

Seattle invites you to wondrous worlds of tomorrow at the Century 21 Exposition... April 21 to October 21

SPACE AGE WORLD'S FAIR

Great Northern invites you to go there... carefree, car-free... in the comfort of its modern streamlined trains

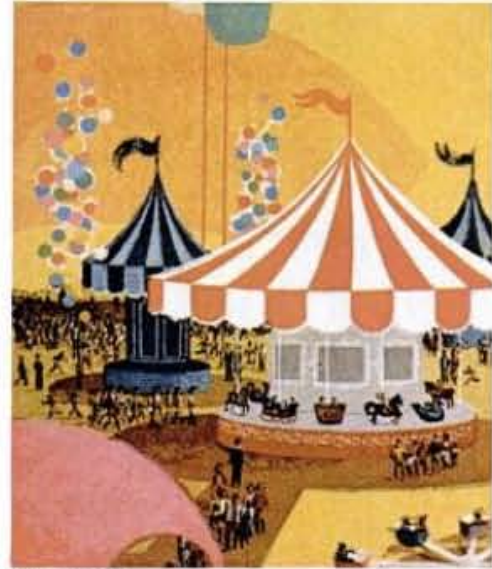

It's the first international exposition to be held in the United States in 23 years... and never have you had such fascinating, fun-filled reasons to "come to the fair." For the theme is Man in Space... and what you do, see and experience is 100 years into the future!

Rocket through space at the speed of light as a "Spacearium" takes you on a simulated, billion-mile flight to the outer planets. Browse in a home, an office, a food center—an entire city—constructed a century ahead of time. Thrill to spectacular, block-high views of Puget Sound, Mt. Rainier, the Cascade and Olympic mountain ranges as you "dine in the sky" atop a revolving Space Needle.

Ride the ultra-speed Monorail, a futuristic mass-transit system that whisks you between downtown Seattle and World's Fair grounds (more than a mile) in just 96 seconds.

Marvel at a myriad of colorful science, commerce, industry and cultural exhibits from five continents. Visit exotic bazaars, gay shops and restaurants, authentic native villages as you stroll the Boulevards of the World—vibrant with color, sound, festivity. View renowned works of painting, sculpture from the Renaissance to the Space Age.

Watch an endless parade of international performing arts—theatre,

Gayway 21

Coliseum Century 21

dance and musical troupes, sports events. See exhilarating evidence of how today's most advanced thinking in architecture, design and technology will provide tomorrow's everyday living.

This is Century 21... a breathtaking leap into the year 2000... a glittering galaxy of fun and enlightenment that awaits your exploration in the form of five wondrous worlds of "things to come."

World of Science unfolds dynamic examples of man's continuing quest and application of knowledge from the universe. Featured fare in this most extensive science exhibit ever assembled is a simulated space journey through the solar system and beyond.

U.S. Science Pavilion

600-foot Space Needle

World of commerce and industry

World of Century 21 creates an environment of the future... gives you ingenious insight into the way man will live, work and play in tomorrow's Space Age. Glass walls enclose three levels of exhibits... provide relaxed, unobstructed viewing. Site of project is Coliseum Century 21, Washington State's \$7,500,000 theme building—an architectural miracle.

Boulevards of the World

World of Entertainment. See world-famed artists, performers in Opera House, Playhouse, Arena and Stadium comfort. For an exciting change of pace visit Gayway 21 with its rides, games, music and refreshments reminiscent of "yesteryear."

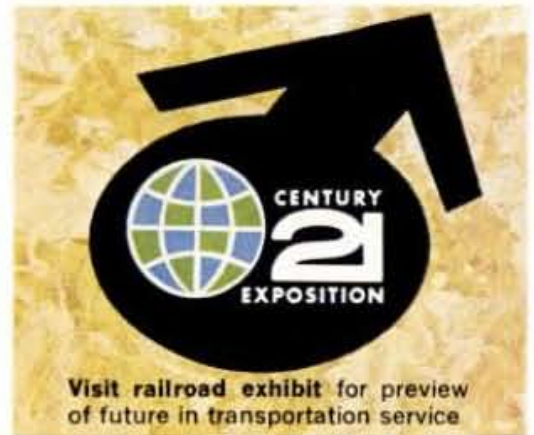

World of Art has works of 65 great masters (including Rembrandt, Gauguin)... on magnificent display in new 41,000 square foot Fine Arts Pavilion.

World of Commerce and Industry shows you startling new advances in technology, materials, design from every sector of American and foreign industry, commerce.

Century 21 Exposition is a proud tribute to Pacific Northwest business and civic leaders whose vision, vigor and arduous effort made it reality. And Seattle invites you to share this fun-for-all adventure with facilities for food, lodging and transportation unmatched in World's Fair history!

Take your next vacation in the next century amidst astounding predictions of life in the "Man in Space" era. Plan now on this great vacation—then take Great Northern's direct scenic route between Chicago and Seattle, host city of Century 21 Exposition.

For free folder and details, write to: K. C. Van Wyck, Passenger Traffic Mgr., Dept. L, Great Northern Ry., St. Paul 1, Minn.

Ultra-speed Monorail

ON YOUR WAY TO SEATTLE SEE GLACIER NATIONAL PARK

Great fun in a land of boundless beauty awaits you high in Montana's Rockies when you stop over in Glacier National Park en route to Seattle World's Fair. Special one, two or three-day tours include meals, lodgings, cruises, sight-seeing buses at low "package" prices. See your ticket or travel agent for reservations on Great Northern's Western Star, the only transcontinental train directly serving a national park.

St. Mary Lake is typical of scenic delights in Montana's Glacier National Park

Rediscover the joys of train travel on Great Northern's fast, modern trains. Ride rested and relaxed in stretch-out, move-about comfort. Choose your accommodations—reclining, leg-rest coach seats or spacious Pullman quarters. Enjoy the "greatest meals on wheels" in dining car luxury... courteous, attentive service... spellbinding views of America's greatest scenery. You'll never know what a great experience a train ride can be until you've traveled on Great Northern's incomparable Empire Builder or Western Star. Two trains a day, each way between Chicago and Seattle via St. Paul-Minneapolis and Spokane. Go great to Seattle's Space Age World's Fair—go Great Northern!

GREAT WAY TO GO to Seattle... Great Northern's great trains: incomparable Empire Builder and the Western Star
