Zion's Colossal Great White Throne

With all its great magnitude and austere majesty, Zion National Park is permeated with an atmosphere of friendliness and quiet dignity that endears it to all who visit here

Your Railway Ticket

Is a Magic Wand that Brings the West to Life

DOWN from the shelves of memory come tumbling those histories and geographies of our youthful years. Before our wondering eyes they burst their musty, dusty bindings, and reveal romance and realism that we never dreamed were there.

It is a living landscape that we view as a fine, fast, air-conditioned train turns minutes into miles. Thrill piles upon thrill until we feel like gluttons gorged at a banquet of beauty. The West has come to life!

And what a glorious, stirring life it is! Never again will Colorado be for us merely a purple patch on the map. Not after we have been to the very summit of Pikes Peak or thrilled to the beauties of Denver's mountain parks. Wyoming a bleak, uninviting state? Ah, no! We recall the grandeur of Yellowstone—the majesty of the Tetons. Utah a desert land? Not for those of us who harbor recollections of amazing Salt Lake City, Bryce Canyon and Zion National Park. And California—how delightful in her scenic contrasts; how generous in everything that makes a vacation worth while.

For us the West is a living land. Its charm lingers on long after our all-too-brief vacation has ended. For, somehow, the spirit of the West seeps into the hearts of men. Its memories are a golden hoard that no treasury can commandeer.

Come, join an escorted, all-expense tour and renew the joy of life in the living West!

This is THE Year for a Western Vacation

*All expenses covered by
one moderate charge...*

When you join an "All-Expense" Circle tour you know in advance just what you are to see, and exactly what the cost will be. No guess or gamble. Every item of expense (except tips for personal services) has been included. Railway and Pullman fares are paid; motor transportation provided wherever necessary; first-class meals and splendid hotel accommodations; sightseeing trips and entertainment—all without additional cost. And because of the wholesale buying power of the two great railroads sponsoring these tours, your dollars buy *more* in service and satisfaction.

Your escort is an experienced traveler who knows what to see, and how to make each hour yield the utmost pleasure. He looks after your tickets and baggage; relieves you of every care—you have nothing to do but enjoy yourself!

ANY time is a good time to head for the colorful and romantic West. But this summer, of all times, the stage is set for a perfect holiday. For Western railway and Pullman fares have never been lower; and Escorted, All-Expense Tours stretch vacation dollars to the utmost. Yes, this summer you can go places and see things in the glorious West for surprisingly little.

And thanks to air-conditioning, travel comfort such as you have never experienced before is yours as you speed westward on a North Western-Union Pacific train. Clean, restful, comfortable travel, indeed! And what pleasure it is to dwell upon the thought that *yours* is a carefree, escorted tour vacation. Everything is arranged for you; all reservations are made in advance—Pullman, hotel, meal service, motor trips, sightseeing jaunts. All items of expense have been carefully checked to give you every money-saving advantage—you will even receive a refund on dining car meals if you find that you have not used the full value of the meal coupons for the tour-vacation you have selected. Nothing, in fact, has been overlooked . . . and a competent escort accompanies you and looks after every detail.

And when have you needed just such a vacation more than you do today? Not merely two weeks away from daily routine—an idle fortnight frittered away in conventional pastimes. The call this summer is for something *different*. New experiences. New thrills. New scenery. And most of all, a new, fresh viewpoint.

Step aboard a fast, luxurious, air-conditioned train—and into a new world. The world of the West. There is nothing quite like it in all creation. Here Nature stages her most majestic pageants against a background of breath-taking beauty. A spectacle so amazing that every moment gives rise to new exclamations. So delightful that every day is marked in memory for a lifetime to come. So carefree that every burden rolls off your shoulders and goes chugging into the deepest canyon. You feel like old Atlas himself, freed of his wearying load, and off to make a bit of whoopee. The creases come out of your brows; the stoop from your back. And the light of the Western sun meets an answering sparkle in your eyes.

Ah, this is life—life in the West!

The West is waiting now to welcome you—but don't you wait too long! Come now, while summer smiles upon her favored land.

Yellowstone

NATIONAL PARK

T

HIS summer Yellowstone will solve the vacation problems of many. And it's not to be wondered at. In Yellowstone there is more to see—more different sorts of things—more strange and curious things—more scope, more variety than in any other of our National Parks.

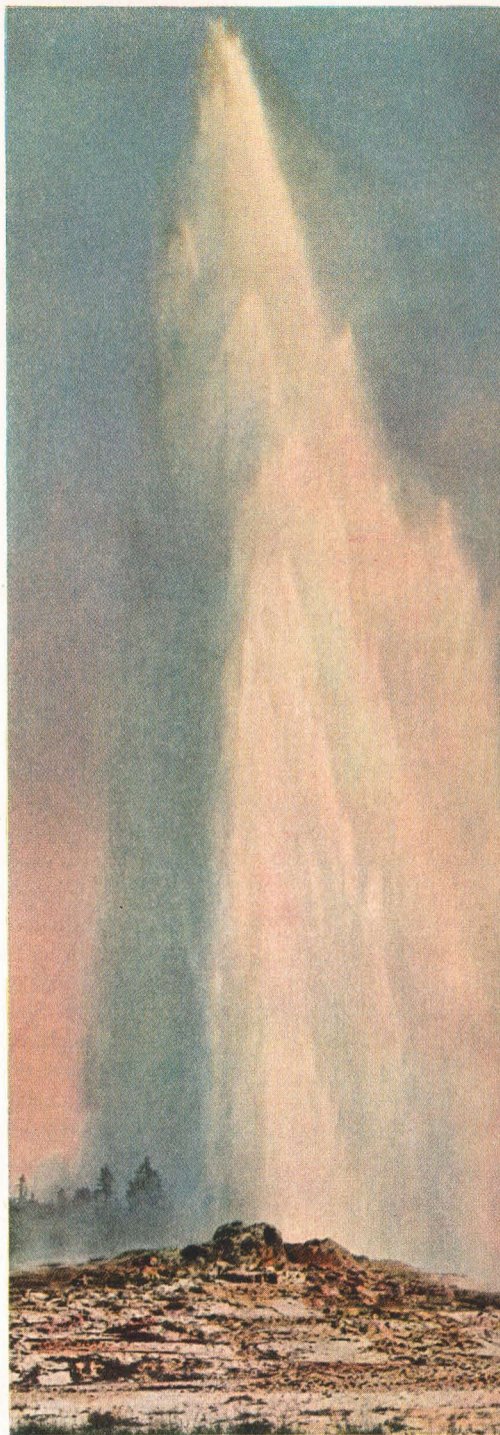

Yellowstone is vast, wild, unspoiled. It has lofty peaks, immense lakes, majestic rivers, wild flowers in profusion. It has forests, living and fossil — it has glaciers at its borders — and, in addition, the matchless canyon and the amazing geysers. Truly, it is Nature's Curiosity Shop—boiling springs, mud-volcanoes, multi-colored canyons, waterfalls; and as for geysers, there are more here than in all the rest of the world together. And no other place holds within its borders such numbers of so many different species of native American big game.

In Yellowstone you travel and live in perfect comfort. You can photograph a friendly bear in its native habitat and eat a course dinner within the same hour—see buffalo, moose, elk and deer from the comfortable seat of a touring car—view geysers, the canyon, lofty mountains and flashing mountain lakes and streams, yet sleep in a bed as good as the one you left at home. There is no discomfort—no danger, no weariness to mar your pleasure. You cannot help but enjoy your Yellowstone days.

Nor are the pleasures of Yellowstone restricted to daylight hours. Evening entertainment is varied and enjoyable. You may dance to the siren strains of an enchanting orchestra—find fun and diversion in "campfire vaudeville"—and for something instructive as well as entertaining, there's the nightly talk by the Park Ranger-Naturalist. And most everyone goes out to see the bears at their evening meal—they're a whole show in themselves.

When you see Yellowstone you will naturally want to see it all. And you can. All of our Yellowstone tours enter the park at West Yellowstone, conveniently situated at the park boundary. Each makes a complete circle tour of the park (see map on page 30), visiting all the innumerable show places in the sequence of their importance. Indeed, with one of our tours you will find that you see *all* of Yellowstone.

West Yellowstone is the park's most popular gateway . . . it is used by more rail visitors than any other gateway and this is the reason—its scenery is without counterpart! The approach by train is through an awe-inspiring mountainous region—Caribou Peak—Three Buttes—the winding Snake River—the stately Targhee Forest—Rea's Pass,

Old Faithful in Action
Yellowstone National Park

Air-Cooled Comfort in Dining and Observation Cars

with the towering Tetons in the distance—Warm River Canyon. Each of these is a scenic spectacle of the first magnitude and is alone worthy of a Yellowstone journey.

At West Yellowstone you make a convenient change from train to bus. There is no delay. You enter the park immediately and are on your way through the Madison Canyon to "Geyser Land." It is a leisurely trip and rightly so—there's much to see and you simply must see it all . . . Old Faithful Geyser, Castle Geyser, Grand, Beehive, Riverside and many others. You marvel at it all—gaze in wonderment at the freaks that nature has produced — never tire of searching for new thrills, which you are always sure to find. After seeing all the sights around Old Faithful you again board the bus for an interesting ride via Yellowstone Lake to the Canyon, where two nights and one full day are spent.

For grandeur, majesty and color no single spectacle in Yellowstone compares with the Grand Canyon. Were there no geysers this alone would be reason enough for visiting this unique region. Cut 1,200 feet through a forested plateau, its precipitous sides are carved and fretted in a thousand curious formations, and the whole is streaked and spotted in every shade from deepest orange to faintest lemon; from deepest crimson to softest pink; from black through grays and pearls to glistening white. Towards the southern end magnificent Great Falls, twice the height of Niagara, rushes seemingly out of the pine-clad hills and pours downward to be lost in green.

Your last day's trip in the park is most interesting. First along the canyon. Then up and through Dunraven Pass to Tower Falls, the most graceful cataract in the park. Just beyond, in Tower Canyon, you see the Needles and the Palisades. Overhanging Cliff, Electric Peak, Mount Everts and Bunsen Peak come into view—then Mammoth Hot Springs. A short walk with your guide, or an auto trip, takes you over the terraces, brilliantly aglow in their beautiful tints

"Your slogan, 'The Best of Everything,' is well chosen. We certainly had the best of everything. The trip could not have been more delightful . . . fine accommodations, no worries about tickets, luggage or meals, our escort always on hand to answer questions, and — words could not be found to describe the wonders of the scenic West."

and hues. The afternoon drive is packed with weird sights—Norris Geyser Basin alone is worth a Yellowstone journey.

And when you have seen it all with your own eyes you will know that you have been as near to Nature's secret laboratories as it is possible for any human to get!

Salt Lake City, Utah

Salt Lake City, the capital of Utah and of the Inter-Mountain empire, has much to offer the vacationist beyond its early Mormon associations and its great salt sea. Nestling in the curve of a huge crescent formed by the canyon-divided peaks of the Wasatch Mountains, and with the great lake in its front yard, it is aptly termed, "The most entrancingly beautiful city in America."

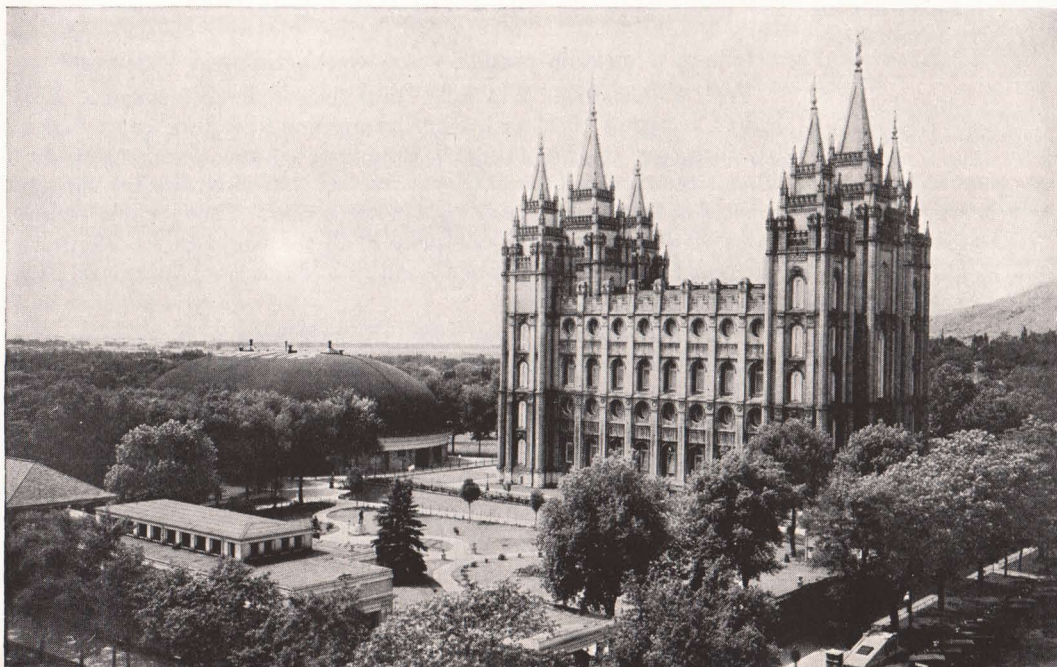

As its beauty appeals to the esthetic part of your nature, so do Salt Lake City's resorts and places of amusement appeal to your desire for wholesome diversion. Saltair, the only bathing beach of its kind on the western hemisphere, is one of these. Your experience here is little short of phenomenal. If you wish, don a bathing suit and step into the water—then feel yourself literally lifted off your feet! Sink? You can't! The water, a solution of 22 per cent salt, buoys you up as though you were a feather!

Nearly every visitor to Salt Lake City gives his attention first to Temple Square. On this far-famed ten-acre plot has been built the Temple, Tabernacle, Museum and other buildings of the Latter Day Saints (Mormon) Church. The marvelous acoustic properties of the huge, dome-roofed Tabernacle, which was constructed without the use of nails, and the mellow-toned pipe organ which it houses, are among the world's wonders. At noon the tour parties visit Temple Square and the Tabernacle for the organ recital as a special courtesy of the Mormon Church.

"To say that we were delighted is to put it mildly. Every feature of the trip was finer than you represent. Your hotel service and meals were far ahead of what could be reasonably expected. . . . Mr. —, our faithful and untiring guide, is a splendid type of man. All our companions were cultured and congenial and several warm friendships were developed."

TOUR "Y" \$116.27

8 Days ALL-EXPENSE

This tour has air-conditioned dining, observation and sleeping cars—see page 53.

Are you looking for a short vacation trip this summer?

Perhaps a week is all that you can spare. However, you've made up your mind to go, and just now your destination is "somewhere in the Land of Adventure." Certainly you want it to be a different sort of vacation, as far away from home as possible. Above all, it must be packed with carefree fun and diversion, with new sights and scenes to thrill and inspire.

Is such a vacation possible—in a week's time—at little cost?

Yes! Yellowstone "Y" Circle Tours answer all requirements. They leave Chicago at 10:15 each Saturday evening from June 15 to August 31, inclusive, on the Portland Rose, one of the Overland Route's famous trains. Returning, they arrive in Chicago on the Los Angeles Limited at 8:45 Sunday morning, one week later. They include Yellowstone National Park—the one place in all the world that is so utterly different from any other place—and in addition visit Salt Lake City, the home of the Mormons.

You'll find our "Y" Tours afford the most unusual opportunity ever presented for visiting one of the greatest natural vacation playgrounds on earth—completely, easily, inexpensively. It is a trip that is crammed with interest, with every diversion necessary to a successful vacation. And there are no cares or worries—for these are escorted tours, with 35 years of practical experience behind them.

Truly a vacation—and a bargain!

"Everything was perfect—the days spent on the train, the trips through the Park, the tours in the cities—and we could really enjoy everything as we were entirely carefree—no baggage, no tickets, no hotel accommodations to worry about . . . appreciated your representatives and their willingness to be of service at any time."

Day by Day Story of "Y" Tours

Saturday With every detail cared for by a staff of travel experts who attend you at the Chicago & North Western's Chicago Passenger Station, you leave on the Portland Rose, one of the Overland Route's famous fleet of trains. All night you travel across agricultural Illinois and Iowa, pausing Sunday morning at Omaha where your train begins its swift flight over the Union Pacific's boulevard of steel, direct to Yellowstone. You will enjoy the roomy observation car.

Sunday Across Nebraska's grain fields and into Wyoming—Cheyenne, the famous Sherman Hill, Laramie, then Creston where you cross the continental divide. Your dining car meals, an important part of any transcontinental rail trip, will be a source of particular joy.

Monday You arrive West Yellowstone, Mont., in the afternoon after traversing a mountainous region whose ever-changing series of panoramas is unequalled. In succession stately Targhee Forest—Rea's Pass—Warm River Canyon . . . then West Yellowstone and a new world of wonders.

The comfortable motor buses, which carry you to Old Faithful for your first overnight stop, pause en route at Excelsior Geyser, Fountain Paint Pot—in reality molten clay, Morning Glory Pool—so named because of its flower-like, delicately tinted cone, and other interesting formations. Peer deeply into Firehole Lake and you can readily imagine that underneath the water are blue flames, jetting from some underground furnace.

In the evening watch the antics of the bears—dance to the strains of a melodious orchestra—enjoy the entertainment around the camp fire—or just rest and watch Old Faithful go through its hourly performance with a giant searchlight playing on it—a truly impressive scene.

Tuesday Old Faithful, just a step from hotel or lodge, is the favorite among the geysers because of its regularity. You have all morning to explore this "weirdest

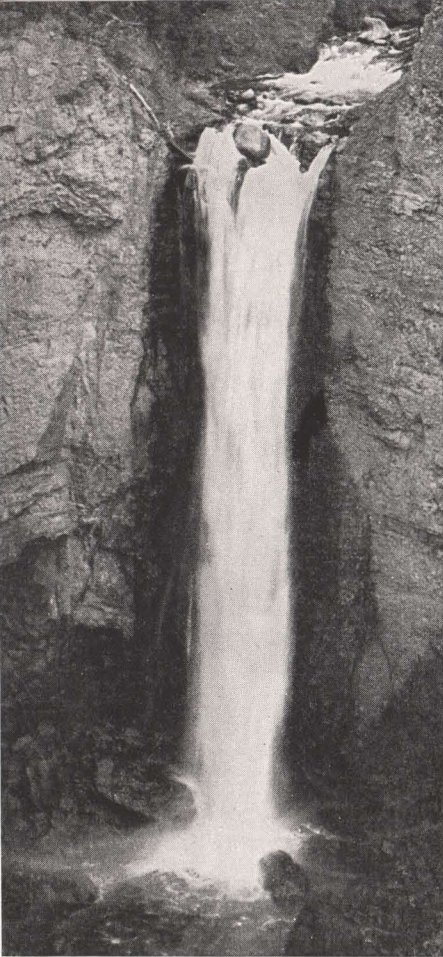

spot in the universe," either conducted by your escort or a ranger of the National Park Service; or you may "go-as-you-please." You will see other unusual sights—such oddities as Black Sand Pool, a hot spring described by its own name. Sapphire Pool, as blue as the gem for which it is named.

In the afternoon you motor across the continental divide to lovely Yellowstone Lake whose picturesque shore-line you follow for miles before the highway branches off along the Yellowstone River to Grand Canyon. En route you stop at uncanny Mud Geyser, then to Artist Point or Inspiration Point for your first view of the Canyon, where you arrive before dinner.

Wednesday A full day at the Canyon. Words fail you—you catch your breath at each new view of the Yellowstone Falls in their stupendous settings as you make your way from one vantage point to another, afoot, in the saddle or by bus. Dancing, bridge, entertainment galore, enliven the evening hours at Canyon.

Rudyard Kipling sensed the wondrous beauty of the Grand Canyon of the Yellowstone when he penned these words: "Without warning I looked into a gulf 1,700 feet deep, with eagles and fish-hawks circling far below. And the sides of that gulf were one wild welter of color—crimson, emerald, cobalt, ochre, amber, honey splashed with port wine, snow-white, vermilion, lemon, and silver gray in wide washes. So far below that no sound of strife could reach us, the Yellowstone River ran, a finger-wide strip of jade green."

Thursday A fascinating motor trip is made over spectacular Dunraven Pass. You stop at Tower Falls, well named because of the numerous towers and pinnacles. Nearby is the lower end of the Grand Canyon of the Yellowstone, with its perpendicular cliffs more than five hundred feet high. Fine views of Electric Peak, Mount Everts and Bunsen Peak are seen before arriving at Mammoth Hot

Tower Falls drops 132 feet—Yellowstone

Springs. The morning trip is doubly interesting as it is through the most densely forested section of the park. Even though the forest growth covers fully eighty percent of the park area, the most beautiful specimens of fir, balsam, spruce, cedar and aspen are to be found on this trip. The museum at Mammoth will interest you. After luncheon, an inspection is made of the terraces of Mammoth Hot Springs, which stand without counterpart in the world. You motor past dazzling Obsidian Cliff, see Gibbon Falls and hundreds of other interesting sights—stop at Norris Geyser Basin—and arrive at West Yellowstone. Then an overnight journey to Salt Lake City.

Friday Breakfast at the beautiful Hotel Utah. An automobile tour of the city gives you an intensely interesting picture of Mormon culture and terminates at the Mormon Temple Grounds for a delightful noonday organ recital in the Tabernacle. After luncheon at the Hotel Utah, you motor to Saltair Beach. Ample time is allowed to enjoy a dip in the buoyant waters of this most unique salt sea—after which you return to your train for the journey back home.

Saturday Across Wyoming and Nebraska via the Overland Route, surrounded by every travel luxury of the famous Los Angeles Limited. Again the delicious dining car meals add infinitely to your contentment.

Sunday After breakfast in the diner, you arrive in Chicago refreshed and reluctant to leave the pleasant companions who have helped materially to make your trip most enjoyable. And perhaps you will say, as so many others have, "I'm going West again next year!"

Many people have found themselves in this predicament: They've wanted to join our popular "Y" Tour to Yellowstone, but unfortunately have been unable to leave Chicago on a Saturday.

This summer, however, we've made arrangements so that those who wish to, can leave Chicago on Sunday instead of Saturday. The Sunday "Y" Tour is known as "SY," and is identical in every way with our famous "Y" Tour except that an extra day is spent at Old Faithful in Yellowstone National Park. The same careful attention is given to your comfort, and you visit the same renowned scenes and view the same wonders that have thrilled Yellowstone visitors from earliest times.

For a day-by-day story of the trip, turn to page 9, keeping in mind that on this trip you do everything detailed there and more but with a slight revision in days.

Day by Day Story of "YRG" Tours

Saturday Your vacation thrills begin at the Chicago and NorthWestern Station in Chicago as you join the gay, expectant crowd that is to be your Tour Party. The happy, holiday spirit of your companions is infectious. You step aboard the Portland Rose and note its quiet beauty, the refinement of its decoration. Your first impression is one of comfort and quality combined. You feel instinctively that it's going to be a great vacation.

Sunday After a restful night you wake up not far from Omaha. All day long you speed westward toward the setting sun, across Nebraska and Wyoming, following the upstream course of the Platte River. It is the route of the old Oregon Trail. Very peaceful it looks now, but this valley was for years the scene of bitter struggles with the implacable Sioux. It is the natural thoroughfare followed by fully nine-tenths of the early emigrants to the west. It still remains the shortest route to the west.

Night falls and again you retire to your comfortable berth. You decide that your first impression of the Portland Rose was prophetic. The smooth riding quality of the train, the skill and courtesy of your porter, the satisfying goodness of the food, all are on the same high plane with its beautiful appointments.

Monday You're in Idaho; then into Montana, for the last lap of your journey to Yellowstone. You follow the Snake River into that beautiful stand of virgin pine, the Targhee National Forest. Through the trees you see the spectacular Tetons on your right. They truly are the most "mountain-like mountains" in North America. Then along the rapids of Warm River and through its narrow gorge. No wonder the "Warm River Canyon Route" is the most popular entrance to Yellowstone. Your comfortable train takes you right to the park boundary.

Into the comfortable bus and on your way for a leisurely trip through the strangest, weirdest scene on earth—the Upper and Lower Geyser Basins. Here, collected into a rather small area are the geysers, bubbling paint pots, steaming springs and other curious freaks of nature that have made Yellowstone so famous. Late in the afternoon you arrive at Old Faithful, the king of all geysers. After dinner there is a variety of entertainment—watching the bears come to the feeding grounds for their daily "hand-out" . . . dancing . . . Old Faithful spouting under the glare of immense flood lights.

Tuesday You have your choice of a hiking party, exploring the geysers and other curious formations nearby . . . or a horseback expedition . . . or a motor trip . . . or a swim in an outdoor pool fed by warm springs. Early in the afternoon you motor to beautiful Yellowstone Lake, stopping at many points along the shore to enjoy the unusual views. You cross the Continental Divide twice, and arrive at Grand Canyon in the late afternoon. After dinner, dancing and other entertainment.

Wednesday A great day! . . . with plenty of time to inspect and enjoy the vastness, the rich color of Grand Canyon and Yellowstone Falls. Special trips are arranged to Inspiration Point, Artist Point and to other places where you may view this thrilling scene from many angles. And for the more ambitious, there is Uncle Tom's Trail to the base of the Falls.

Thursday All aboard for Mammoth Hot Springs . . . via Dunraven Pass . . . passing Tower Falls and the famous Petrified Forest. The most interesting day's journey of the entire Park trip! Jupiter Terrace, with its beautifully tinted sides glistening in the bright sunlight, is a sight you

will long remember. Lunch at Mammoth Hot Springs and in the afternoon you motor to Gibbon Falls . . . through the Norris Geyser Basin and to West Yellowstone for dinner . . . entraining in the evening for Salt Lake City.

Friday Breakfast at Hotel Utah . . . then an interesting tour of this fascinatingly beautiful city . . . viewing many spots rich in memories of the hardy Mormon pioneers who conquered the wilderness of Utah. You see the Tithing, Beehive and Lion Houses, Liberty Park and the famous Tabernacle where you hear the noonday organ concert. In the afternoon you have a novel experience—a dip in the buoyant waters of Great Salt Lake. After dinner at the Hotel Utah you are off for Colorado.

Saturday A train ride you'll long remember . . . all day amid lofty mountains, deep canyons, rushing streams . . . through Eagle River Canyon . . . past the awe-inspiring Mount of the Holy Cross . . . over Tennessee Pass. Then the Royal Gorge!

There is only one Royal Gorge! This mighty chasm, the Grand Canyon of the Arkansas River, defies description. Towering 1053 feet above the raging river, its walls come together until at one point they are but thirty feet apart. The sky is almost screened from sight. Your train threads its way along the banks of the surging stream on a narrow roadway blasted from the solid granite. You are in a land of rugged, dazzling mountain beauty. Late in the afternoon you arrive at Colorado Springs . . . your headquarters, the Antlers Hotel.

Rocky Mountain National (Estes) Park Extension

(Arrangements must be made at the time of booking)

At best, vacation days in the mountains are all too short. In Denver you are only a short scenic distance from one of the oldest and most popular mountain playgrounds in the country—Estes-Rocky Mountain National Park.

If time permits, by all means extend your trip to include a visit to this glorious region. Motor through sheer,

Monday Immediately after breakfast you board comfortable autos for an enjoyable day's trip, full of scenic surprises, through Denver's Mountain Parks. Golden is your first stop. Then over the turns and twists of Lariat Trail, through Denver's Mountain Parks, to the summit of Lookout Mountain. From the veranda of the museum, which Denver maintains at the summit of the peak and which houses the relics of the active life of Colonel Cody (Buffalo Bill), you can look out over Denver to the east—to the south, Pikes Peak—and to the west other great peaks of the Colorado Rockies like a great array of soldiers. Returning to Denver you pass through beautiful Troutdale, where luncheon is enjoyed, then Bear Creek Canyon and the Park of the Red Rocks.

The afternoon and evening are free for sightseeing or rest . . . dinner in the Cassanova Dining Room of the Brown Palace . . . a late evening departure for home.

TOUR "S-YRG" \$146.92

12 Days ALL-EXPENSE

This tour has air-conditioned dining, observation and sleeping cars—see page 53.

This tour—new this year—comes in response to a growing demand for a Yellowstone-Royal Gorge-Colorado Tour that leaves Chicago on Sunday.

Our "YRG" Tours have been tremendously popular, combining as they do, several of the West's best known and best loved scenic attractions on one low cost trip

Yellowstone, from earliest times, has had a unique hold on man's imagination. The Indians regarded the region almost with worshipful awe, and to the white man it has always been a place of fascination and mystery. When John Colter and other explorers returned to the East with tales of Yellowstone's geysers, paint pots and other phenomena they were regarded as impudent liars. And no wonder! There is something so unusual about those "nature miracles" that you will wonder how they can be, even when you're looking right at them.

Yellowstone is popular for many reasons. Its mountain scenery, forests, shining lakes, towering falls and mighty canyon leave a picture of great beauty. It is America's greatest wild animal sanctuary. Here you may see buffalo, elk, moose, deer and mountain sheep in their native haunts; and the bears with their droll antics are a never-ending source of amusement.

One of the most appreciated features of our "YRG" Tours has been the day spent in beautiful Salt Lake City with its many interesting landmarks. The rail trip over the Colorado Rockies and through the Royal Gorge of the Arkansas River is justly famous. Colorado Springs is the oldest and most celebrated resort in the Rockies. Pikes Peak with its fourteen thousand foot summit is one of the most famous mountains in America. And Denver is a treat welcomed by all.

In the past many who wished to take this popular, economical tour have been prevented from doing so because they were unable to reach Chicago, or found it inconvenient to leave with the tour party, on Saturday. Now you have your choice of a "YRG" Tour leaving on Saturday or an "S-YRG" leaving on Sunday . . . and the "S-YRG" has the added advantage of one more day in Yellowstone.

It's the easy carefree way to see this wonderful country . . . and you know the total cost before you leave home.

Read the detailed story of this wonderful low cost tour.

Grand Canyon . . . colorful, massive, inspiring

Zion • Bryce Canyon

Grand Canyon

NATIONAL PARKS

Down in Southern Utah there's a region that contains some of the most impressive scenes on earth. So colorful is it, so majestic and inspiring that it might well be called the Wonderland of America. But until recently only a few people knew anything about Zion, and still fewer had even heard of Bryce Canyon. Yet Zion has a solemn grandeur that is unsurpassed; and Bryce is so unique in its fantastic loveliness that it seems like a strange dream or a fragment from some other planet.

Not so long ago it was only the hardy mountaineer who could penetrate the rugged wilderness of Southern Utah and reach these amazing beauty spots. Then came the roads, and following them the first buses. Travel to a new scenic paradise had begun. Today you can see all this glorious, colorful country safely, comfortably.

The best way to see it is on one of our 6-day motor tours. All the great scenes are included . . . and you enjoy every moment, every aspect of your trip. You visit Bryce Canyon National Park, the North Rim of Grand Canyon, Zion National Park, Kaibab National Forest, Cedar Breaks National Monument and many other famous scenic marvels.

Starting at Lund, Utah, where you detrain, your motor buses take you through Cedar City and Cedar Canyon then up to a high plateau and Cedar Breaks. The scene that breaks upon you is the first of the many breath-taking surprises you are to have.

As you drive along, there's no hint, no suspicion of what is to come. Suddenly you find yourself peering over the edge of a cliff and there

"If I were given the privilege of visiting only one place again before I die, I would choose to see not Egypt with which I am very familiar and where I was educated; I would not choose Europe which I have photographed; I would not even choose my Native Land, Italy; my choice would not only be America, but Bryce Canyon first."

before you is a new world of dazzling color and strange forms. Stretching out for miles you see curiously shaped masses of red, pink, salmon and white limestone. Time, water and frost are the sculptors and they have been working on this masterpiece for no one knows how many ages.

Leaving it you travel eastward . . . through a region of black lava rock that tells of long forgotten volcanoes . . . through lovely evergreen forests . . . through Red Canyon, walled with red rock, decorated with columns of pink and ruby . . . and on to Bryce Canyon.

Again, as at Cedar Breaks, you come upon the scene suddenly; but Cedar Breaks was only a gentle prelude to Bryce. Your first glimpse is in the late afternoon, when the whole canyon is ablaze in the red rays of the sinking sun. There below you, in an immense semicircular amphitheatre, is the strangest, most fantastic sight on earth. Half close your eyes and the scene looks like a huge bowl of garnets, amethysts and rubies. Open your eyes and you see the ruins of a great city, with palaces, temples, minarets and statues everywhere, all shining as if just now re-painted.

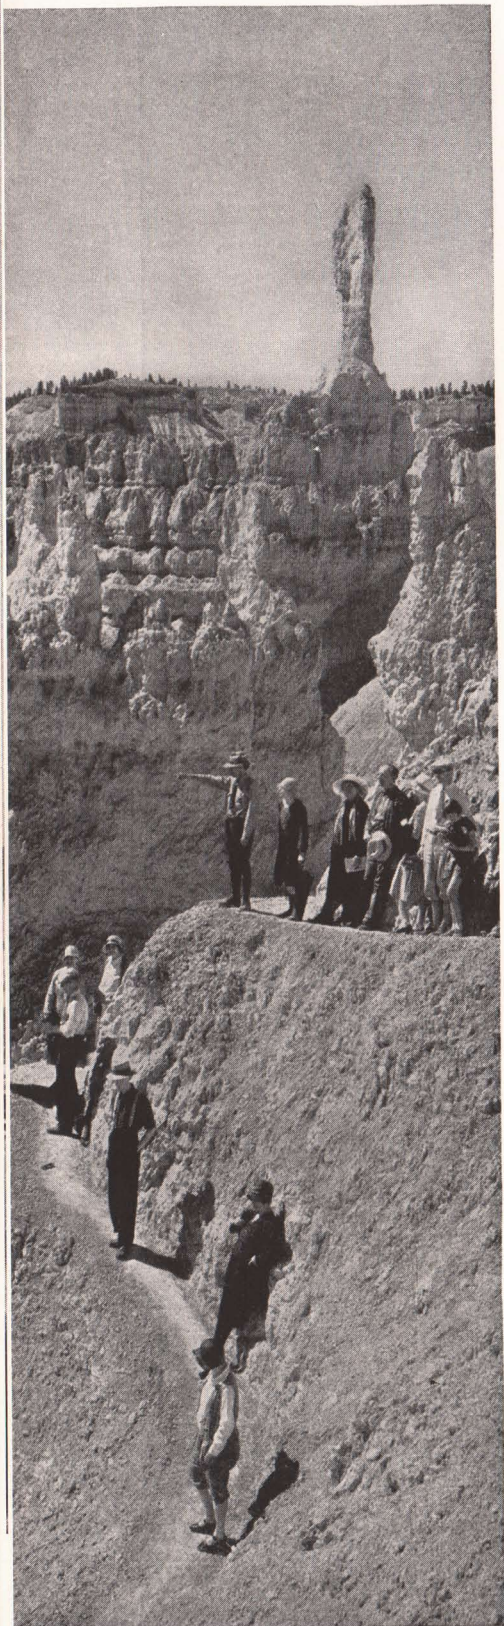

Following the trail to the canyon floor, you can inspect fantastic forms which the forces of erosion have carved in the stratified pink and white limestone. But even close up the forms are strangely lovely, and their odd shapes suggest a thousand familiar objects.

Leaving Bryce you journey over a country with countless panoramas of ever changing grandeur to reach the Kaibab Forest on top of the great Kaibab Plateau. For more than fifty miles you drive through a forest of evergreen and aspen, as clean and free from underbrush as a city park. From its quiet glades you will see hundreds of deer, and occasionally you will "spot" one of the rare and beautiful white-tailed squirrels that are found only here.

The forest ends suddenly, dramatically, as at Bryce and Cedar Breaks, and you find yourself looking out over the lofty North Rim into the vast depths of Grand Canyon. There in the awful stillness below you, lies as sublime a scene as you will ever look upon. In that chasm, twelve miles wide, is a whole mountain range; and one mile

"What do I think of my trip through Zion, Bryce, Cedar Breaks, Grand Canyon from the North Rim and the Kaibab Forest? It is the only place in the world where the reality exceeds by a hundred fold the advertisements, the photographs, the literature."

E. P. L., Philadelphia, Pa.

Bryce Canyon is best viewed from its many trails

down, at the foot of the range, is the roaring Colorado River . . . but to you, on the rim, it is only a tiny thread in the silent, misty distance. You will never forget this scene, for you will feel here, more poignantly than ever before, the eternal grandeur of Nature.

As you look out over the Grand Canyon you see a perfect kaleidoscope of color. Artists have found it almost impossible to paint, for within the space of an hour the canyon colorings change so rapidly they have an entirely different picture before them . . . but you'll find tremendous satisfaction in that endless play of lavenders, golds and purples. You'll hate to leave!

Turning north again, you recross the quiet glades of the Kaibab . . . across the impressive Prismatic Plains . . . past miles and miles of Vermilion Cliffs until you finally arrive at the new Mt. Carmel highway and pass through its mile-long motor tunnel—a miracle of modern engineering skill. The tunnel is pierced by six huge windows, each framing a picture of startling grandeur.

The road, after leaving the tunnel, winds gently down to the valley that is Zion Canyon. On either side of you are the canyon walls—and yet they are not walls, technically. They are buttes. But “buttes” is a weak word for these mighty mountain masses. The old Mormon pioneers, moved by the sublime beauty of these peaks, gave them imaginative, dramatically appropriate names: The Mountain of the Sun, The Mountain of Mystery, The Towers of the Virgin, the Three Patriarchs, Angel's Landing, The Great West Temple, the Altar of Sacrifice, and, noblest of all, the Great White Throne . . . and no mountain in America inspires more reverent admiration than the Great White Throne.

At Cedar Breaks, Bryce and Grand Canyon you found yourself for the most part looking down at the scenery below you. Here at Zion it is just the reverse. You will also note a pronounced difference in the coloring. Zion is sandstone country and the colors are not stratified but grouped into rather large masses. Also, here you will find the rocks covered with a shiny coating or “desert varnish” which gives the color amazing lustre.

A motor road leads deep into the canyon. Great red precipices rise in sheer grandeur on either side of the narrow valley. At the end of the road is a tiny clearing studded with trees and shrubbery—a lovely green garden in a majestic mountain setting—as enchanting a picture as you will ever see. This exquisite glen, The Temple of Sinawava, has been held in reverent awe by Indian and white man alike.

As you ride along you glance back regretfully now and then. The mighty red cliffs of Zion slowly become a thin line on the horizon's haze. Presently you are back at Lund. Your train is waiting. What a great trip it was! What a fine time you've had . . . so comfortable, so pleasant and such marvelous food . . . so many new friendships made . . . and what glorious memories!

TOUR "Z" \$138.71

10 Days ALL-EXPENSE

This tour has air-conditioned dining, observation and sleeping cars—see page 53

There is a great deal to see and do in the Southern Utah-Northern Arizona wonderlands. It is a region of rare recreational possibilities and the most astounding concentration of scenic grandeur on the American continent. The problem was . . . how much of pure vacation pleasure could we pack into a 10-day tour?

Tour "Z" is the answer. That it solves the problem is amply proved by the many enthusiastic letters we have received and by the rapidly increasing number of those who are choosing this tour.

From the moment you board your train in Chicago you can count on unfailing comfort, the very best of food and the most considerate personal service. You will find the lodges and guest cabins at Bryce, Grand Canyon and Zion neat, attractive and cozy. Evening hours are made pleasant by a program of nature study talks, dancing and other informal entertainment. Sightseeing, motor and saddle trips are arranged so that you may get the maximum benefit from the wonderful scenes before you.

And what scenes they are! The high-spots of this trip are high-spots of American scenery—beautiful Salt Lake City with the Wasatch Mountains in the background . . . Cedar Breaks, huge and intensely colorful . . . Bryce Canyon, glowing in the setting sun like an incredible cluster of rubies and amethysts . . . the quiet, park-like glades of the Kaibab . . . the unforgettably dramatic first sight of Grand Canyon . . . that sublime view from Cape Royal . . . the magnificent views through the windows in the Mt. Carmel Highway tunnel . . . your first glimpse of the red buttes of Zion . . . the breath-taking Great White Throne . . . that perfect scenic gem, the Temple of Sinawava.

These are only a few of the great scenes. Hundreds of others will unfold before your eyes along the four hundred odd miles of splendid highway connecting these three great National Parks, and you will see countless other inspiring vistas from the windows of your train en route to Southern Utah.

Certainly no other tour of the West includes more of its scenic attractions in the same length of time . . . and what a bargain it is!

Day by Day Story of "Z" Tours

Saturday Leave Chicago in the evening, via the Chicago & North Western Railway, on the Los Angeles Limited, one of the Overland Route's famous fleet of fine, fast trains. A continuous, pleasant panorama of fertile, rolling farm lands. Across Illinois—the Mississippi, "Father of Waters," — Iowa — the Missouri River — then into Omaha.

Sunday From Omaha, in the morning, the Union Pacific carries you west over a striking stretch of roadbed through historic cities and towns of Nebraska and Wyoming. You are reminded of the days of the Pony Express, of Buffalo Bill, of glamorous Frontier days.

Monday After breakfast in the diner you arrive at Salt Lake City and motor over the city's charming streets and boulevards. At noon, the organ recital in the world-famous Tabernacle, just one of the interesting features of the Mormon Temple Grounds. Luncheon at the Hotel Utah—drive to Saltair Beach for a dip in Great Salt Lake—then to the Utah for dinner, leaving for the parks at night.

Tuesday Arrive Lund, Utah, and after breakfast in the dining car, luxurious motor coaches whisk you away for the Tour of Tours. Your first introduction to this colorful land is Cedar Breaks, a vast escarpment at the edge of the plateau. A vision of kaleidoscopic color rises before your startled eyes. Purple pink, coral salmon, ochre, buff, white, and many other shades of red, yellow and white shimmer in the noon-day sun. Strange forms appear—curious freaks of erosion in the limestone cliffs.

You lunch at Cedar Breaks and shortly afterward leave for Bryce Canyon National Park. Here the formations are still more fantastic and infinitely more numerous. Your first glimpse of this wonderful natural amphitheatre is in the late afternoon. Sunset enlivens the myriad tints of Bryce Canyon's fragile formations and presents the towering peaks and colorful depths at their best. It is as though your eyes behold a ruined Oriental City overspread with gorgeous color.

Wednesday Along the rims . . . down the trails . . . wherever you go you find something new and

startling. The softer parts of the high plateau have been etched away, leaving an endless array of towers, spires, statues, minarets, fortresses, pagodas, castles and cathedrals standing in indescribably weird formation. And so accurately has Nature's skill carved out the innumerable designs that there is no need to stretch your imagination to discern the various figures that your guide will point out to you at every bend in the trail. All day at Bryce.

Thursday Leave Bryce Canyon for Grand Canyon National Park, stopping for luncheon at Kanab. Over the winding road, through sparkling canyons, out across the plains . . . past Vermilion Cliffs . . . then deep into the Kaibab, with its abundance of deer, its shy white-tailed squirrels. Grand Canyon village before you realize it . . . an enthusiastic welcome . . . then a dash for the Canyon's rim for the first breath-taking view of Nature's most stupendous spectacle. Evening events at Grand Canyon are planned for your pleasure. Great log fires . . . informal entertainment . . . music for the dance.

Friday Grand Canyon from Cape Royal, with its Angels' Window, presents an entirely different view from that of other points along the rim. A mile below and miles away is the Colorado River, rushing, raging. Beyond the opposite rim you can see for miles out across the desert. Point Imperial is likewise fascinating. You see them both on a thrilling motor trip over the new Cape Royal Highway.

You have a full day at Grand Canyon to enjoy its sublime beauty—ever-changing as the sun courses its way from east to west. Rich and vivid tones of gray, green, blue, red and mauve tint its mighty walls and, independent of these, the sunlight pours into the chasm a shifting color parade of exquisite blues and purples, glowing reds and golds.

Saturday Leaving Grand Canyon early in the morning you retrace your steps through the lovely Kaibab Forest, past the Vermilion Cliffs and as far as Mt. Carmel where you take the famous Mt. Carmel Highway for Zion National Park. Part of this highway is through a mile-long motor tunnel, pierced by six huge, cathedral-like windows looking out upon the tremendous scenes of Zion.

Down, down a sinuous road until you are in Zion Canyon at Zion Lodge where you have lunch. On either side of you are towering red mountains, banded with yellow, pink and gray in remarkable combinations of color, carved into gigantic temples with towers and spires of colored stone. They rank with the most majestic mountain masses in America . . . and as for color and beauty they are unapproachable. In the afternoon a motor trip to the Temple of Sinawava. Entertainment, nature talks, movies, dancing—in the evening.

Sunday You leave early in the morning for a trip through the fertile region known as "Utah's Dixie,"

along the highway that leads to Cedar City. A leisurely departure for Lund, where you entrain for the first lap of your journey back home.

Monday As you speed eastward and homeward you enjoy even more the friends you have made because by this time you know them better. The appetizing Overland Route dining car meals make the trip perfect.

Tuesday Home . . . after a marvelous vacation . . . and you wonder how it was possible to see and do so much in the time you had at your disposal!

Day by Day Story of "ZRG" Tours

Saturday Relieved of all travel cares at the very outset you leave on the Los Angeles Limited from the Chicago & North Western's Passenger Station in Chicago. West across Illinois and Iowa your swift journey is safeguarded by continuous automatic train control equipment—an invisible guardian of safety.

Sunday From Omaha, which you reach in the morning hours, you travel over the Union Pacific—across Nebraska, the northeast tip of Colorado, and into Wyoming, with stops along the line at cities famous in frontier history.

Monday Through beautiful Weber Canyon, then Ogden and Salt Lake City. You motor away for a delightful drive, terminating at the Mormon Temple Grounds for the noon organ recital. Luncheon and dinner at the Hotel Utah. The afternoon is devoted to a motor trip to Great Salt Lake, where you enjoy the novelty of a dip. The evening is free, your train leaving after midnight for Southern Utah (sleepers ready for occupancy at 9:30 p.m.).

Tuesday Detrain at Lund, Utah, for the trip by automobile to Cedar Breaks National Monument, majestic, vast, colorful. An artist has counted more than sixty tints in Cedar Breaks, whose vast amphitheatres are eroded to a depth of 2,000 feet in an area of 60 square miles. As you stand on the rim of this scintillating show-place you cannot help but be impressed with the power of Nature's mighty processes.

After lunch at Cedar Breaks you motor through beautiful forests and open "parks," through fantastic Red Canyon, to Bryce Canyon National Park, where you arrive in the late afternoon. Bryce Canyon Lodge is situated only a short way from the rim of the canyon and you are quartered in modern, comfortable cabins. Bryce Canyon will awe the senses with its labyrinth of grotesque but beautiful figures carved in rock, flame-vivid in color and tinted with every shade of the spectrum. Overnight at Bryce.

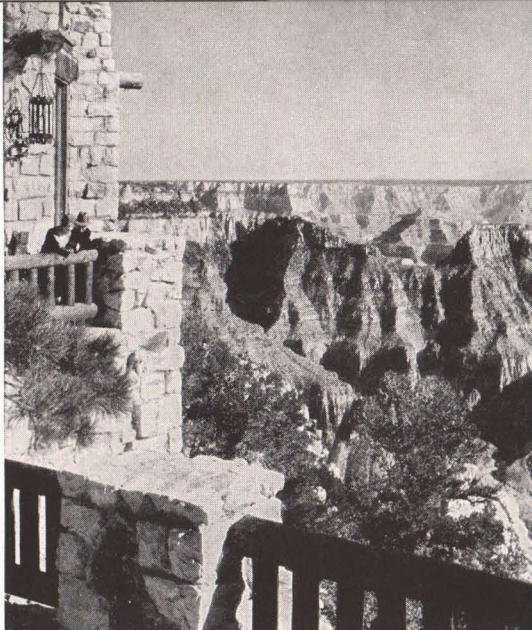

Wednesday All day at Bryce—and there are side trips and trail trips without limit. A most popular trip is into the canyon which may be visited by horseback or on foot. An experienced guide will lead the way, entertaining with his droll western wit.

Thursday After breakfast you leave Bryce for a drive to the South across a country of spectacular color and grandeur. You stop at Kanab for lunch and soon afterward you are ascending to the top of a vast plateau, lifted half a mile above the surrounding countryside. On its broad top is the Kaibab National Forest, one of the largest virgin forests in the United States. The Kaibab, a fine stand of towering pines and graceful aspen, is the home of a herd of over 20,000 deer, many of which will come to greet you as you motor through their favorite haunts.

Your ride ends abruptly and most sensationally at the very brink of Grand Canyon as your bus comes to Grand Canyon Lodge. You will enjoy the comforts and the atmosphere of informality at the Lodge.

Friday All day at Grand Canyon. In the afternoon a motor trip to Cape Royal and Point Imperial. Saddle trips are available. Or perhaps you may prefer to bask in the sunshine on the Canyon's rim and "drink in" the stupendous panorama before you, beauty that changes every hour. Dancing and entertainment during the evening hours.

Saturday You drive through the majestic Kaibab, across the Prismatic Plains, then over one of the most unusual mountain highways in the world. The new Mt. Carmel Highway defies description. Its major tunnel, over a mile long, is pierced at six points by portals, each of which frames an imposing vista. The road winds gently down to Zion National Park. Here begins the parade of majestic peaks. First, the East and West Temples, two great domes crested with crimson that bleeds down their pale sides. Then the great red sandstone pile of the Watchman, looking serenely down upon the valley. Almost be-

fore your driver has named it, the stains of crimson on the summit of a white precipice have suggested its name—the Altar of Sacrifice. On the left runs the great Streaked Wall, its top broken into strange white cones. At noon Zion Park Lodge welcomes you into its homelike atmosphere. After lunch a motor trip to the Temple of Sinawava and the Narrows. Dinner at the Lodge. In the evening an interesting talk by the park naturalist, a dance, or a walk out under the star-lit heavens.

Sunday After breakfast you leave Zion feeling that you have seen one of Nature's truly noble scenes. Your motor takes you through "Utah's Dixie," a fertile valley studded with quaint Mormon villages dating back to the early pioneers. Looking back, you see the red cliffs of Zion in the distance and soon you are back at Lund. Shortly before dinner you arrive in Salt Lake City, from whence you begin your journey to Colorado Springs.

Monday A day of rare thrills as you ride through the Colorado Rockies. The Royal Gorge of the Arkansas, with its great precipitous wall and rushing river is the most spectacular feature of the day, which ends at Colorado Springs and the Antlers Hotel.

Tuesday In the morning a motor trip to Pikes Peak for a panorama of unparalleled splendor. And what

an inspiring view from the top!—in the vast distances mountain peaks, gleaming in the sun like so many gigantic jewels. One senses their majesty, their serenity, their eternal qualities. In the afternoon visit the Garden of the Gods, South Cheyenne Canyon, Seven Falls and Broadmoor, unforgettable in beauty and intensely interesting in their varied attractions. Dinner at the Antlers, then away to Denver and the Brown Palace Hotel.

Wednesday Breakfast at the Brown Palace . . . then a motor tour of Denver Mountain Parks . . . up the winding Lariat Trail, visiting Buffalo Bill's grave on Lookout Mountain . . . down Bear Creek Canyon . . . Park of the Red Rocks . . . lunch at Troutdale-in-the-Pines . . . back to Denver for some last minute shopping . . . dinner at the famous Casanova of the Brown Palace Hotel, then in the evening board the train for home.

Thursday You'll welcome the quiet comfort of this splendid train to ponder over the fascinating experiences of the past twelve days. All day you clip off mile after mile of your journey home. At Omaha you leave Union Pacific rails and continue over "North Western".

Friday Arriving in Chicago in the early morning . . . rested, refreshed and resolved to "do" the West again next year.

Rocky Mountain National (Estes) Park Extension

Arrangements must be made at time of booking

If time permits, why not bring your vacation to a glorious close with a visit to that favorite mountain playground, Rocky Mountain National Park? Four days is all it requires and the cost is low—only \$27.90 additional.

Wednesday You enjoy a sightseeing trip of Denver—then away from the city in the big red buses . . . through Broomfield, Longmont, Loveland . . . up through mighty Big Thompson Canyon, between towering walls of rock and beside a rushing, foaming river to Estes Park, nestling at the very foot of Lily Mountain . . . and to the Chalets in time for dinner.

Thursday A wonderful day at the comfortable, friendly Chalets. Let your mood decide what you shall do. Perhaps a saddle trip . . . or you may wish to join

a hiking party. There are delightful, wooded trails, lovely secluded lakes, timberline vistas.

Friday Leave Estes Park Chalets in the morning for a trip through Horseshoe Park . . . over the new Trail Ridge Route and across the Continental Divide. Forest Canyon is but one of the many scenes of this thrilling ride. Grand Lake Lodge for luncheon. All afternoon and evening at Grand Lake, one of the largest and most beautiful lakes in the Rockies.

Saturday Leaving Grand Lake at 8:30 in the morning, you recross the Divide at Berthoud Pass, ride down through Idaho Springs, Clear Creek Canyon, Denver Mountain Parks and back to Denver, where you board your train for Chicago.

Day by Day Story of the "YZ" Tours

Saturday Late evening . . . you're at the Chicago and North Western Passenger Station in Chicago . . . there's excitement in the air . . . the Portland Rose is waiting . . . there's an "All aboard!" . . . your vacation begins and you're off into the night . . . across the sleeping Illinois cornfields . . . heading for those thrilling wonderlands you've wanted so much to see.

Sunday Early morning in Iowa . . . then most of the day across Nebraska . . . passing the day in deep-seated comfort with friendly companions . . . enjoying the splendid, satisfying meals you find on Overland Route diners . . . viewing the many interesting panoramas from the observation car . . . then night comes and brings with it deep, restful sleep as you glide over the smooth roadbed.

Monday Evergreen forests, rushing streams, rocky ridges, precipitous slopes along your right-of-way . . . and in the distance you catch a glimpse of the Grand Teton Range, the most spectacular, the most typically mountainous mountains on the continent. In the afternoon you reach your first great objective, YELLOWSTONE, the mysterious, the magnificent. You detrain at West Yellowstone, Montana, the most popular entrance to the Park and enter the waiting buses with their roomy, comfortable seats, and you're off on a wonderful scenic tour . . . through Christmas Tree Park, along the Firehole River, past National Park Mountain, and then to Old Faithful. In the evening, something to entertain you every minute—including that most glorious spectacle, the hourly eruption of Old Faithful with immense search lights focused upon it.

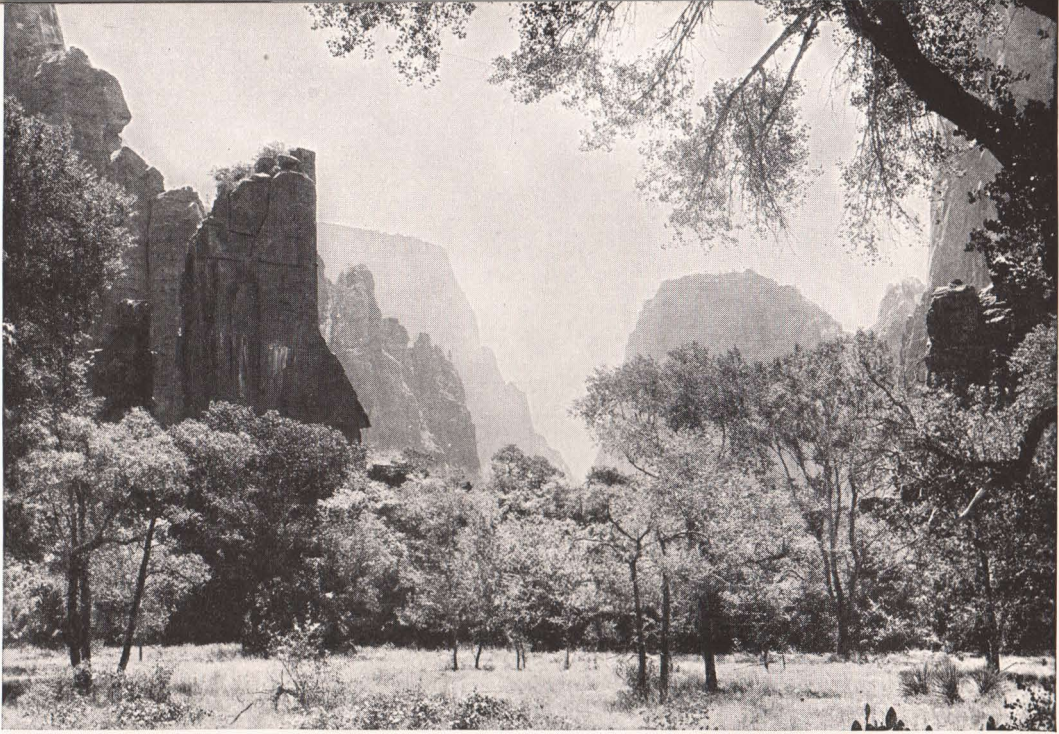

Tuesday All morning to explore the weird formations that completely surround you. In the afternoon another interesting trip, with a surprise at every

turn . . . Kepler Cascade, Thumb Paint Pots, Fishing Cone and gorgeous Yellowstone Lake, one of the most exquisitely beautiful lakes in the United States. Skirting the shores of the lake you continue on past Mud Geyser to Yellowstone Canyon, where you arrive in time for dinner. In the evening the programs provide no end of amusement . . . crackling campfires and community singing . . . music and dancing.

Wednesday All day in the vicinity of Yellowstone's intensely colorful Grand Canyon and spectacular Great Falls, more than twice the height of Niagara . . . viewing this sublime scene from many thrilling points of vantage. For the more ambitious, Uncle Tom's Trail to the foot of the Falls is a treat. And there are stairs to the brink of the Falls . . . trails along the canyon rim to Artist Point or Inspiration Point, with ever-changing vistas.

Thursday In the morning your motor takes you to Mammoth Hot Springs—headquarters of the Park—stopping en route at Tower Falls. Luncheon at Mammoth . . . and afterward ample time to explore the delicately formed and tinted terraces, gleaming and shining as if freshly varnished. By motor to West Yellowstone . . . through Golden Gate . . . past Obsidian Cliff, Twin Lakes, Gibbon Falls . . . stopping to inspect the interesting landmarks of Norris Geyser Basin. After dinner, depart for Salt Lake City.

Friday Breakfast at Salt Lake City's Hotel Utah. In mid-morning an interesting drive round the city, visiting a host of historic landmarks . . . then to the Mormon Temple Grounds to listen to a noonday recital on the great Tabernacle organ. After luncheon, a drive to Saltair Beach for a dip in the briny waters of Great Salt Lake, where you couldn't sink if you wanted to, and where

Temple of Sinawava—Zion National Park

swimming is a novel sensation. Dinner at your hotel and in the late evening you depart for Southern Utah.

Saturday After breakfast in the dining car you arrive at Lund, Utah, where the de luxe buses of the Utah Parks Transportation Company are waiting for you. Your first stop on this tour of tours is Cedar Breaks National Monument. A tremendous thrill awaits you. You come to the edge of the plateau without suspecting anything. Then suddenly you're looking out upon a vast panorama of color and glory . . . some 60 square miles of limestone and sandstone cliffs eroded into fantastic formations and splashed with almost every hue of the rainbow. It is one of the most breathtaking sights you've ever seen, and it comes as a fitting introduction to this land of vast dimensions and flamboyant color.

After luncheon you leave, a little reluctantly, but you're on your way to an even greater scene—not so vast, but more intense and fantastic. Late in the afternoon you arrive at Bryce Canyon National Park. Before dinner at the Lodge you view Bryce Canyon from the rim, in the light of the late afternoon sun, when the colors are most vivid, most striking. It is almost unbelievable that such beauty actually exists.

Sunday To appreciate Bryce Canyon's unique formations fully, follow the trails into the canyon, afoot or in the saddle. The myriad marvels of Nature's handiwork will stretch your imagination almost to the breaking point. And in the evenings here, as at Yellowstone, you will find entertainment and diversion for those who would participate . . . and what a place to sleep.

Monday Up early for a long and glorious day en route to Grand Canyon . . . through quaint little Mormon villages . . . winding through the verdant Kaibab Forest with all eyes watching for the flash of a fleeting white-tailed squirrel or a browsing deer . . . and then, suddenly, thrillingly, comes your first view of the divine abyss, Grand Canyon.

Tuesday All day at Grand Canyon. In the afternoon an automobile trip to Cape Royal and Point Im-

perial. See this great spectacle from many points of view. Its mysterious depths, its silence, its unbelievable vastness will awaken something inside you. It will be one of the most profound and stirring experiences of your life.

Wednesday Riding northward again through the Kaibab . . . across the Prismatic Plains . . . over the new Mt. Carmel highway, pausing briefly to peer through the huge windows in the mile-long tunnel . . . then, a gentle descent to the valley below, to Zion Lodge, in the shadow of the mighty peaks which wall Zion Canyon. All about you are glorious panoramas of massive buttes, and cones and truncated pyramids stained with brilliant reds and whites and many intermediate hues. After luncheon at Zion Lodge you take the famous motor trip up the sublime aisle of Zion Canyon to that exquisitely beautiful Temple of Sinawava . . . green grass and trees about you, and two hundred yards away the Gargantuan red walls of the canyon . . . what a picture! You return to the Lodge and after dinner there is an interesting talk on Zion by the Ranger Naturalist . . . and dancing, if you like . . . or a stroll in the open with a brilliant starlit canopy overhead.

Thursday After breakfast you say goodbye to Zion. Your road follows the sinuous course of the Rio Virgin, its waters stained with the red earth of Zion's hillsides. An interesting, restful trip through the fertile corn and cotton fields and fig orchards of Utah's Dixie brings you, at noon, back to Lund to board your Pullmans for the trip homeward.

Friday In the early morning you cross the Continental Divide and, after a swift and restful trip through Wyoming, the northern peak of Colorado and Nebraska, you arrive at Omaha in the evening. You will enjoy every minute of your journey on the Los Angeles Limited, one of the nation's finest trains.

Saturday After breakfast in the dining car you reach Chicago, marveling that so much real enjoyment and truly magnificent scenery are possible in a two weeks' trip.

14 Days ALL-EXPENSE

This tour has air-conditioned dining, observation and sleeping cars—see page 53.

California this summer . . . there's a thought to stir the imagination! . . . sunny beaches, carefree crowds, movieland, old missions, a touch of Spain, Mexico, the Orient.

A host of unique experiences awaits you. Come . . . feast your eyes on the beauty of snow-crowned Sierras, the age-old grandeur of its giant Redwoods . . . listen to the deep-toned surf of the Pacific . . . the strains of a Hollywood orchestra . . . breathe the rich fragrance of this land of orange and eucalyptus . . . feel the warm caress of a California sun and the tingling thrill of a plunge in the salty waters . . . taste the rare delicacies — fresh from grove or ocean — which you find only in California.

And this summer there's a World's Fair—San Diego's *California-Pacific International Exposition*—added to California's long list of thrills . . . and Balboa Park, the scene of the Exposition, is a perfect fairyland of semi-tropical beauty.

You want to see California. And our "C" Tour is the most satisfactory way. It is the only tour that makes it possible for you to spend *all* of your time in California. You go directly to the Golden State—no time is wasted en route—and you return directly from it. And you visit its most famous beauty spots within the compass of an average vacation period. Here's the story.

"We have just returned from the California-Old Mexico • Yosemite Tour. We enjoyed a wonderful vacation and we feel that both our time and money were well spent. Mr. P—, our escort, assisted us in every way possible, and endeavored at all times to see that each member of the party was enjoying himself."

Day by Day Story of "C" Tours

Saturday A train is waiting for you at "North Western" Station in Chicago. But not just "a train" by any means, for this is the Los Angeles Limited. Beautifully decorated, air-conditioned throughout, offering barber, valet, and maid service, bath, buffet and soda fountain, the Los Angeles Limited is a fine example of comfortable and luxurious train travel at its best.

Your party gathers . . . the tour escort meets you and takes care of all departure details . . . you are free from that moment on . . . the whole trip is yours to enjoy, without a care or worry. Gaily, joyously you enter the train and settle down for the night . . . and your happy adventure has begun.

Sunday All day you ride westward over the great Nebraska and Wyoming plains . . . a brief stop in Omaha . . . then on up the Platte River . . . past Kearney . . . past North Platte, the former home of Buffalo Bill . . . through Cheyenne, scene of many an Indian fight in the desperate frontier days before the coming of the railroad. This Overland Route you are traveling is the old Overland Trail. Perhaps your grandfather or great-grandfather walked it beside a team of oxen or in a covered wagon. What a contrast to the speed, the perfect comfort of your journey! You, in your air-conditioned Observation Car, are in a world, a climate, of your own . . . how clean and fresh and cool!

Monday Through Weber Canyon in the early morning . . . through Ogden, Utah . . . a brief stop at Salt Lake City, then skirting the Great Salt Lake . . . traveling southward and seaward. The day passes rapidly, pleasantly . . . chatting with interesting companions, watching the scenery glide by, and enjoying the superb meals for which Union Pacific is famous.

Tuesday A great day—your first in glorious, sunny California! You stop at Riverside, where you leave your train and go to the beautiful Glenwood Mission Inn for breakfast. Afterward you take time to inspect the many details of its galleries, its historic relics, its fine

Spanish architecture. Then an exciting motor tour to the south . . . through enchanting stretches of palm and eucalyptus . . . with mountain peaks in view at almost every turn . . . past beautiful Lake Elsinore . . . to San Diego and to your headquarters at the U. S. Grant Hotel.

After luncheon at the hotel, perhaps with a short siesta following, you're off on another trip . . . through San Diego's Old Town . . . past Balboa Park . . . visiting Ramona's Marriage Place and the Wishing Well . . . then across the ferry to North Island and down through Coronado and Silver Strand . . . then across the International Border into Mexico, to Tijuana . . . then to Agua Caliente where you have dinner and remain for a while to enjoy the colorful dancing and floor show . . . and back to your hotel in the romantic glamour of a California night.

Wednesday The day is yours . . . and the California Pacific International Exposition beckons you to Balboa Park. Here in a setting of rich tropical vegetation that is reputedly one of the most beautiful parks in the world, are the stately Spanish buildings that house the exposition. Miles of interesting exhibits, carefree amusements, foreign villages, inviting dine-and-dance places stretch out before you—beauty, imagination and thrills everywhere you go . . . the day will seem far too short.

Thursday You're up early and off for Los Angeles on one of California's most celebrated highways—and no region in America possesses more spectacularly beautiful motor roads than California. A palm-bordered boulevard unwinds before you . . . fragrant orange groves and rolling, vine-clad hills are passed . . . mountains appear in the distance . . . and to your left there is, much of the time, the mighty Pacific, its surf pounding on the shore. Point Loma is your first stop . . . lovely La Jolla comes next . . . then San Juan Capistrano with time to inspect this picturesque old mission . . . Long Beach, and finally Los Angeles about noon. You lunch at the Biltmore, your hotel while in Los Angeles, and in the late afternoon there is an interesting tour of the quaint foreign sections of the

San Francisco . . . looking out across the bay

city . . . the exotic Mexican quarter, and colorful Chinatown . . . then dinner at a well-known Hollywood restaurant . . . and an early evening motor trip up Look-out Mountain for a view of California's sun setting in a flame of glory out over the Pacific.

Friday The day reserved for a visit to lovely Santa Catalina Island, where the atmosphere is so like the South Seas that it has often been used as "location" in filming "South Sea" stories. The twenty-five mile boat trip out to Catalina across the blue waters of the Pacific, with its tangy salt spray blowing on cheeks will be one of the very pleasant memories of your vacation. On the island there is a delightful trip in a glass-bottomed boat to view the famous submarine gardens of Avalon Bay. You return to your hotel in Los Angeles for dinner.

Saturday A tour of the famous beauty spots of Los Angeles and its suburbs. And how you will enjoy this delightful trip as mile after mile of scenic charm unfolds before you . . . historic San Gabriel Mission, Pasadena with its gorgeous homes and gardens, Forest Lawn, Memorial Park, Glendale, thence over a mountain road for a visit to Universal City, with a look at the studios and luncheon at the Studio Cafe, where many of the stars dine when "on location." Then into Beverly Hills with its sumptuous Spanish and Colonial homes . . . Hollywood, capital of the Movie World . . . perhaps a close-up of one or more of your favorite screen stars. You will pass many of their homes enroute to lovely Santa Monica and after a drive along the beach and the Palisades you return to the Biltmore for dinner. In the evening you bid goodbye to glamorous Los Angeles and entrain for another of California's amazing scenic regions—Yosemite.

Sunday By morning you are in Fresno, in the heart of California's great vineyard country. You proceed by motor to Mariposa Grove where you will see your first Sequoias. It is impossible to describe the feeling that creeps over you as you look up at those giant trees, some of them thirty feet thick, three hundred feet high, and *the oldest living things on earth*. In the afternoon you motor north to Yosemite, and from a deep valley you look upon cliffs four thousand feet high. It is one of the noblest, most inspir-

ing sights in America. You make your headquarters at Curry Lodge . . . in the evening you witness the weird Fire-Fall from Glacier Point.

Monday An auto tour of the Park to view the nationally renowned beauties of Yosemite—the towering granite mass of El Capitan . . . majestic Half Dome . . . Bridal Veil Falls with its delicate spray . . . Yosemite Falls, the highest falls in the world, almost ten times as high as Niagara. In the evening you motor to El Portal where you board the train for San Francisco.

Tuesday Morning finds you in Oakland, and soon you are on the ferry and across the bay. Your headquarters in San Francisco is the luxurious, modern William Taylor Hotel. A sightseeing drive has been arranged for the afternoon . . . to Golden Gate Park . . . Cliff House, where you may catch a glimpse of the Seal Rocks . . . the Presidio and Military Park . . . Mission Dolores . . . Twin Peaks which afford a magnificent view of the city . . . Fisherman's Wharf . . . with dinner aboard one of the palatial Dollar Line trans-Pacific steamers . . . and after dark, an intriguing tour through San Francisco's famous Chinatown, the largest and most colorful in America.

Wednesday The whole day is yours to see fascinating San Francisco just as you would like to see it—and you will enjoy this chance to be "on your own" in this most sophisticated and cosmopolitan city. The stores and shops are wonderful and you will find no end of interesting things to see and do. The day will fly and before you know it you will suddenly realize that it is night, and time to board your train for the East.

Thursday-Friday-Saturday Back home over the famous Overland Route, the shortest path across the continent. You will experience many new scenic thrills, especially crossing the Great Salt Lake—literally "Going-to-sea-by-train." Your train is the de luxe San Francisco Overland Limited. You will appreciate, especially on your home journey, what modern engineering and skilled Overland Route trainmen have done to make travel—long distance travel—something to be enjoyed and remembered. You arrive in Omaha on Friday night, and in Chicago early Saturday morning.

"BC" Tour 14 Days
 \$125.00 ALL-EXPENSE

Using Comfortable Tourist Sleeping Cars.

In order to make it possible for a large number of people to visit California we are offering this *special bargain tour* at an almost unbelievably low price.

What is there about California that makes so many of us look forward eagerly to the day we shall visit it?

Perhaps it is the magic of Movieland, and all the glamour and excitement that goes with the making of screen stories and stars:

—or the fascinating change and variety you find in California, where you may actually look from sea to desert, and from snow to orange grove by merely turning your head;

—or California's wonderful climate—its bright, balmy days alternating with cool, invigorating nights;

—or the romance that has always been a part of the Golden State since the days of the courageous Padres, courtly Spaniards and adventurous '49ers;

—or possibly it is all these things together that exert an unconscious force, a magnetic pull that lays hold on everyone.

And this is the year to go. For, in addition to all of California's other attractions, it offers you the CALIFORNIA-PACIFIC INTERNATIONAL EXPOSITION at San Diego. It's going to be a great fair, in a setting of incomparable loveliness.

So take this opportunity to see California the carefree, delightful, inexpensive way—as a guest on our "BC" Tour. The food, the hotels stopped at, and the tourist sleeping car accommodations are excellent. You visit both Northern and Southern California and Old Mexico as well, with a thrilling list of places and events on your itinerary.

"Both my wife and I were pleased with the accommodations, the little features and side trips which were included in the expense and which were not advertised in advance; and most of all by the splendid way our tour escort looked after us all the time we were away."

Day by Day Story of the "BC" Tour

Sunday You'll find your Tour Escort on hand at the Chicago & North Western Passenger Station in Chicago . . . ready to help you with all departure details . . . from now on he will look after tickets, baggage transfers, and hotel assignments. You are free from all petty annoyances and there's a great vacation trip before you to be enjoyed. *What a restful pleasant way to travel.*

Your train is the Los Angeles Limited. You find your Tourist sleeping cars roomy and comfortable and waiting for you when you get to the depot, all ready to speed you away to the "promised land" of far away California.

Monday Your first night is an indication of the comfort of these Overland Route sleeping cars. Deep and peaceful sleep comes as your train rolls over a roadbed that is nationally famous for its smoothness. You awake rested and all set for breakfast in the dining car.

From the window of your sleeping car many fascinating scenes sweep by . . . the rolling hills of Western Iowa . . . Council Bluffs . . . busy, bustling Omaha . . . the cornfields of Nebraska . . . cattle grazing . . . waving alfalfa. There's something about this western region that gives you a sense of the vastness, the sheer physical greatness of our country . . . and the wonder of it deepens as you think of the long, bitter fight with the Indians all along this line.

Tuesday Through Weber Canyon in the early morning . . . then Ogden . . . Salt Lake City, the beautiful capital of Utah and historic shrine of the Mormon Church . . . riding southward with the Great Salt Lake on your right and the noble Oquirrh Mountains on your left . . . all day going through Utah and Nevada, with quaint little Mormon towns along the road, fertile fields here and there, and mighty red hills in the distance.

Wednesday You awake to find yourself in California, perhaps not far from San Bernardino or Riverside. Looking out of your window you catch your breath just a little at the sight of the strange new world about you . . . the waving palms . . . the tall feathery eucalyptus . . . the long straight rows of orange, plum, walnut and avocado trees . . . the startlingly purple mountains in the background . . . and everything so much more wonderful than you had pictured.

You breakfast in the dining car and a little later are headed southward. Soon you catch your first glimpse of the blue Pacific, and from San Juan Capistrano south you are near it or beside it most of the time . . . an inspiring sight, impressive in all its many moods.

At San Diego you leave your train, and while your baggage is being transferred to your hotel you board the waiting autos and away to Agua Caliente, the Deauville of America, just across the border in Old Mexico. You have luncheon at the Casino, and there is an excellent Mexican floor show for your entertainment. After a short rest you return by way of gay, gaudy Tijuana . . . Silver Strand . . . through beautiful, seagirt Coronado . . . Balboa Park . . . and to the U. S. Grant Hotel, your headquarters while in San Diego.

Thursday The day is free and this is your opportunity to visit the California-Pacific International Exposition. The setting is ideal. Here are no makeshift buildings hastily flung together, nor any frantic, half-finished landscaping. The Exposition buildings proper, built in the most pretentious and dignified style of late Spanish Renaissance architecture, have a delightful grace and charm. Balboa Park, where they are located, has long been famous for its magnificent display of tropical and sub-tropical plants and flowers; and it is safe to say that few parks in the whole world can rival it for sheer loveliness. As you stroll along its palm-bordered paths, along about sunset, or shortly thereafter, "taking in" the enchanting scene about you . . . vaguely conscious that "there's music in the air," music of a pulsating dance rhythm or the soul-filling tones of a Strauss Waltz . . . breathing the rich fragrance of a thousand exotic blossoms . . . you may wonder for an excusable moment if you are not in another world. After a day at the Exposition you leave for San Francisco.

Friday On this delightful daylight ride you travel the route of the old Spanish post-road, El Camino Real, "The King's Highway" . . . through Santa Barbara, with its fine old Mission and its imposing homes . . . San Luis Obispo . . . Paso Robles . . . San Jose and Palo Alto. Every hour brings you wonderful new panoramas—ever

The beach at Santa Monica, California

varied, ever interesting. Fertile valleys alternate with marine landscapes of startling grandeur, truck farms with orange groves, vine-yards, ranches . . . and with the noble Sierras furnishing a superb background for every scene. The memory of that ride will linger for many, many years. You arrive at dusk in San Francisco and go to the Hotel Stewart for the night.

Saturday A thrilling sightseeing trip has been planned for the morning hours . . . Golden Gate Park . . . Cliff House, where you may view the famous Seal Rocks . . . Richmond and Sea Cliff residential sections . . . Lincoln Park . . . the Presidio and Military Park from which you see the Golden Gate at its narrowest and deepest point . . . returning over Marina Boulevard, thence via Van Ness Avenue and the retail shopping district.

The afternoon is yours and the city is a paradise for the tourist. San Francisco is to many people the most fascinating city in the United States. Certainly it has a unique charm. You will thoroughly enjoy this opportunity to wander about, visiting stores, shops, strolling through Chinatown, and generally "discovering" San Francisco. Departure hour will come much too soon, and as you board the steps of your train you will make a solemn vow to come back just as soon as possible.

Sunday Early morning and you are in Los Angeles. You go to the New Rosslyn Hotel and settle down for a four-day visit in this youthful, romantic city and its environs. Sunday is open and at your disposal. Some will wish to attend one of the many fine churches in the city. Others may explore the city, or go to the beach, or just rest. But all will find Los Angeles a most inviting place.

Monday Today you will find that Los Angeles is gay and delightful at all times; in fact, a city of buoyant ambition and *joie de vivre*, of great beauty and charm. You will feel this spirit very clearly on the Monday morning sightseeing tour which includes the residences and studios of movieland. You drive past Westlake Park . . . the Ambassador Hotel . . . through the Wilshire and Windsor Square residence districts . . . to Hollywood, along the full length of Hollywood Boulevard, viewing its famous shops, cafes, and Grauman's Chinese Theatre where so many famed world premieres have been held . . . into Beverly Hills where many of the stars have their palatial homes . . . down along the famous Ocean Drive . . .

through Santa Monica . . . returning through Westwood Village and Wilshire Boulevard. Afternoon and evening are free.

Tuesday The day is open for whatever activities you choose . . . and there are many fascinating things to do in and around this delightful city, entertainment for both daylight and evening hours.

Wednesday Morning is at your disposal and in the afternoon there is an interesting tour . . . over the palm-lined drives of the San Marino and Oak Knoll sections . . . through Pasadena where the beautiful Tournament of Roses is held each year . . . the beautiful Arroyo Seco district . . . to the Huntington estate, one of the great "show places" of the Coast, to visit the Library with its collection of rare manuscripts, the Art Gallery with its many priceless paintings, and the beautiful Huntington Botanical Gardens . . . then to the San Gabriel Mission, returning to Los Angeles via Elysian Park. Evening will come all too quickly, and you will be saying goodbye to this intensely popular city as you board your train for the East.

Thursday En route through the stirring landscapes of Nevada and Utah . . . arriving in Salt Lake City in the late afternoon. Immediately on arrival automobiles will take you on a sight-seeing tour of this interesting city, and you will see Temple Square, with its famous Temple and Tabernacle, the State Capitol, the Lion and Beehive Houses and Eagle Gate. Dinner at the splendid Hotel Utah with a couple of hours open in the evening before your train leaves.

Friday All day over the Denver & Rio Grande Western Railroad, traversing the lofty passes and colorful canyons of the Colorado Rockies with Tennessee Pass . . . the Mount of the Holy Cross . . . Glenwood Springs . . . the world-famed Royal Gorge of the Arkansas, with its towering walls . . . Colorado Springs, with Pikes Peak in the distance, lighted to flame by the rays of the setting sun as "high-spots" en route to Denver. You have about three hours in this famous city, then en route to Chicago.

Saturday Leaving Denver over the Union Pacific, you glide across Nebraska, and from Omaha your train continues eastward on Chicago & North Western rails. Yours is a restful ride back across Iowa and Illinois, with every comfort at your command.

Sunday Arrive Chicago 7:00 A. M.

Monday Across the rich grazing and fruit farming lands of Idaho . . . up the Old Oregon Trail in the cattle-land country . . . through regions rich in romance, where vast panoramas present an endless vision of scenic grandeur.

Tuesday Early arrival at the silvery Multnomah Falls, splashing from a 600-foot cliff . . . and after breakfast an auto tour along the famous Columbia River Highway, with its unusual twists, turns and tunnels . . . through superb scenery . . . stopping for inspection of the famous Grotto . . . arriving in Portland, the "Rose City," about noon . . . with the afternoon free to view the many fine sights in this interesting and very likable city . . . with a late afternoon departure for Tacoma and overnight at Hotel Tacoma.

Wednesday Leaving Tacoma by auto for Mount Rainier National Park . . . through impressive virgin stands of giant spruce and fir . . . arriving at noon in Paradise Valley at the base of glacier covered Mount Rainier . . . with all afternoon to explore the valley with its profusion of wild flowers, stately forests and fine views of Mount Rainier, which is one of the highest and probably the most impressive mountain in the United States proper. Perhaps you would like to join a saddle party on a trip across Paradise Valley with its vividly

colored carpet of flowers . . . through friendly forests . . . past secluded little lakes whose unrippled surfaces, reflecting the mighty mountain, add much to its beauty.

Thursday An early morning auto trip . . . through a towering primeval forest to Seattle, the great shipping center of the North Coast. In the afternoon an auto tour through this beautiful and progressive city with its picturesque mountain background, its miles of shore line on Lake Washington and Puget Sound, its harbor filled with ships from all parts of the globe.

Friday Embarking on a Canadian Pacific steamer for a delightful four hour voyage . . . across the picturesque strait of Juan de Fuca . . . to Victoria, B. C., entrance to Canada. In the afternoon a tour of this quiet, beautiful and very English city, viewing its famous gardens and Parliament House, and leaving by boat that night for Vancouver. This "taste of the sea" is a happy interlude, adding immeasurably to the pleasure of your trip.

Saturday Awakening in Vancouver, with ample time to see many of the fascinating sights . . . the fine beaches . . . Stanley Park, a great virgin forest in the heart of the city . . . the rugged mountains fringing the city . . . and, in the early afternoon, boarding a Canadian Pacific train for the East . . . with many a breath-taking mountain view before dark.

C., where you detrain for an auto tour through these rugged mountains to Emerald Lake, green, lovely, surrounded by towering peaks . . . then over the great divide to Chateau Lake Louise.

Monday A day you have looked forward to for a long time, possibly for years—for no spot on our continent has greater fame. The view from the Chateau is

The Bow Valley from veranda of Banff Springs Hotel

noted as one of the very finest on earth. Here before you is a lake of unbelievable turquoise, set in a meadow of soft green, surrounded by noble mountains, robed in white. It is an exquisite jewel and you might well be justified in paraphrasing a famous American statesman who said, "To attempt a description would bankrupt the English language."

At Lake Louise, what could be more natural than to satisfy your desire to do a bit of mountain climbing? Or, if you favor horseback riding or motoring, follow a winding trail or well-paved highway through this land of rugged beauty, where for ages mountain peaks have reigned supreme.

Tuesday After breakfast and one more look at beautiful Lake Louise you continue your journey . . . past glaciers, waterfalls, canyons and row on row of mighty peaks . . . arriving at Banff Springs Hotel in time for lunch. Here, to your surprise, you will find a scene as spacious and impressive as that at Lake Louise, and a view from the hotel veranda that is world-famous.

Wednesday A glorious morning at Banff, with perhaps a round of golf (a nominal charge made for club rental and greens fee) on one of the sportiest and most scenic golf courses anywhere . . . or a plunge into the famed hot springs pool . . . or a saddle or hiking trip over a thrilling mountain trail . . . enjoying all the while breath-taking panoramas that are among nature's noblest scenes. In the late afternoon, after a final look at the Bow River Valley, a regret-filled leave-taking as you board your Canadian Pacific flyer for points East.

Thursday Across the great level wheat fields of Saskatchewan . . . down into North Dakota, where you transfer from the Canadian Pacific to the Soo Line, at Portal.

Friday Arriving early at the Twin Cities—Minneapolis, beautiful city of many lakes . . . St. Paul, capital of Minnesota—then over the rails of the Chicago & North Western for a pleasant ride through picturesque Wisconsin, arriving in Chicago just after dinner.

Alaska Circle Tours

Including Pacific Northwest—Mt. Rainier—The Canadian Rockies

Skagway—West Taku Arm—19 Days \$283.56

Seward—Prince William Sound Cruise—27 Days \$338.21

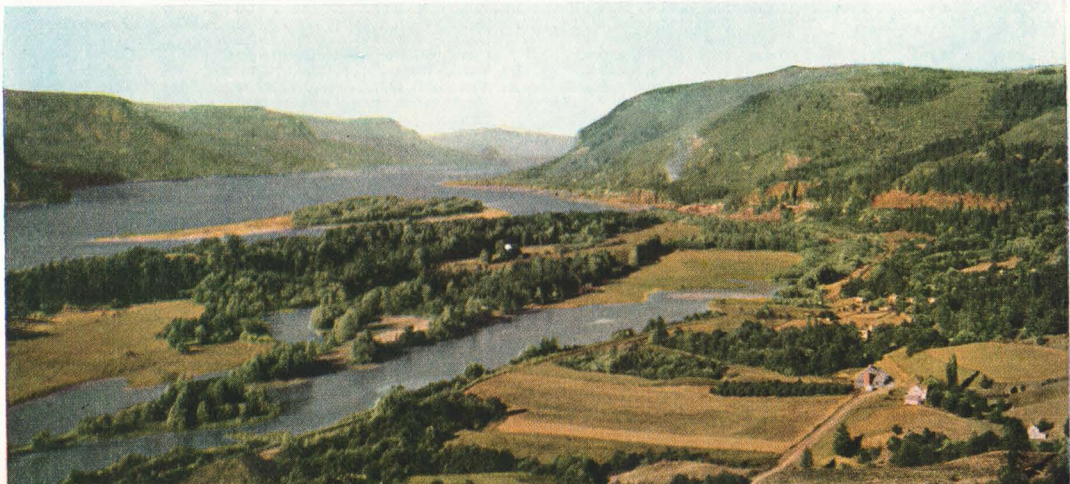

Alaska, our last frontier, is a truly varied vacationland. The fjord-like inside passage is a steamer lane offering a thousand miles of winding sheltered waterway, and carries you past vast, creeping glaciers crumbling into the sea, Indian villages with queer totem poles, a profusion of flaming flowers, the Northern Lights in all their fascination.

This summer we are featuring two Alaska Tours each leaving on June 29, July 13 and 27, and Aug. 10. One is of 27 days duration and includes a 12-day cruise along the picturesque inside passage and across the Gulf of Alaska to the Prince William Sound district. It reveals Alaska in all its pristine beauty—provides a close-up of this land that still retains much of the adventurous spirit of the turbulent history of its early days. The other tour is of 19 days duration (but little more than a 2-weeks vacation!), and includes such fascinating places as Ketchikan, Wrangell, Juneau, Taku Glacier, Skagway, West Taku Arm, Carcross.

Alaska Circle Tours are described in detail in a separate tour folder devoted exclusively to Alaska tours. If you are interested, be sure to get your copy from any representative listed on page 56 or 57.

Denver—Colorado Springs

Tour "RM" 8 Days
\$87.55 ALL-EXPENSE

This tour has air-conditioned dining, observation and sleeping cars—see page 53.

"Let's go to Colorado." It's an old refrain to many. Each summer when vacation time draws near thousands—old-timers as well as first-timers—say, "Let's go to Colorado!"

What is there about Colorado that makes it so irresistible?

For one thing, the mountains. Those rugged old giants with their lofty white heads outlined against the blue sky "pep" one up as nothing else can.

But it is more than the mountains. It's the marvelously clean and bracing air . . . the invigorating sunshine . . . the fragrant pine forests . . . the silvery lakes and tumbling streams . . . and the outdoor pastimes and recreations that go with all these.

Fortunately, these glorious playgrounds are easily accessible. And on an "RM" Tour you enjoy a Colorado vacation for surprisingly little. Moreover, from the moment you leave Chicago until you return, you travel in comfort. You will find the accommodations superior and the food superb at all times.

Your "RM" itinerary includes Colorado Springs, Pikes Peak, the Garden of the Gods, a day in the beautiful city of Denver, and four thrilling days in the Rocky Mountain National (Estes) Park region. *And what a bargain it is!*

"I was a member of your RM Tour, and not only was the tour itself a success, but the grandeur of the places visited, the splendid accommodations everywhere, made the week one of the most pleasant vacations I have ever experienced."

W. M. S., Jamestown,
N. Y.

Day by Day Story of "RM" Tours

Sunday Leave North Western Railway Station in Chicago on The Columbine, famous Overland Route train named in honor of the state flower of Colorado. It's a pleasant, restful trip. Dining car meals add to your pleasure . . . generous portions, deliciously prepared.

Monday Colorado's mountain peaks are in sight continuously as your train speeds on its way to Denver. For hours your route parallels the main ridge of the Rockies. First, Mount Ypsilon, then Longs Peak, like a great silver cloud. Denver in time for luncheon at the Union Station—then a sightseeing tour of Colorado's capital city, terminating at the Brown Palace Hotel.

A natural setting such as has been given to few large cities, combined with a climate so genial that it induces a distinctly out-door life, makes Denver and the entire foothills region perpetually alluring. To the travelers and vacationists who want the utmost in relaxation, amusement and inspiring surroundings, it is perfection itself. Here are scenes made famous in the days of the Indians and the first Colorado gold discoverers. The Denver Park System is a free playground open to all her visitors. Her tree-shaded streets, flower-banked boulevards and glorious mountain view; her numerous fine public buildings distinguish this capital city of Colorado. All evening is yours to do with as you please.

Tuesday After breakfast you board the train for a two-hour run to Colorado Springs. Few places in the world offer such a variety of immediately accessible natural beauties and marvels as does Colorado Springs. It is a city world famous for its large number of magnificent residences and estates, its parks and fine hotels and its extraordinary scenic location. It rises up out of the plains, almost at the foot of majestic Pikes Peak! The finest of its hotels—the Antlers—is your headquarters. (Room with bath and all meals.)

In the afternoon a thrilling motor trip through the never-to-be-forgotten Garden of the Gods, a curious sandstone region eroded by wind, rain and frost into numerous fantastic shapes, then to the very summit of Pikes Peak which is easily reached by a wide, smooth automobile highway. As the Peak is detached from the mountain range, the view from its 14,109 foot summit is seemingly limitless. Colorado Springs offers varied amusements for the evening hours.

Wednesday The morning is set aside to do as you please—go where you will. Perhaps a sightseeing trip of the city, a tour of the shops, or a stroll as fancy may dictate.

Board train at noon for Denver, luncheon en route. In the afternoon a ride of thrills. Into comfortable motor coaches . . . over Denver's broad boulevards . . . through an irrigated farm section . . . then into the mountains that comprise the Rocky Mountain National Park region.

Your introduction to the rugged grandeur of "colorful Colorado" is the Big Thompson Canyon, through which you motor en route to the Estes Park Chalets. It is a splendid highway carved out of sheer rock walls which embrace a frantic, foaming river, and skirts the fascinating water edge first on one side and then on the other. Big Thompson Canyon will intrigue you.

You arrive at Estes Park Chalets in the evening. As you step from the car to the inviting veranda of the Chalets, nestling at the foot of pine-clad Lily Mountain, you unconsciously turn to look back on Marys Lake . . . exquisite! The Chalets, where you spend three days, offer an unlimited variety of outdoor activity and a fireside friendliness that is most refreshing. The clean, pure air, the crisp, cool nights, and the brilliant sunshiny days are thrilling to the nth degree. Every moment at the Chalets is a treat. Interesting programs have been arranged for daylight hours . . . in the evening entertainment for everyone.

Thursday-Friday Rocky Mountain National Park and you as its guest! Make the most of your opportunity . . . do the things you like best to do, when and how you want to do them. The setting is perfect. Superb Alpine landscapes, towering granite peaks—the finest grouping of mountain scenery in the entire Rockies! Activities to suit every taste are here . . . and in following any of the innumerable trails and roadways, hiking, horseback riding or motoring, each turn discloses new vistas of surprising loveliness. See map on page 30.

Saturday You say good-bye to the Chalets in the morning, and via Longs Peak and Allens Park motor through South St. Vrain Canyon to Boulder—thence to Denver where you board the train for home.

Sunday Eastward through Iowa and Illinois via the Overland Route. Splendid dining car meals and happy, congenial companions add to the pleasure of your trip. Chicago in the evening—the end of a wonderful vacation.

Grand Lake Extension Tour Only \$8.25 Additional

So many Colorado visitors wish to include Grand Lake in their itineraries that we have made it possible to do so in connection with this tour.

You leave the Chalets early Friday morning via the new Trail Ridge route, motoring across the Continental Divide, never ceasing to marvel over the seemingly endless succession of wild mountain panoramas.

At Grand Lake Lodge you learn why they say it is the greatest place on earth to sleep.

From Grand Lake to Denver you again cross "The Divide" at Berthoud Pass, motor through Clear Creek Canyon to Idaho Springs for luncheon, and then climb back up through Denver mountain parks, only to drop down again from Lookout Mountain on the picturesque Lariat Trail to Golden, and then into Denver in the afternoon, where you rejoin the Chalets party.

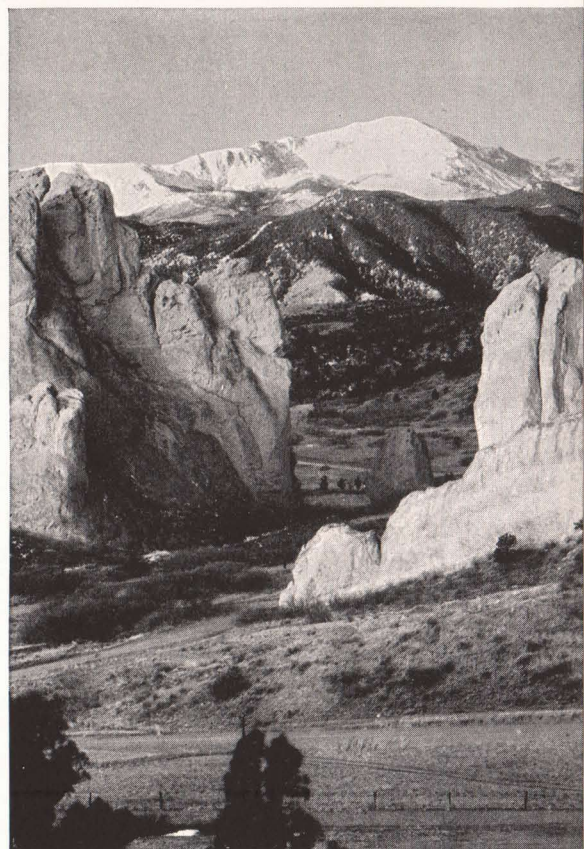

A truly marvelous climax to a Colorado trip.

An Extra Week at Estes Park Chalets!

Many of our tour patrons find Estes Park Chalets so delightful for rest or recreation that we have arranged a 15-day tour which includes 7 additional days at the Chalets. Its comfortable, home-like accommodations are known far and wide. Nestling at the foot of the fragrant, pine-clad mountains and surrounded by scenically superb panoramas, the Chalets offer unlimited opportunities to indulge in pastimes that only such a setting can provide. vigorating mountain air and glorious sunshine add zest to play; appetites grow big; the evening dance has new thrills; the conversation before the crackling log fire is friendly, animated. The cost for the additional 7 days is small—only \$35.00.

GENERAL INFORMATION

Why You Should Join an "Overland Route" Circle Tour They offer you "The Best of the West" at the least possible cost. You have the great advantage of knowing at the outset the exact total cost of your trip. The tours are planned with every consideration for your comfort, convenience and pleasure. All of the details are arranged in advance and are carefully carried out by our representative, *your escort*, with the party. He relieves you of all the anxieties of the independent traveler. You are, in fact, more independent in a real sense than the so-called independent traveler as you are entirely free to enjoy to the fullest extent the pleasures of your trip. Go on an "Overland Route" Circle Tour this summer and make the most of your vacation!

Tour Costs Are All-Inclusive on all "Overland Route" Circle Tours, as every necessary item of expense incident to the trip is included. There are no extras. Individual tips are considered purely personal and optional with the passenger.

Rates for Children under twelve years of age will be furnished upon request. They are entitled to half fare railroad transportation and various other reductions in tour privileges.

The Woman Who Travels Alone is sometimes hesitant about taking an extended vacation trip. "Overland Route" Circle Tours offer an opportunity to bridge this difficulty and she can enjoy the trip of a lifetime amid congenial surroundings. The escort will introduce her to the other members of the tour party and will also look after her tickets, baggage, etc., insuring her against vexation and annoyance. Hundreds of women, as individuals, have joined our tours to avail themselves of a real, carefree vacation. The business man who cannot himself take a summer vacation can, with a feeling of complete security, send the women folks on our escorted tours to the National Parks.

Dining Car Meals on "Overland Route" Circle Tours are tastily prepared and served with a smile. The service, which is comparable to the best metropolitan hotel standards, adds to the pleasure of your trip.

Air Conditioning This summer all of our Escorted Circle Tours will be served by air-conditioned Dining and Observation Cars. We have also contracted for sufficient air-conditioned Standard Sleeping Cars to take care of our normal demands. However, some of our tours may exceed what we anticipate in number of passengers and it is probable that the extra sleeping cars required for this increased business may not all be air-conditioned as the demand for this type of equipment is very heavy. Therefore, we suggest early reservations to assure accommodations in air-conditioned sleeper. The "PNW" Tours, described on pages 45 to 48 will have air-conditioned equipment Chicago to Tacoma; this type of equipment will not be available on the return trip. On our "BC" Tours, described on pages 41 to 44, Tourist Sleeping Cars will be used. Due to the vast air-conditioning program it does not seem probable that there will be available air-conditioned tourist sleeping cars for these tours.

Hotels and Lodges in all National Parks are under the jurisdiction of the National Park Service, Department of the Interior, who desire that all visitors to the Parks be accommodated. Consequently, single rooms are not always available.

In Yellowstone you have the choice of two types of accommodations, the rustic lodges or the hotels. The rates via the hotels are based on minimum accommodations. Rooms with bath are usually available, if arranged for in advance, at an additional charge of \$1.00 to \$2.50 per day per person, according to the number of people using bath and location of the room.

In the Utah-Arizona Parks the popular rustic cabins are used and rates are based on minimum accommodations. De Luxe Cabins with bath are usually available, if arranged for in advance, at an additional charge of \$2.00 to \$4.50 per day per person.

In Rocky Mountain National Park tour rates are based on minimum accommodations, however rooms with bath are usually available, if arranged for in advance, at an additional charge of \$1.00 to \$2.00 per day per person.

In Yosemite tour rates are based on De Luxe Cabins with bath at Curry Lodge. Accommodations with bath are usually available, if arranged for in advance, at the Ahwahnee Hotel, Yosemite Valley, at an additional charge of \$3.60 per person.

In Mount Rainier National Park tour rates are based on rooms with bath at Paradise Inn.

When passengers request reservation of rooms with bath in Yellowstone, Rocky Mountain or Utah-Arizona Parks, this department will gladly ask for such accommodations; however *the additional charge involved must be paid direct by passenger to each hotel or lodge.*

Rates quoted for "YRG," "S-YRG," "S-YR," "ZRG," and "RM" Tours are based on double rooms with bath at all hotels except in the National Parks, which rates are outlined above. Single rooms with bath will be arranged for any passengers desiring them; however, *the slight additional charge involved must be paid by the passengers direct to each hotel.* Tour "BC" rates are based on double room with bath at all hotels, except the U. S. Grant at San Diego where, account of the Exposition demands, rooms with detached bath will be provided.

Personal Service Representatives of the Department of Tours, the Chicago & North Western Railway and the Union Pacific System, are prepared to assist you in every way—supplying detailed information, making reservations and booking passengers for the tours. If you desire, a representative will call at your convenience to assist with your travel plans. There is no charge for this and it entails no obligation. It is just a part of the friendly service of this department.

Service by Correspondence Feel free to write fully and ask any questions whatsoever in connection with any phase of western travel. With an intelligent understanding of the problems confronting persons wishing to secure the greatest benefits from a Western vacation trip, the Department of Tours is prepared to render a real service to those making inquiry by mail.

Wearing Apparel Warm summer days suggest summer lightweight clothing, yet the cool, invigorating nights in the mountains make medium weight wraps necessary—top coats, sweaters, weatherproof outer garments. Outing clothes; knickers, jackets, stout shoes or boots are a comfort. A pair of colored glasses will be invaluable.

Baggage Trunks are unnecessary. A suit case or bag will hold sufficient clothing for your entire trip.

One piece of baggage weighing not more than twenty-five pounds will be carried free by the automobiles in the National Parks. If it is desired you may carry a small overnight bag with you, in addition to this. The Department of Tours assumes no responsibility for baggage or personal effects, but in the event of damage, delay or loss, will do all in its reasonable power to lessen the hardships incurred. Upon departure from Chicago your escort will furnish you with special baggage tags, bearing your name and address. These tags should be attached to all baggage.

Church Services Your escort will be fully informed regarding church services at various places visited on Sunday. Many passengers using the tours which leave Chicago Saturday, take the train from Chicago which leaves at 6:10 p. m. and arrives Omaha at 7:20 a. m. This gives them sufficient time to attend church at Omaha and later have breakfast in the depot dining room or on the train. Coupons are provided which will be honored at either place.

Mail and Telegrams should be addressed to the various hotels shown in the "Detailed Schedule" of the Trip. Specify, "Member of C. & N. W. Un. Pac. Overland Route Tour 'Y-1,' 'Z-1,' " or whatever the particular designating letter and number may be. The Post Office Address of all hotels and lodges in Yellowstone Park, is Yellowstone National Park, Wyoming. In the Utah-Arizona Parks, addresses are as follows: Zion Park Lodge, Zion National Park P. O., Utah; Grand Canyon Lodge, Kaibab Forest P. O., Arizona; Bryce Canyon Lodge, Bryce Canyon P. O., Utah.

How to Join Our Tours Persons desiring to join an "Overland Route" Circle Tour should send their

names to be registered as early as possible. Simply fill in the reservation blank at bottom of page 56, and mail to any representative listed on pages 56 or 57, being particular to supply all the information requested thereon. Reservations will then be made. Remittance should be made not later than ten days before departure of tour, but when this is inconvenient, we will upon request, hold reservations longer. Persons prevented from going may secure refund in full, provided reservations are cancelled before 1:00 P. M. on date of departure.

Check in at Window 32, ground floor Chicago & North Western Railway Terminal, Canal and Madison Streets, Chicago, Ill., at any time up to 15 minutes before departure. Here you will meet your escort and receive a copy of the "personnel" of the trip. If joining at some point other than Chicago, look up your escort as soon as possible as he will also be on the lookout for you.

Purchase Railroad Ticket at Your Home Station Passengers coming from points other than Chicago may join our tours at Chicago or at any regular stopping point en route. To obtain full benefit of the low round-trip summer tourist (season) railroad fare or of any special low fare in effect from points east and southeast of Chicago, railroad tickets should be purchased from home station, reading via the route of the tour, as shown at the bottom of this page.

Important In the sale of these tours the Department of Tours acts only as agent for the various hotels, transportation companies, railroads, etc., and assumes no responsibility for loss or damage to baggage or injury to persons. Rates and train schedules quoted herein are subject to such change as tariff or operating requirements, which cannot be foreseen at time this book is issued, may later demand.
