BANFF

and BOW RIVER VALLEY

This mountain panorama, seen from a high pony trail on Sulphur Mountain, tells better than words of the beauties of Banff National Park in the Canadian Rockies. In the right foreground massive Banff Springs Hotel, with river-bounded golf course and athletic grounds, is the centre of holiday activities. Across the Bow River lies the town of Banff and the Canadian Pacific Railway. Framed between mighty Cascade Mountain, left, and Mount Inglismaldie is Lake Minnewanka, home of mountain wild life and source of power. For a full holiday stay or an interlude in a transcontinental journey Banff has unsurpassed attraction.
