*IT is with pleasure and pride that we call attention to the desire and willingness of all our employees to give their utmost in service and special attention and they as well as ourselves would appreciate your criticisms as well as your commendations.*

*WHEREVER you travel on the Canadian Pacific, you will find the same desire to maintain that excellence of service for which the Company has been noted for over forty years. The seemingly effortless perfection of Canadian Pacific service is simply an infinite capacity for taking pains.*

**IT** will be a great aid to the service and will avoid any possibility of mistakes if passengers will kindly ask for meal order blanks, and upon them will write their orders, because stewards and waiters are not allowed to serve any food without a meal check.

# Winter Sports *in* old Quebec

*W*HEN, A few years ago, people began to look around for the ideal Winter Resort, it did not take them long to discover Quebec. For here is the one city on the continent where Winter Sports are traditional. Here is the desired background of beauty, an old-world snowscape where rugged heights, spreading plain and majestic river add loveliness to the witchery of the quaintest and greyest of old cities.

*H*ERE, too, is an enchanting history, written not in books, but in the shape of facade and spire, in ancient houses, in narrow streets that twist oddly up the steep hill, in the very talk and mannerisms of the French-Canadian inhabitants.

*T*HE centre of winter sports and social affairs in Quebec is the stately Chateau Frontenac, world-famous for the luxurious comfort of its appointments and the perfection of its service.
