

HERE'S HOW TO OPERATE YOUR CHAIR . . .

A This trigger on arm controls back of seat. Pull up on trigger and push seat back to position desired. When seat is reclined pull up on trigger to bring back of seat forward.

B Legrest pulls up and can be set to position desired. Notice that when you pull legrest to a position higher than level of seat it will drop down.

By turning legrest completely upside down you can make a crib of seat for small child.

C Button at inside top of each seat permits you to adjust top part of seat to position you find most comfortable.

There is a center arm that folds into back of seat when not in use.

Reading lamp focused above each seat can be used as you desire.

We caution passengers not to stand or sit on leg rest of their seats as they will not support your weight and may cause injury.

PILLOWS are available from the news agent. He will be through the train to offer you a pillow, which can be purchased for 50c for your trip.

DRESSING ROOMS AND LAVATORIES are located on the lower level of each chair car. Also, there are lavatories on the upper level of the lounge car.

Welcome

aboard Santa Fe's new Hi-Level

El Capitan

We are happy you have selected El Capitan for your trip. We will do our best to make your journey an enjoyable travel experience.

There are many features and services of this streamliner you can enjoy during your trip. Take a few minutes to glance through this folder and get acquainted with El Capitan.

DINING CAR SERVICE—The Hi-Level dining car at the center of the train offers a fine selection of food at reasonable prices. See sample menus on the back page, also hours of service for the dining car.

The **KACHINA COFFEE SHOP-LOUNGE** is on the lower level of the lounge car. Here you can purchase coffee, milk, fruit juice, sweet rolls and sandwiches. Hours of service 4 AM to approximately 11:30 PM

YOU'LL ENJOY THE LOUNGE CAR located at the center of the train. It is a friendly meeting place for all passengers. Attendants serve refreshments from 8:00 AM to midnight. You'll find current magazines and newspapers in this car, also a writing desk stocked with stationery.

(Issued September 29, 1957)

DON'T WORRY ABOUT YOUR LUGGAGE—The attendant on your car has checked all luggage in the special racks on the lower level. Just hand your check stub to the attendant any time during your trip and he will make your luggage available to you. (There is no charge for this service.)

THERE'S A NEWSSTAND IN THE LOUNGE CAR—The news agent frequently passes through your car selling magazines, candy, cigarettes, etc. In between times he sells his wares at the well-stocked newsstand located in the end of the lounge car.

BE SURE TO MEET THE COURIER-NURSES—There are two friendly Courier-Nurses aboard El Capitan. You will see them quite a bit during your trip. They are aboard to assist mothers traveling with children and any passengers requiring their assistance.

RADIO, MUSIC AND TRAIN ANNOUNCEMENTS are carried throughout all cars during certain hours of the day and evening. The Courier-Nurse makes brief announcements as the train passes points of interest along the route.

THERE IS AN INDIAN GUIDE ON THE WEST-BOUND EL CAPITAN—He will come aboard at Raton and travel across the State of New Mexico, meeting passengers and talking about his strange and unusually beautiful homelands. You will meet him in the lounge car.

A WORD ABOUT SMOKING—You'll note in the arm of your seat an ash tray for the convenience of smokers. We do not encourage smoking in chair cars and rely on the consideration of passengers to do what is best in their judgment of when to smoke and how often they should smoke. Each car is ventilated every three hours but this does not always overcome the objections that many passengers have to excessive smoking.

If you notice your neighboring passengers objecting, we suggest you do a limited amount of smoking in your seat and make an occasional visit to the lounge car where smoking is more acceptable to all passengers.

SCHEDULE OF EL CAPITAN is printed for your convenience on the following pages of this folder.

At Albuquerque there is a short stop for leg stretching while train is being serviced. At other stops the schedule does not permit passengers to leave the train.

Thank you—happy traveling
