

# Glacier Park and Canada! A Great 2-in-1 Vacation

**Thrill to Glacier**—deep in the Montana Rockies. Then on to other great vacationlands. *Two vacations in one—yours on a carefree, car-free Great Northern trip.*

**Scenery's great** at Many Glacier Hotel on Swiftcurrent Lake. *And the Pacific Northwest is only a restful day's ride West on Great Northern's safe, luxurious streamliners.*

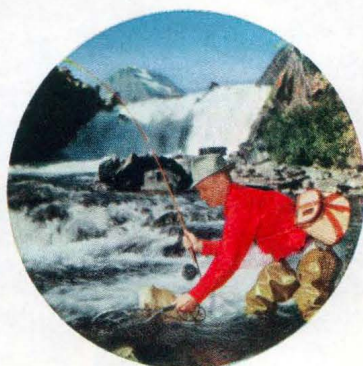

**'Shoot'a bear** with your camera—a favorite sport aboard Glacier's sightseeing buses. *And on the same great trip, see Chicago—on Great Northern's scenic main line East.*

**Mounties show** the view from the Prince of Wales Hotel in Canada. *From here a scenic bus ride takes you North to Banff, Lake Louise and Jasper in Canadian Rockies.*

**Mountainside golf** is a brand-new thrill on the sporty links of Glacier Park and Canada. *On the same great trip, Great Northern can route you to Yellowstone Park.*

**Hook a Rainbow!**—just part of the exciting fun when you combine Glacier Park with another great vacationland. *Remember—you go great when you go Great Northern!*
