THE LONGEST "DOME" RIDE IN THE WORLD

Adjustable, reclining, reserved seats with full length leg-rests, wide windows, ample lighting and porter service make coach travel a pleasure.

"Skyline" deluxe Coffee Shop Coaches with Scenic Domes serve popular-priced meals in attractive surroundings.

April 24th 1955 — a red-letter day in Canada's transportation history — marks the first daily departure from Montreal and Toronto to Vancouver of Canada's first dome-equipped all-stainless-steel streamliner!

The Canadian

offers the longest "dome" ride in the world, the scenic Banff-Lake Louise route across Canada!

Canadian in its decorative motif, this new Canadian Pacific train, noted for its hand painted murals, maps, and heraldic design, is a veritable travelling art gallery. Unseen, but vital to travel comfort, tomorrow's engineering ensures smoother, quieter riding on a new, fast schedule. You'll ride like a king on "The Canadian"!

Two 24-seat air-conditioned all-round vision Scenic Domes attract sightseers.

The Roomette, a self-contained apartment for day and night travel comfort.

Complete privacy at a minimum price for day and night relaxation is offered by Duplex Roomettes.

Ideal for two, the Compartment features space by day, complete privacy for the sleeping hours.

Disappearing beds, separate toilet, a sofa and two chairs, set the homey Drawing Room apart for "the economy of luxury".

Families and business groups favor two bedrooms "en suite" for day-time spaciousness and night-time privacy.
