# A New Accent on Travel Comfort

← A compartment is an ideal way for two or more people to travel. At night the sofa converts to a bed and an upper berth swings out of the wall.

→ Ideal for single occupancy, the compact and attractive new roomettes offer complete day and night privacy with every modern travel convenience at a modest cost.

New standards of style and comfort are being established on our principal trains everywhere in Canada as a result of CNR's main-line modernization program, largest of its kind in Canadian railway history. Our 359 new passenger cars are tops in travel-living. All of them — coaches, sleeping cars, diners, dinettes, parlor cars and lounges — have wide picture windows, air-conditioning, roller bearings and special springing, and a variety of other modern features designed for your comfort, safety and enjoyment. They offer a wide choice of accommodations for every travel budget.
