### THE CREMATION OF SAM McGEE

*There are strange things done in the midnight sun  
By the men who toil for gold;  
The Arctic trails have their secret tales  
That would make your blood run cold;  
The Northern Lights have seen queer sights,  
But the queerest they ever did see  
Was the night on the marge of Lake Lebargé  
I cremated Sam McGee.*

ROBERT SERVICE
