottles containing alcoholic beverages will be opened in the presence of passenger and contents served. The beverage only is sold and the bottle must be retained on the car.

Where Old and New Worlds Meet

Land of contrasts, Quebec is an inexhaustible treasury of delights for the visitor to Canada. The storied past, which goes back over the centuries to the days of Jacques Cartier, Maisonneuve, La Salle, Frontenac and Champlain, is met at every turn. The streets of Montreal and Quebec are steeped in history; the ancient traditions still carried on in farms and villages are contrasted with the new mining and pulpwood industrial towns and with the modern life of Montreal, the Paris of the New World, with its population of more than a million; the customs and language of Old France are contrasted with those of Britain, and both are modified by the atmosphere of North America. The country itself . . . the long mellowed banks of the mighty St. Lawrence, the Ottawa and the Richelieu, the wild grandeur of the Saguenay . . . the Laurentian Mountains in summer and winter . . . the dramatic shore of Gaspé . . . the lakes and streams in the northern woods, famous for their fish and game . . . was made for pleasure as well as great achievement.
