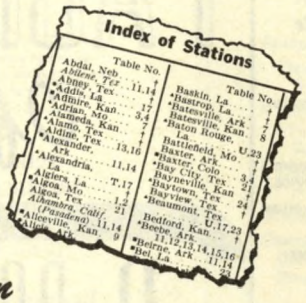
Understanding a Time Table Is Not So Difficult . . .

In fact, you will find it simple, we believe, if you will read and follow the suggestions offered here. You can find in this folder the answers to most of the questions that are apt to arise concerning a trip on the Missouri Pacific Lines.

1 Index to Stations

First locate the place you are going to in the alphabetical index of stations on Pages 34-36. Then turn to the table bearing the number shown in the index. Here you will find the schedules of trains arriving at and departing from your destination.

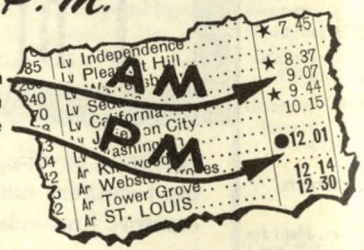


2 Read Down

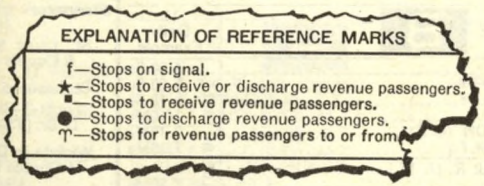
First read down the list of cities until you locate your starting point. Opposite you will find the departure times of trains that stop there. Continue reading down until you find the name of your destination where you can check the arrival times of trains stopping there.

3 A. M. and P. M.

Departure times from 12:01 A.M. to 11:59 A.M. are shown in light figures. Times from 12:01 P.M. to 11:59 P.M. are shown in heavy figures.



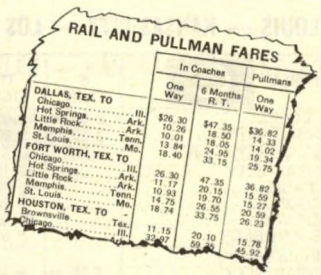
4 Check References



There is a reason for each of the symbols that appear opposite some schedule figures. For illustration, "f" means stop to let passengers get on or off the train. Each symbol is explained in a footnote on the page on which it is shown. If you encounter a symbol in the table you are consulting, be sure to check the footnote. The information may affect your travel plans.

5 Rail and Pullman Fares

A list of rail, sleeping and parlor car between principal cities is shown on Pages 31-33. Figures shown do not include 10 per cent Federal Tax that applies on all fares or 2 per cent Sales Tax applicable to intrastate fares between points in Missouri.



Traffic Representatives

Addresses and telephone numbers of the traffic offices maintained by the Missouri Pacific Lines in principal cities of the United States, in Mexico, and Havana, Cuba, are listed on Pages 36-38. Call on any of these agencies any time you need information or assistance with your travel or shipping problems. You will be cordially welcomed and receive prompt attention.

Other Helpful Information

Condensed schedules with descriptions of travel accommodations available on Missouri Pacific trains are shown on Pages 4-9. Departure times of connecting trains of other railroads from St. Louis, Memphis, Kansas City, New Orleans and Omaha are listed on Pages 26-27. Baggage and ticket regulations and other information of interest to travelers are presented on Page 33. Types of Pullman sleeping car accommodations available on Missouri Pacific trains are described and illustrated on Pages 28-30.

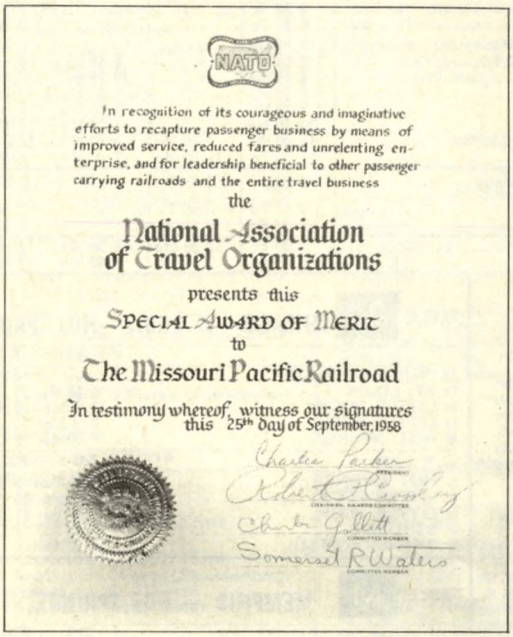
Missouri Pacific Honored by National Association of Travel Organizations



In recognition of its courageous and imaginative efforts to recapture passenger business by means of improved service, reduced fares and unrelenting enterprise, and for leadership beneficial to other passenger carrying railroads and the entire travel business

the

National Association of Travel Organizations

presents this

Special Award of Merit

to

The Missouri Pacific Railroad

In testimony whereof, witness our signatures this 25th day of September, 1958

Charles Parker
Robert Hellenbrand
Charles Gillett
Somerset R Waters

Widespread public appreciation of Missouri Pacific's experimental fare reductions, Travel Tray Meals, Thrift-T-Sleeper and other recent passenger service innovations is attested by growing files of commendatory letters from travel patrons and numerous clippings of favorable news and editorial comment. One of the most gratifying expressions of approval, however, was that made by the National Associations of Travel Organizations whose membership is comprised of top-ranking representatives of all branches of the travel industry itself.

The N.A.T.O. accolade took the form of a special award of merit to the Missouri Pacific "in recognition of its courageous and imaginative efforts to recapture passenger business by means of improved service, reduced fares and unrelenting enterprise, and for leadership beneficial to other passenger carrying railroads and the entire travel business."

The Award of Merit certificate, reproduced above, was presented at the Association's 1958 Annual meeting held in Quebec, Canada.

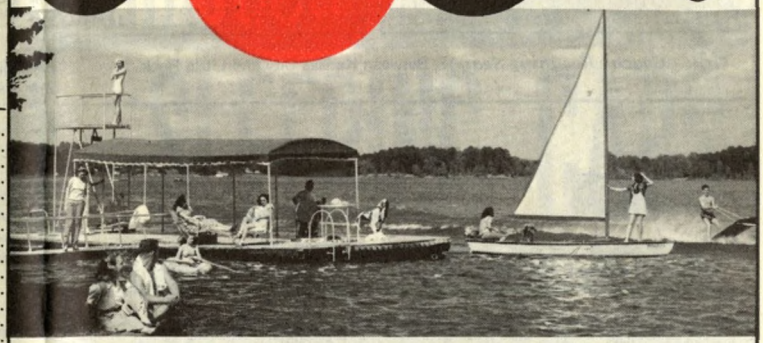
IT'S VACATION TIME NOW IN



HOT SPRINGS
National Park

In fact, it is always vacation time in this beautiful Arkansas mountain resort. Most famous for its health-restoring thermal springs, Hot Springs is an ideal playground too, providing active fun out-of-doors and delightful entertainment when daylight hours are gone.

For the hiker, cycler or horseback rider there are miles of lovely winding trails. Lakes Catherine, Hamilton and Ouachita were made to order for boating, canoeing, and water-skiing. Game fish abound in the waters of these and adjacent streams. There are golf courses to tempt the novice and challenge the expert and in the early spring season beautiful Oaklawn Park provides thrills for the horse racing fan.

When you decide you want to go to Hot Springs get in touch with the nearest Missouri Pacific passenger representative. He will be glad to help you with your travel plans.

Head for WINTER FUN in Colorado!

IN WINTER, as in summer, Go West is good advice if you are looking for a fun-filled, out-of-doors vacation. And the best of the West, winter or summer, is Colorado.

This scenic Rocky Mountain playground offers 10,000 square miles of powder snow fields, ideal for skiing from November into June. There are steep mountain slopes to test the mettle of an expert, gentler trails that welcome the beginner. Scores of popular winter resorts are scattered within easy reach throughout the Rockies. Here you will find varied and attractive living accommodations, plenty of sports equipment and expert instruction.

Write or wire the Colorado Winter Sports Committee, Room 986-W, Capitol Building, Denver 2, Colo., for complete information about Rocky Mountain winter fun facilities. Call on any Missouri Pacific representative for assistance with your Colorado travel plans.

A Job That Needs to Be Finished

Railroaders appreciate the good start that was made, through legislation enacted at the last session of Congress, toward correction of the inequalities and inconsistencies that pervade our nation's transportation policies. They feel, however, that there is more to be done in this direction. *And legislative authorities concerned with transportation agree.* This was apparent when the Senate approved a resolution calling for further study of basic transportation problems and policies.

The study, to be conducted by the Senate Interstate and Foreign Commerce Committee, will embrace such matters as:

1. The need, if any, for transportation regulation.
2. Government assistance to transportation and desirability of user charges.
3. Ownership of one form of transportation by another.
4. Federal policy concerning consolidations and mergers.
5. The kind and amount of railroad passenger service necessary to serve the public in national defense.
6. Problems arising from application of the long and short haul section of the Interstate Commerce Act.
7. Relationship between Federal regulation (and exemption therefrom) and Federal promotional policy in regard to the various forms of transportation.

One of St. Louis' most popular radio programs is Rex Davis' informal interview on Station KMOX every Sunday with Mr. Richard H. Amberg, publisher of the St. Louis Globe-Democrat.

Speaking on a recent broadcast of the need for individuals and groups to submerge their private interest in the larger interest of the entire community, Mr. Amberg cited the plight of the railroad industry as an example of the selfish thinking that is hampering the full realization of its capabilities for the benefit of the whole economy.

Mr. Amberg expressed his views in these words:

"It seems to me one of the great needs of America is to view the broad picture rather than the narrow. Let's take, for example, the subject of the railroads. This industry is suffering from the selfishness of the labor unions and, to some extent, management, and from the acquisitiveness of the Federal Government that has been unwilling through the Congress to relax the restrictions that were laid down in 1887 when the railroads were a monopoly instead of being a highly competitive business as they are now.

"But, if we're ever again to have a strong railroad system, not in the interest of railroad management, but in the interest of the community as a whole, we're going to have to do it by everyone giving something to solve the problem.

"You can't blame people for taking the narrow parochial view, but that doesn't mean you and I have to agree with them. I think Congress should do something for the railroads, both on the I.C.C. level and in making the railroad unions cut out this featherbedding that is ruining the industry."

Man of Vision

Next trip he'll travel by Pullman!

Some men seem to lack their usual drive and enthusiasm when they're on a business trip. They arrive in town haggard, hazy and half-awake. Others arrive rested and alert—after a good night's sleep on a Pullman!

Pullman travel does more for a man than melt away the miles. It brings him freedom from tension, worry and fatigue . . . provides pleasant hours of privacy and relaxation. And, most important of all, it gives a man his full quota of sound, energy-renewing sleep in a king-size bed!

Next trip, really *relax*, forget weather worries and uncertain schedules . . . highway hazards and traffic problems. Make "Travel by Pullman" your regular, restful, safe travel habit. It pays dividends . . . in personal well-being, and in your family's peace of mind!
