VISITORS to the Texas Centennial Exposition to be held in Dallas from June 6 to November 29 will find the Travel and Transportation Building one of the outstanding exhibit halls of this first World's Fair of the Southwest. Pictured above, the Travel and Transportation Building will house displays by the Texas and Pacific Railroad along with other transportation companies and will tell the story of transportation development in the Lone Star State.

Truly an Empire on Parade, the Texas Centennial Exposition will tell in a graphic and dramatic manner the story of a great commonwealth which, a hundred years ago, was born as the Republic of Texas and which later became the twenty-ninth state of the Union.

Art and Science, Commerce and Industry all blend together in this great Exposition of Texas. The thrilling chapters of Texas history form a rich tapestry on which to tell the story of this Southwestern Empire. Stately exhibit halls, museums and glamorous carnival nights and days will greet the visitor to AN EMPIRE ON PARADE!
