Foreword

To simplify the problem of where to go and what to do in eastern Canada, Canadian National Railways Maple Leaf "Package Tours" from Montreal or Toronto, outlined herein, offer a streamlined holiday plan that makes travelling carefree.

These are **not** escorted tours—you travel independently. You can leave Montreal or Toronto any day except where specified days or dates are shown for certain of the tours, and you are provided with all necessary tickets and coupons to cover transportation, hotels, sightseeing, etc. However, certain tours, as indicated in the itineraries, do include an escort for a portion of the trip.

Everything you need for a wonderful vacation is wrapped up in a neat package for your convenience. Maple Leaf "Package Tours" have been planned by Canadian National travel experts to give you the most for your vacation dollar.

Prices shown in tour headings include round trip transportation—lower berth and/or parlor car seats where specified—first class hotel accommodation, sightseeing and other features; also meals when shown in tour descriptions. United States Transportation Tax applying on each tour is shown separately.

Everything is arranged before you leave. Ample free time is allowed at places of interest to make each tour one of unhurried pleasure.

Tour prices and schedules listed in this booklet originate at Montreal or Toronto. Transportation between your home town or city and Montreal or Toronto can be arranged by your local railway or travel agent. Schedules and fares are shown on pages five and six.
