

NIAGARA

This Summer!

Niagara offers many scenes of marvelous beauty, of great variety, and of striking picturesqueness, that one should see under the varying conditions of sunlight and shadow, calm and storm, and under the silvery moonlight. Every mile of Niagara River, from Lake Erie to Lake Ontario, especially from the Rapids above the Falls to the end of the gorge at Lewiston and Queenston, is filled with interesting and charming scenes. Spend one day at Niagara—longer if time permits—above all see the evening illumination—the world's greatest moving picture in colors
