THE MAIN line of the Canadian National Railways passes through Jasper National Park on the way to the ports of both Vancouver and Prince Rupert. Here in the heart of the Canadian Rockies, in the largest national playground in the world, Jasper Park Lodge has welcomed guests for a quarter of a century. It has all the comforts of the modern city hotel except elevators. These it doesn't need for, instead of being one big building, Jasper Park Lodge is a village of log bungalows on landscaped grounds skirting a lovely lake. Nearby is a heated open-air swimming pool; tennis courts and a magnificent mountain golf course are only a short walk away. Motor roads and pony trails branch out in all directions. Make a note of Jasper. Make a reservation for your next vacation!
