

The perfect assembly for Ford

The puzzlelike pieces are land plots for a Ford plant site. They fall together naturally enough—after you've found the land . . . searched the titles . . . met with owners, zoning boards, highway officials, etc., etc.

Let the New York Central's Industrial Development Department make it easy for you

To make it easy for Ford, the Central took over these jobs (and many more) . . . and arranged the plots shown into a choice 203-acre site near Lorain, Ohio. A new assembly plant is now in full operation there. The Central can help you, too. Hundreds of fine locations are available. Write to: A. E. Bayliss, Vice President, Freight Sales and Service, Dept. M, 466 Lexington Avenue, New York 17, N. Y.

- Services of plant-site consultants are given confidentially, without charge
- Site-appraisal reports tailored to your operation
- The Central assembles necessary acreage and aids in expediting construction.
