## Vacation Wonderland

The Canadian National Railways take you to Minaki . . . .  
on the main transcontinental line about 100 miles east of Winnipeg  
. . . . in the Lake of the Woods country of western Ontario . . . .  
Here, with delightful Minaki Lodge for your headquarters, you have all the  
makings for holidays you will remember ever afterwards with  
a glow of pleasure . . . . Minaki days are water days — fishing, swimming,  
canoeing, motor boating, sailing, aquaplaning — but, for those who  
like to feel their feet on the green earth, a little jewel of a golf  
course offers its enticements. Minaki has hard-surfaced tennis courts,  
too, for guests who take their sports at a faster clip . . . .  
If you like just to loaf, there isn't a better place thus to invite your soul (as  
Walt Whitman phrased it) . . . . Old or young, tiny toddlers or their  
grandparents, and all the ages in between — Minaki has something for all  
. . . . And the foundation — good beds, good food, every  
convenience for your comfort — wonderful, healthful air, and Nature  
in her most gracious mood.
