1300 New Freight Cars with Roller Bearings

A major item in the Missouri Pacific's 1960 improvement program will be the addition to its stock of freight carrying equipment of 1,300 new cars. All of the new cars, which are expected to cost approximately \$14,000,000, will be equipped with roller bearings.

Included in the list will be 150 covered hopper cars, 50 covered gondola cars, 850 regular box cars and 250 DF box cars, which are equipped with special "Damage-Free" stowing devices.

Fifty covered hopper cars will be purchased from a commercial car builder. All of the remaining 1,250 cars will be built by Missouri Pacific forces at the railroad's own freight car building shop at De Soto, Missouri.

Printed in U. S. A.

"IT'S FUN

... and romantic to travel by train!" This enthusiastic comment by a lady living in Kansas City, Mo., appeared in a recent letter that was typical of many received by the Missouri Pacific since its President, Russell L. Dearmont, declared in December, 1957, that the Missouri Pacific is not going out of the passenger business. Other portions of the letter are equally interesting:

"My husband and I are not 'old fogies.' We are in our thirties and have already flown to Europe three times on vacations, not to mention flying all over the United States. And, of course, our automobile trips have been innumerable.

"Last Fall we were going to St. Louis. We usually fly, which takes one hour from Kansas City. Or we could have driven without too much difficulty. All of a sudden an idea flashed into our minds. Wonder what it would be like to take the train, as we had never done it. So we went to the station and got on the Missouri Pacific Colorado Eagle for St. Louis. We made a real ball out of it, ate breakfast on the diner, and I have never seen my husband so completely relaxed and thrilled and happy in years. He wasn't a harried business man at all. He was just like an excited little boy having the time of his life.

"Next week we are going to St. Louis again. Again we could fly in an hour or could easily drive the 250 miles, but you know what? We are going on the Missouri Pacific—and you know why? Because it is 'FUN' and romantic to ride the train."

Westbound

Eastbound

Daily Between

St. Louis and Kansas City

With four trains each way every day, Missouri Pacific offers the widest choice of schedules for rail travelers between Missouri's two great travel gateways. There is a variety too of modern accommodations . . . reclining seat coaches, Pullman berths or private rooms, luxury lounges, delicious dining car meals. Planetarium-dome coaches on the Colorado Eagles provide extra sightseeing thrills for daytime travel.

The Colorado Eagles and trains 15 westbound and 14 eastbound offer spacious and comfortable accommodations in streamlined parlor cars.

SNOW TIME IS FUN TIME TOO IN COLORADO

FUN-FILLED vacation days stay on when Winter moves into Colorado. Spread across this scenic Rocky Mountain playground are 10,000 square miles of powder snow fields, made to order for skiers from November through the end of May. Here the most expert can test his skill and daring but there are plenty of gentler slopes too that invite and encourage even a beginner.

Looking forward to an outstanding 1959-60 winter vacation season Colorado has spent more than \$5,000,000 to improve and expand its excellent facilities for the lodging, entertainment, equipping and instruction of skiers, skaters and other winter sports enthusiasts.

HOT SPRINGS NATIONAL PARK ARKANSAS

Land of Fun and Relaxation

While it is, perhaps, most famous for the healing qualities of its marvelous thermal springs, Hot Springs is more than just a health resort. It's a delightful year-round playground too, centrally situated in the heart of the pine-clad Ouachita Mountains.

Miles of inviting trails lure the hiker, cyclist or horseback rider. There are sporty, well-kept golf courses open every day throughout the year. Those who prefer water sports have a choice of Lakes Catherine, Hamilton or Ouachita for fishing, swimming, boating or water-skiing. There's a variety of entertainment too for the after-daylight hours.

If you are thinking about a vacation now or soon, consider Hot Springs. Visit or phone the nearest Missouri Pacific passenger representative. He can supply you with detailed information and he will be glad to help you plan your trip.

The Valley Eagle Streamlined train

Freight Handling Speeded Up 50% Through Kansas City

Freight shippers and receivers in all sections of the country will be benefited by the improved efficiency of operations through the Missouri Pacific's new \$13.5 million "double hump" electronic classification yard at Kansas City, Mo., where final installations were recently completed. For Kansas City is a key point on the 10,000-mile Missouri Pacific system. It is a terminal for four operating divisions and interchange is made there with ten other trunk line railroads and a terminal company. With the new yard in full operation time required in handling freight cars through this busy gateway is expected to be reduced by about 50 per cent.

The photo reproduced below shows cars being uncoupled from a train near the control station at the crest of the east "hump" at Kansas City. Rolling free down the incline cars activate mechanism that automatically weighs them. Weight data is transmitted to computers which control the braking devices—called retarders—that slow the cars to the desired speed determined by the computers. Other automatic devices in the intricate electronic equipment check wind resistance, rolling resistance on straight or curved track, measure the length of track where the cars are headed and keep count of the number of cars already stored there.

GENERAL INFORMATION

BAGGAGE—(ALLOWANCE, LIABILITY, MARKING, ETC.)

Hand Baggage in Pullman Cars—Passengers are requested, for the convenience and comfort of themselves and other passengers on the train, to check their hand baggage whenever possible, except that actually needed for personal use enroute. There is a limitation as to the size of baggage which can be placed under Pullman seats. The following are the maximum dimensions—9x19x28½ inches.

This Railroad will not guarantee to forward baggage or property on same train with passenger or within a given or specified time limit, but reserves the right to forward it upon a preceding or following train.

One hundred and fifty pounds of baggage, not exceeding \$100 in value, will be checked without charge for each adult passenger, and seventy-five pounds, not exceeding \$50 in value, for each child traveling on a half-ticket.

No single piece of baggage exceeding 300 pounds in weight or exceeding \$2,500 in value, will be checked. Free allowances subject to tariff stipulations as to contents, weight and value.

Unless a greater sum is declared by the passenger and charges paid for increased valuation at time of delivery to carrier, the value of baggage belonging to or checked for an adult passenger shall be deemed and agreed to be not in excess of \$100, and the value of the baggage belonging to or checked for a child traveling on a half ticket shall be deemed and agreed to be not in excess of \$50.

All baggage should be marked. Location of baggage delayed or astray is expedited when the container is marked with name or initials.

This railroad will not accept for transportation as baggage from any one passenger, property that is declared to exceed \$2,500 in value.

Money, jewelry, silverware, negotiable paper and like valuables, radios, household goods, liquids, explosives, fragile or perishable articles, should not be enclosed in baggage. Under no conditions will the carriers be responsible for such articles in baggage nor for damage caused by same.

Baby Carriages, Go-carts, Bicycles and similar articles enumerated in tariff when used in connection with journey will be checked and included in weight and value of passenger's baggage.

Dogs, Cats and Birds—In the United States dogs, cats, birds and other household pets, when in baskets or other containers, may be taken into private room accommodations of Sleeping cars. Or, they may be transported in baggage service subject to tariff regulations.

Lost Articles—Inquire of R. A. Watson, General Baggage Agent, St. Louis, Mo. Articles found in and around stations or upon trains should be turned over to Agent or Conductor, or forwarded to R. A. Watson, General Baggage Agent, St. Louis, Mo.
