

WESTERN STAR serves
Glacier National Park in season

Glacier National Park, home of the mountain goat, ancient glaciers, sparkling, jewel-like lakes and fine vacation hotels, is on the main transcontinental line of Great Northern. The WESTERN STAR stops daily at eastern and western park entrances during the summer season, June 15 to September 10. From these entry points to Glacier Park, open-top motor tours are taken into and across this breath-taking mountain wonderland.

**Travel to and through
Mountain Wonderlands
aboard this sleek, streamlined train**

The West is teeming with glorious adventure lands . . . shining mountains that soar to the sky and carry a snow cap the year around . . . broad prairies and grazing regions marked by history-making pioneers . . . colorful mountain streams . . . gigantic modern dams . . . oil developments and new industries making over an empire . . . Puget Sound, a busy shipping and fishing center. And Great Northern's Western Star takes you to this Western vacationland or takes you from the West through this region to the cities of the East. Diesel-powered, the WESTERN STAR is Great Northern's great vacation train.
