A Message from the Greatest Food Expert of the Century:

"Pure food must be the foundation upon which the health of the nation is built, and you have one of the best illustrations of what can be done in feeding the people along the right lines with the right kind of food here in the Northwest in the dining service of the Northern Pacific Railway. THE FOOD SERVED AND ITS PREPARATION SHOULD BE A MODEL FOR EVERY RAILROAD AND HOTEL IN AMERICA. It is superior to anything I have ever before found in a public eating place. Most of the food which they serve comes from their own model farms, and the way in which it is prepared should be copied by others who wish to serve the public with food that is healthful."
