Stewardess-Nurse Service

Stewardess-Nurse service is an "exclusive" on the Vista-Dome North Coast Limited, insofar as the Chicago-North Pacific Coast run is concerned. These winsome and efficient young women are registered nurses. They perform a wide variety of useful services for passengers. They also make periodic announcements of interest over the train public address system. If you need the services of the Stewardess-Nurse, please ask any member of the train crew to summon her. *Stewardess-Nurses do not accept tips.*

Vista-Domes

"The view is terrific on the Northern Pacific," especially from the magnificent vista-domes on the train. Dome seats for coach and Slumbercoach passengers are available ahead of the dining car; for standard sleeping car passengers, behind the diner.

Each dome car has 24 seats in the dome section. These seats are not reserved and passengers with coach or Pullman reservations may enjoy them at no extra charge.

Smoking is permitted in all dome sections but not in the main body of dome coaches.

Slumbercoach

Something new has been added! This train now has in service, a sleek, new, stainless steel, all-room Slumbercoach, designed to provide comfortable private room accommodations for travel between Chicago and Seattle and intermediate points at nominal cost with a *coach* ticket. Slumbercoach accommodates 40 passengers in 24 single and 8 double rooms. Each single room has a comfortable seat, a single bed, wash basin, hot and cold water, full length mirror, luggage space and heat controls. Double rooms have two facing seats and two single beds. Each room has its own window. For mother traveling with baby, there's an unique Slumbercrib, available without extra charge, in single rooms only. Slumbercoach is located ahead of the regular coaches.

Food Service

In the dining car, near the center of the train, a la carte and club service provides the finest of food at moderate prices. Breakfast begins at 7, luncheon at 12 and dinner at 5, railroad (standard) time. Dinner is served by reservation. Passengers on special diets will please make their requirements known to the dining car steward.

Fine food—snacks or complete meals—also is served at the counter in the fascinating new Lewis and Clark Traveller's Rest buffet-lounge, which is just ahead of the diner. Service there is continuous from 6:30 am to 10 pm.

Special Service for Youngsters

Formulas for feeding infants will be prepared by the Stewardess-Nurse in the Traveller's Rest car kitchen, and formula bottles will be stored under refrigeration either in the dining car, the Traveller's Rest car or observation car, if desired.

If you wish to obtain a rental car at your destination, the Stewardess-Nurse on this train will gladly make necessary arrangements, or any NP ticket office will reserve a car for you prior to your departure or on arrival at your destination.

The small symbol  appearing in the timetable opposite certain cities shows where this service is available.

"History Book" on Wheels

The Lewis and Clark Traveller's Rest buffet-lounge car, just ahead of the dining car is a veritable "history book on wheels." Traveller's Rest was the name given by the famed explorers to the favorite camp site in western Montana, near Missoula. Colorful wall murals depict scenes and show the route of Lewis and Clark's journey from St. Louis to the Pacific and return. Color reproductions of the famous Peale portraits of Lewis and Clark and reproductions of documents pertaining to the expedition also adorn the walls. Included in the historical exhibit is a reproduction of a Harper's Ferry flintlock rifle carried by members of the expedition and a peace pipe symbolic of the explorers' success in establishing friendly relations with the Indians. You'll find this method of studying history most palatable. Try it. All passengers are invited to use its facilities.

Why not mail a picture of the car to your friends? You'll find "jumbo" sized color post cards in the lounge.

Stamps, Mailing Letters, Sending Telegrams
