

GRAND CANYON NATIONAL PARK  
NORTH ARIZONA

*The Grand Canyon is a scenic spectacle unrivaled on this earth. This gigantic chasm is 217 miles long, 4 to 18 miles wide and a mile deep. At its bottom, a mighty river, the Colorado, rushes to the sea. Rising from its depths are whole ranges of mountains, their tops only slightly below the rim of the gorge. Over the rock temples and into the depths of the chasm spreads a sea of ever-changing colors.*

*It is difficult to describe Grand Canyon — one of the nearest approaches to its beauty, vastness and glory has been reached by artist W. R. Leigh in his famous painting that is reproduced on this menu.*

*The Santa Fe Railway with its daily service direct to the South Rim provides travelers with the most convenient way of reaching this scenic masterpiece.*
