

ORIENTAL LIMITED

BETWEEN

CHICAGO-SAINT PAUL-MINNEAPOLIS AND  
SPOKANE-SEATTLE-TACOMA AND PORTLAND  
VIA GLACIER NATIONAL PARK

Please see to complete file of the daily papers

Peter Collins

We have been riding thru

Glacier National Park - The river on  
my side of us and the mountains  
on the other with hundreds of  
water falls - some of them lovely  
We do not go thru the grand  
part that people make special  
trips to see but it was very pretty  
We have been up quite high and  
the mountains have quite a lot  
of snow on them right down to  
the tracks - we are in Montana you  
know - It has been raining pretty

for me. Monday

much all day so that we could not  
get out and walk where we stopped  
long enough to do so - Did get out at <sup>Spokane</sup>  
and had a good look at the Falls

There are comparatively few handcars  
on our great big long train and on  
one it felt interesting - There is one

man we call Mr. Ford but no  
one holds our attention - The train

has been creeping along - down with its  
two big engines it has had work  
climbing over the mountain - lots of  
snow sheds over the trestles and trestles

steam also & the way - You have  
been very comfortable but we miss  
you - Tell Annie Kate I actually went  
with me a dining car luncheon and  
shared Dix's reason for it. The trip  
accompany me in dinner and have  
a regular meal - They served us  
afternoon tea in the observation car  
and when I went into breakfast this  
morning they first flat me a demi tarré  
of excellent coffee before I put in my  
order. That is the first time I have

luck that come - Dad seems to be  
enjoying the day - I hope your thesis  
is a grand success and that you  
sleep well in your new quarters - It  
is rather hard to write but I hope  
you can make it out - Dad thinks you  
might be interested in The Boston Center pictures  
if you have not already seen them - He was  
introduced about Billy Smothers being a just - the  
Bruce Babin article on sleep is very good &  
we are sending that too - The good call  
I would for me - Give my love to Mom & Dad  
Always & lots of love  
Your son
