Winter Farming

EXTRA PROFITS AND PLEASURE AWAY FROM THE COLD WEATHER

This winter, on your vacation trip to Florida, in addition to the regular tourist attractions, why not visit the rich vegetable growing areas—a truly remarkable winter-time scene. It is the more remarkable for providing fresh vegetables for our tables during that season when supplies in many markets are short.

Each year, winter farming in Florida is expanding to meet the growing demand for fresh vegetables. This makes room for new farmers to get started in this deal.

Many of the men who grow winter crops are just like yourself. During the remainder of the year, they are at home in the north or other parts of the country, growing vegetables for summer and fall market. After harvest back home, they go to Florida and put in an extra crop—a winter crop—which keeps their regular trade supplied with their brands of produce over a longer period of the year, providing winter employment to key personnel and making use of their otherwise idle machinery. Besides they spend the winter out of the cold.

Many of these farmers got started in Florida winter farming by answering our ad. We helped them find exactly what they wanted. You can do the same thing. Why not write today for further details. Your inquiry will receive prompt personal attention.

GENERAL INFORMATION

TICKET OFFICES

Ticket offices at all principal stations are open at least thirty minutes before departure of trains, and passengers are requested to purchase tickets before boarding trains. This will result in a saving as, in many cases, the cash fares collected by Conductors on trains are higher than through fares charged by Ticket Agents. Passengers should always procure tickets at regular railroad ticket offices, as there are numerous expired and illegal tickets in the hands of unauthorized parties for sale, which, when presented, are rejected by Conductors.

TRAIN STOPS

Through trains will stop at stations where they are scheduled to stop; passengers boarding through trains holding tickets to local stations will transfer to local trains at most convenient point.

BAGGAGE

Baggage Service.—Baggage may be checked for transportation in baggage cars, subject to tariff regulations.

Baggage Defined.—Wearing apparel, toilet articles, except liquids, and similar personal effects in actual use and necessary for the purpose of the journey, enclosed in trunks, suit cases, or other containers sufficiently durable to stand rapid handling. Money, jewelry, silverware, watches, negotiable papers, and like valuables, fragile or perishable articles, typewriters (except samples), radios or other household goods must not be enclosed in baggage to be checked.

Bicycles (not motorcycles), baby carriages, club paraphernalia and other property specified in tariff are transported in baggage cars and included in weight and value of passenger's baggage.

Dogs and other small household pets are transported in baggage cars, subject to tariff regulations. When carried in baskets or containers, they may be taken by purchaser of compartments or other Pullman room accommodations into the rooms they occupy.

Forwarding of Baggage.—Passengers are urged to check baggage in advance so that it may be forwarded on a preceding train. Every effort will be made to facilitate the handling of baggage, but the railroad cannot guarantee the forwarding of baggage on same train with owner; nor can time of arrival at destination be guaranteed.

Check Baggage Direct.—Passengers are urged to check their baggage through to house address, hotel, steamship dock, etc., at destination, thus insuring prompt delivery and avoiding necessity for any further attention on their part. Reliable transfer companies perform the service at reasonable rates, which are collected on delivery.

Baggage Liability Limited.—Value in excess of free value allowance must be declared and paid for at time of checking.

Insure Your Baggage and Personal Effects.—A short-term policy of the St. Paul Fire & Marine Insurance Company, insuring all baggage taken on a trip, whether worn, carried or checked, may be purchased at principal offices of the Seaboard Air Line Railroad. The coverage is liberal and the rates are low. Minimum premium 25¢. Ask Ticket Agents for particulars.

Storage.—A charge is made for storage of baggage left at railroad stations longer than the free time limit.

Checking baggage to and from Norfolk, Va. Passengers holding tickets to Norfolk, Va. via SAL RR will be furnished by train conductor into Portsmouth coupons or tokens for transportation on tunnel bus from Portsmouth to Norfolk. Passengers holding tickets reading from Norfolk via SAL RR will be furnished by SAL RR City Ticket Agent in Norfolk coupons or tokens for transportation on tunnel bus from Norfolk to Portsmouth. Baggage may be checked through via SAL RR to Norfolk, Va. The Norfolk baggage room for delivery of inbound baggage is in Terminal Station (foot of East Main St.), telephone MA 2-2027. Outbound baggage may be deposited at the same baggage room, and will be transported without charge to SAL Station in Portsmouth for checking. If preferred, Price Transfer Co., telephone KI 5-4896, will pick up baggage at hotels and residences in Norfolk for delivery to SAL Station in Portsmouth at same rates charged for handling to railroad stations in Norfolk.

LOST ARTICLES

When articles are lost or left on trains, or left in stations, owner should apply at once to Agent at station where he leaves train, or communicate with J. D. Makinson, Passenger Traffic Manager, Seaboard Air Line Railroad, Norfolk 10, Va.

Passengers should give full description of the property, together with date of loss, train number, whether left in coach or sleeping car, etc.

We will render every assistance to endeavor to recover lost property, but no responsibility assumed for unchecked articles left in stations or cars.

TICKETS—FARES

Children under five years of age, in charge of a competent person, are carried free. Those five years of age and under twelve are required to pay half fare (Minimum child's fare 25¢). Those twelve years of age and over are required to pay full fare.

Except as shown in note "C" under Ticket Requirements on next page.

Adjustment of differences. In the event of any disagreement with a Conductor relative to tickets or fares, passengers should pay Conductor's claim, take his receipt, and refer the case, for adjustment, to J. D. Makinson Passenger Traffic Manager, Norfolk 10, Va. Conductors have no discretionary power in such matters and are governed by rules which they are not authorized to waive.

Redemption of tickets. This company will fully protect original purchasers from loss in cases where, for satisfactory reasons, tickets are not used; refunding the difference between the amount paid and the charge for the portion used. Forward tickets, with full particulars, by registered letter, to J. D. Makinson, Passenger Traffic Manager, Norfolk 10, Va.

REGULATIONS OF THE PULLMAN COMPANY GOVERNING REDEMPTION OF SLEEPING CAR TICKETS

Ticket agents are authorized to refund the purchase price of unused sleeping car tickets only:

1. When the space covered by the ticket is released in advance in accordance with tariff requirements.
 2. When the late arrival of another train has caused the passenger to miss connections.
 3. When, for any reason, the Pullman space covered by the ticket is unavailable.
- In emergencies, Ticket Agents will accept release of space up to train time, or even later, but the request for refund of the purchase price of the ticket covering it must be made direct to The Pullman Company, Chicago 3, Illinois, and refund will be made only if the space covered by the ticket has been resold.

This railroad will not be responsible for errors in time tables, inconveniences or damages resulting from delay to trains, or failure to make connections.

All schedules and equipment shown herein are subject to change without notice.
