## The Lure of the Ranch Country

The "Dude Ranch" vacation is annually becoming more popular with Americans. It is little wonder that this is true since this type vacation pays large dividends in health, brought about by long hours in the open, and in relief to frayed nerves grown weary of the bustle and din of city life. The delightful informality of ranch life, also, has wide appeal.

Practically every section of the West has its quota of these dude ranches offering all degrees of

comfort and accommodations. Some have elaborate modern facilities, while others offer a more-or-less "rough and ready" ranch life.

Visitors or guests at these ranches are colloquially referred to as "dudes", hence "dude ranch" — a ranch where "dudes" are entertained. Many eastern families have for years been spending their vacations at these ranches, as they prefer this type vacation to all others.

Each ranch has its "brand" which is a letter, insignia or often the initials of the owner. It is a mark which is "branded" or etched into the hides of all the stock on the ranch for the purpose of identification. Many of the individual ranch brands are shown in this book.

A dude ranch is an ideal place to make new and congenial friends, as most ranchers exchange references and will take in only folks of good character who get along well with others.

## What to Expect

No two ranches are alike. Some are large "operating" ranches where cattle are "run" and ranching is carried on the year 'round regardless of guests. Another type is especially planned for visitors during the summer. Still another is the mountain "lodge" or "resort" where perhaps fishing might be featured.

Practically all ranches charge by the week, which charge includes your cabin or room accommodations, your meals, saddle horse (in some cases quoted extra) and all the numerous services with which a ranch supplies you in order to make your stay both comfortable and interesting. It is, in fact, an "all-expense" proposition and should be considered in that light.

A dude ranch vacation usually includes a lot of horseback riding along scenic mountain trails, and

in addition fishing, swimming, dancing, picnicking, moonlight rides to steak fries and wiener roasts, chuck-wagon dinners, and in general entering into the life of a real western cattle ranch. For the elderly or the not-so-ambitious type, most ranches have inviting lounges with library and radio, and broad, sun-swept verandas for just "taking it easy". Some ranches arrange automobile sightseeing trips to near-by spots of scenic interest, Indian reservations, or rodeos held round-about.

The food served on a western dude ranch is plain, well-cooked and in ample portions. It cannot be likened to a hotel or summer resort in this respect for western appetites call for something quite substantial. Guests are usually served "family" style. The ranch truck garden provides fresh vegetables for the table and the dairy herd furnishes an abundance of rich milk. Some ranches supply their own beef. After a day in the open you'll find yourself "stowing away" this wholesome ranch food like one of the regular "hands".

In the evening there is likely to be informal entertainment, singing and dancing in the central lodge.

## What to Wear

Felt hats, wool shirts, khaki trousers, riding breeches or heavy slacks and stout walking shoes are about right for ranch life. Some of the ladies prefer a tight-fitting bandanna wrapped around their

hair. The popular "Levis" (overall pants) and western boots may be purchased at many ranches or in western towns. Keep in mind cold nights; warm mid-day sun; possible rain and snow in high altitudes, and outfit accordingly. But don't let your wardrobe bother you too much! Just keep it simple and western.

## Taking the Children

Growing children thrive on the carefree, outdoor life; the delicious, well-cooked food, topped off with all the rich milk they can drink. It gives them new zest and keenness, too, so, by all means, take 'em along! Some ranches make special family rates.

## Hunting and Fishing

Practically all ranches offer excellent fishing near by, or pack trips to more remote lakes and streams, if you wish. Big game hunting in season is also featured

by many ranches, some even going so far as to guarantee "the bag".

## Reservations

It is advisable that you write to the ranch well in advance of your arrival to make definite reservations. When you write ask for literature as most ranches print folders which contain illustrations and general information which will assist you in deciding.

## Responsibility

The Union Pacific believes to be reliable the statements regarding various ranches printed in this book, and they have been verified as much as possible. However, it cannot guarantee them as it has no part in the management of the ranches. Persons interested should correspond, in advance, with the ranch management who are glad to give references.

This is the brand of the Dude Ranchers' Association, address Billings, Montana. It appears in this booklet opposite the name of each ranch member of the association.

This is the brand of the Colorado Dude Ranch Association, 519 Seventeenth St., Denver, and likewise indicates, where it appears in the body of this book, ranch members of this association.

## *Sun Valley, Idaho*

Tucked away in a pocket of the Sawtooth Mountains in central Idaho lies famous Sun Valley, America's foremost year 'round sports center.

Sun Valley has been described as "A Seaside Ranch in the Mountains". But it's more than that! It offers just about everything for the "perfect" vacation. Imagine skating on an outdoor ice rink in July . . . swimming in one of the two glass-enclosed, outdoor pools . . . golfing on a perfect nine-hole course, or enjoying one of the dozens of other sports that only Sun Valley offers.

You can select your mount from a fine string of saddle horses to explore the hills 'round about, or, with experienced guide, take off for more distant mountain trails. There's fine trout fishing close by, or you can rent a "drive yourself" car and take

an all-day or longer fishing trip into the mountain fastness to the north.

Then there's skeet and trap shooting, tennis, boating, croquet, bicycling, as well as various indoor recreation facilities. At night there is music and dancing, and current feature movies at the Sun Valley Opera House.

Yes, Sun Valley offers all the facilities of metropolitan hotel life in an atmosphere of delightful informality. Rates are surprisingly moderate at attractive Sun Valley Lodge and quaint Challenger Inn.

## Nevada Ranches

*Nevada is well known for its liberal laws and customs. In some aspects it has retained more of the exciting habits of the storied West than its neighboring states. It is a state of varied contrasts; mountains and deserts, modern cities and "ghost towns", and great open spaces. Its ranches offer a wealth of entertainment and healthful, outdoor living. Las Vegas, Nevada is the principal rail gateway on the Union Pacific.*
