Monday, June 6th, 1960

37-32

Picturesque Gaspé peninsula has been home to four centuries of habitants, steeped in their ancient French-Canadian traditions. Here is a land of rugged beauty and cherished legend, producing a spell that instantly intrigues visitors. Typical of Gaspé's grandeur is massive Percé Rock, rising out of the Gulf of St. Lawrence at the land's end. Nearby is the quaint village that gives the rock its name. A Canadian National passenger representative will tell you how to fit a Gaspé tour into your next travel itinerary.
