

Within the city of Oakland, California, is lovely Lake Merritt, a Y-shaped body of water nearly a mile in length, and connected by a narrow channel with the salt water of San Francisco Bay. It is unique in being the only large tidal lake in the heart of any American city.

Surrounding it is a beautiful park, with handsome public buildings. Broad boulevards follow its shore line. Canoes, row-boats and power launches of many kinds ply its surface. A portion of the lake has been fenced off as a wildfowl sanctuary. This lake and its environs has become a very popular playground for the people of Oakland and visitors.

Boating on Lake Merritt—This mile-long salt water tidal lake extends into the heart of Oakland, California.
