LAKE LOUISE THE LOVELY

Lake Louise—probably the loveliest gem of scenery in the world—has been called ethereal . . . majestic . . . magnificent. It is all these and more. It is a chalice of enchanting beauty which the mountains hold 5,680 feet up into the sky as though to offer a goblet from which the gods might drink. Victoria Glacier is reflected in the lake in a natural-color cyclorama of rose, green, blue, amethyst, violet, gold and white. And across the top of this great bowl float billowy white clouds, their edges almost touching the serrated peaks of the Canadian Rockies.

On the shore of this perfect lake, in a colorful Alpine flower garden, where poppies, violets, columbines, and anemones slope through terraced lawns to the water's edge—the Canadian Pacific has erected its spacious Chateau Lake Louise, a fireproof, modern hotel, unsurpassed in appointments and service. Here you will dance and dine, swim in the glass-enclosed pool, play tennis, ride, hike and explore, and sleep in a perfectly-appointed guest room.

Excellent highways and the grandeur of mountain scenery in the vicinity of Lake Louise make it a paradise for the motorist. A drive remarkable for its Alpine beauty can now be made over the new Columbia Icefield Highway stretching north from Lake Louise to the vast Columbia Icefield. The route through this spectacular country is fringed by forests and flanked by Alpine peaks and vast glaciers.

For further information, reservations, etc., communicate with hotel manager or your nearest Canadian Pacific representative. The sleeping car conductor will be pleased to wire ahead, without charge, to any of the Company's hotels for your reservations.
