The B&O Stewardess--

Her countenance reflects B&O Courtesy . . .
her actions follow it through!

You are always our "guest" when you ride the Baltimore & Ohio. We strive constantly to give you the courteous service you deserve. The smiling face of the B&O Stewardess reflects this courtesy as no other face can . . . for she is a considerate, devoted "angel of courtesy."

The B&O Stewardess is found on most B&O feature trains, giving assistance wherever she can. She is particularly appreciated by mothers traveling with children, by the elderly and the infirm. We take pride in her courteous efforts to make B&O passengers more comfortable.

The B&O Stewardess is just one of the reasons *why those who know use the B&O*—the route of fine food, courteous service, and on-time dependability.
