Imperial Mints

HERE IS a famous profile—snow-crowned Mount Edith Cavell. It is only one of the many beauties of the Canadian Rockies, easily reached by motor car from Jasper Park Lodge. See it by motor car, see it from the back of a mountain pony, go on your own two feet . . . see it from the golf course, take your mind off your fishing long enough to look at it . . . but by all means see Jasper National Park! Seeing is believing. Why not go home by way of Jasper?
