A VACATION SUGGESTION FOR YOU!

Why not take an Adventure Land Vacation this year? Visit Glacier National Park, open June 15 to September 15. Real story-book Indians are the Noble Blackfeet of Glacier National Park. Now, as for centuries past, Glacier is their native home.

See them yourself and let your children see them now. Fill your lungs with the bracing, healthful ozone and rest your eyes on the majestic shining peaks of the Montana Rockies--A vacation in reality.

Glacier National Park comprises 1500 square miles of the most rugged mountainous section of America. Clinging to these lofty mountains are over sixty living glaciers, many of them easily accessible. Set down amid the flower-strewn valleys are 250 lakes of every size and description, stocked with many varieties of that gamiest of fish, the trout. During the season, special one to seven day all-expense tours are in effect that take in the most beautiful sections of the Park.

Special excursion fares are in effect from Southern California to Glacier National Park, which afford use of either steamer or train to Portland or Seattle, thence via the New "Oriental Limited" train service of the Great Northern Railway to the Park.

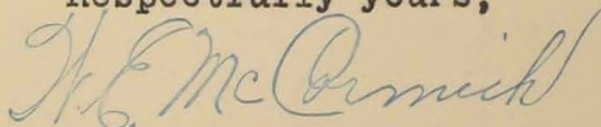

The round trip tickets to eastern points permit using the Great Northern Route, and stopover can easily be made at Glacier Park as the main entrance is located directly on the main transcontinental line of the Great Northern.

If this vacation suggestion interests you, we would be pleased to send you complete descriptive literature on Glacier National Park and the Great Northern Route, and quote fares to Glacier and return or to eastern points with stopover at Glacier Park.

Hoping to have the pleasure of submitting you further data upon your request by call, letter or phone, I am

Respectfully yours,

A handwritten signature in blue ink, appearing to read "H. E. McCormick". The signature is fluid and cursive, with the first name "H. E." and last name "McCormick" clearly distinguishable.

General Agent.

605-6 Central Building,  
Sixth and Main Streets,  
Los Angeles, California.  
Phone: Vandike 8421.

Through the broad and high windows of the observation car the scenic beauties of the Mississippi and Missouri, Glacier National Park, the Canyon of the Kootenai, the Columbia River and the Great Northern Cascades, are all brought to view on an overland journey on the "Oriental Limited."
