FREE LITERATURE AND ITINERARIES

We have detailed itineraries for you and free travel literature about all the Western American holidays described in this folder. But this isn't all! If you want something else, just tell us where you want to go and we'll help you plan, without cost or obligation.

"THERE'S nothing so broad'n'ing as travel," Will James said as he booted "Smoky" into a lope, so they would see as much western country as possible before sundown. Today we'll take you there with the greatest of ease aboard streamlined, modern, air-conditioned trains, and with arrangements made in advance for your comfort and accommodation.

This folder describes some of the attractive trips available this summer, both for escorted-tour and independent travelers. Go on the trip and date of your choice, starting when and where you will, and we will provide expert planning and reservation service to meet your desires and your time and to fit whatever budget you specify.

Costs quoted herein are round-trip, taxes paid, from Chicago. From cities east and south of Chicago, costs will increase—as compared to Chicago—by the difference in roundtrip railroad fares (and Pullman fares where Pullmans are used) from your home city. When you join an escorted tour or start on an independent trip north or west of Chicago, costs decrease proportionately as to distance traveled. We will gladly quote for any tours or trips right from your home city. **SEE AMERICA FIRST!**
