## *Minaki Lodge*

In western Ontario, near the border of Manitoba — three hours' rail journey from Winnipeg — a thousand feet above sea level, in the beautiful Lake of the Woods country, stands Minaki Lodge . . . headquarters for pleasure . . . In the language of the Indians, the name Minaki means "Beautiful Country" and thousands of tourists have learned that the Indians never spoke a truer word . . . And what would you like to do at Minaki? . . . You may swim and row and paddle, take motor launch trips . . . Sail . . . You may fish . . . for pickerel, northern pike, small-mouth black bass and maskinonge . . . You may picnic . . . Play tennis . . . Play golf on a lovely nine-hole course with pine-bordered fairways and well-trapped greens . . . Or simply rest and enjoy the scenery and the good air, free of the threat of hay fever . . . And in the log bungalow hotel you will eat well and sleep well . . . and when you go home after your holiday, you will go home refreshed.
