

GREAT NORTHERN'S STREAMLINED WESTERN STAR, between Chicago, St. Paul, Minneapolis, Grand Forks, Great Falls, Spokane-Seattle-Portland, along the middle fork of the Flathead River, skirting the southern boundary of Glacier National Park in the Montana Rockies.

IS-9307 Color photo by Bob and Ira Spring

Sunday

I saw place where
new all continuous
welded rail is being
installed in new high
speed curves. Lots of
cattle and horses
grazing everywhere. Train
as nice as always
love road
