Yellowstone

NATIONAL PARK

ELLOWSTONE will solve the vacation problems of many this summer. And it's not to be wondered at. In Yellowstone there is more to see—more different sorts of things—more strange and curious things—more scope, more variety than in any other of our National Parks.

Yellowstone is vast, wild, unspoiled. It has lofty peaks, immense lakes, majestic rivers, wild flowers in profusion. It has forests, living and fossil—it has glaciers at its borders—and, in addition, the matchless canyon and the amazing geysers. Truly, it is Nature's Curiosity Shop—boiling springs, mud-volcanoes, multi-colored canyons, waterfalls; and as for geysers, there are more here than in all the rest of the world together. And no other place holds within its borders such numbers of so many different species of native American big game.

In Yellowstone you travel and live in perfect comfort. You can photograph a friendly bear in its native habitat and eat a course dinner within the same hour—see buffalo, moose, elk and deer from the comfortable seat of an automobile—view geysers, the canyon, lofty mountains and flashing mountain lakes and streams, yet sleep in a bed as good as the one you left at home. There is no discomfort—no danger, no weariness to mar your pleasure. You cannot help but enjoy your Yellowstone days.

Old Faithful in Action — Yellowstone National Park

Nor are the pleasures of Yellowstone restricted to daylight hours. Evening entertainment is varied and enjoyable. You may dance to the siren strains of an enchanting orchestra—find fun and diversion around the campfire—and for something instructive as well as entertaining, there's the nightly talk by the Park Ranger-Naturalist. And most everyone goes out to see the bears at their evening meal—they're a whole show in themselves.

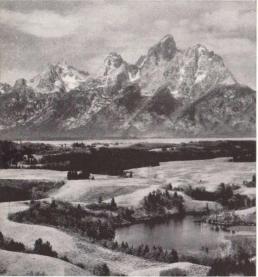

When you see Yellowstone you will naturally want to see it all. And you can. All of our Yellowstone tours enter the park at West Yellowstone, conveniently situated at the park boundary. Each makes a complete circle tour of the park (see map on page 8), visiting all the innumerable show places in the sequence of their importance. Indeed, with one of our tours you will find that you see *all* of Yellowstone.

The approach to this most famous of all our National parks is superbly scenic. The air-conditioned car you boarded at Chicago approaches the park over a line the Union Pacific built with the major aim of giving you quick access to Yellowstone's fascinations. Your vacation dreams need brook no delay.

After leaving Pocatello, Idaho, you swing northward through fertile, irrigated farmlands and

Through Warm River Canyon en route to Yellowstone

You see the Mighty Tetons

Watching Old Faithful from the Inn's veranda

orchards to Idaho Falls. From there you come gradually into the heavily forested mountainous region to the north. As you near Yellowstone, you rise gradually . . . more than 2000 feet between Pocatello and West Yellowstone . . . for Yellowstone is a great plateau ringed with mountains and is literally "on top of the world," as the Continenal Divide cuts across the Park.

You travel up the winding and picturesque valley of the Snake River, catching glimpses of many memorable snapshots from the amazing camera of Nature...the narrow basalt channel of the Snake River...Caribou Peak... Three Buttes. At Ashton an oil burning locomotive replaces coal, for you are now entering the stately Targhee National Forest with its miles and miles of beautiful pines, which must be guarded against stray sparks.

You view the mighty Teton Mountains. It's a thrill you'll long remember . . . rugged Alp-like peaks silhouetted against the eastern horizon, their snowy crests visible from afar. It has been said, "The Tetons look more like you would expect mountains to really look than any other range in America."

Presently you come to Rea's Pass on the crest of the Continental Divide, and it is only a short distance from there to West Yellowstone, the Park's most popular gateway. It is used by more visitors annually than any other entrance because of the splendid transportation over this route and the fine scenic approach. Then, too, it is the nearest to the geyser basins . . . a Yellowstone feature everyone is eager to see first of all.

At West Yellowstone you make a convenient change from train to automobile. There is no delay. You enter the park immediately and are on your way through the Madison Canyon to "Geyser Land." It is a leisurely trip and rightly so—there's much to see and you simply must see it all... Old Faithful Geyser, Castle Geyser, Grand, Beehive, Riverside and many others. You marvel at it all—gaze in wonderment at the freaks that Nature has produced—never tire of searching for new thrills, which you are always sure to find.

After seeing all the sights around Old Faithful you again board the automobile for an interesting ride past Shoshone Lake, crossing the Continental Divide twice within an hour, and to beautiful Yellowstone Lake, 7,760 feet above sea level, the largest lake in America at such a height. Here you stop for close-ups of Fishing Cone and the ceaselessly boiling "paint pots"; then on to the Grand Canyon of the Yellowstone, pausing en route at weird Mud Volcano and Dragon's Mouth Spring. At Artists Point you catch your first breath-taking glimpse of the Canyon and Falls.

For grandeur, majesty and color no single spectacle in Yellowstone compares with the Grand Canyon. Were there no geysers this alone would be reason enough for visiting this unique region. Cut 1200 feet through a forested plateau, its precipitous sides are carved and fretted in a thousand curious formations, and the whole is streaked and spotted in every shade from deepest orange to faintest

lemon; from deepest crimson to softest pink; from black through grays and pearls to glistening white. Toward the southern end magnificent Great Falls, twice the height of Niagara, rushes seemingly out of the pine-clad hills and pours downward to be lost in green. Viewed from either Inspiration Point or Artist Point it is indeed a matchless spectacle. Rudyard Kipling, who saw the Canyon and Falls in 1899, wrote with a master's lyric touch of its depth and color-"All I can say is that without warning or preparation I looked into a gulf more than a thousand feet deep, with eagles and fish hawks circling far below. And the sides of the gulf were one wild welter of color-crimson, emerald, cobalt, ochre, amber, honey splashed with port wine, snow-white, vermillion, lemon and silver gray in wide washes. The sides did not fall sheer, but were graven by time and water and air into monstrous heads of kings, dead chiefs-men and women of old time. So far below that no sound reached us, the Yellowstone River ran, a finger-wide strip of jade green. The sunlight took those wondrous walls and gave fresh hues to those that Nature had already laid there. Evening crept through the pines that shadowed us, but the full glory of the day flamed in that canyon."

Your last day's trip in the park is most interesting. First along the canyon. Then past Point Lookout, Grand View, and up through Dunraven Pass to Tower Falls, the most graceful cataract in the park. Just beyond, in Tower Canyon, you see the slender, tower-like rock formation known as The Needles. Tucked among them is one gigantic pinnacle, The Needle, nearly 300 feet high and the largest formation of this type extant. Near here also is an impressive cliff of columnar basalt known as the Overhanging Cliff. Many interesting sights are seen on this road, including Elk Creek, Blacktail Creek, Beaver Dam and House, Wraith Falls and Undine Falls. Mt. Everts, Bunsen Peak and Electric Peak, the highest in the Park, come into view, and a quick shift of the dazzling scenery brings you to Mammoth Hot Springs. Before luncheon there is a trip with the ranger-naturalist over the trails to see all of the beautiful terraces in their varied tints and hues. The afternoon drive is packed with weird sights-Hoodoos, Apollinaris Spring, Obsidian Cliff, Roaring Mountain, Norris Geyser Basin, the earth's thinnest crust, Chocolate Pots and Gibbon Falls.

When you have seen it all with your own eyes you will know that you have been as near to Nature's secret laboratories as it is possible for any human to get!

Salt Lake City, Utah

Salt Lake City, the capital of Utah and of the Inter-Mountain empire, has much to offer the vacationist beyond its early Mormon associations and its great salt sea. Nestling in the curve of a huge crescent formed by the canyon-

Yellowstone's woodchucks are friendly

The bears are a "show" in themselves

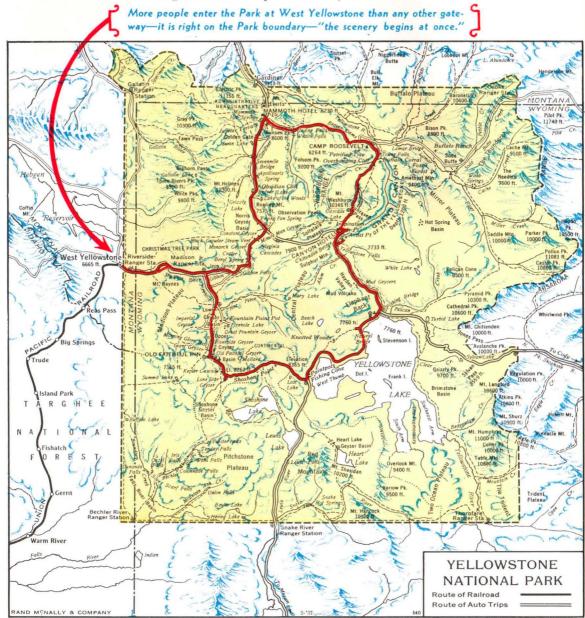

The pinnacles of Tower Canyon

divided peaks of the Wasatch Mountains, and with the great lake in its front yard, it is aptly termed, "The most entrancingly beautiful city in America."

As its beauty appeals to the esthetic part of your nature, so do Salt Lake City's resorts and places of amusement appeal to your desire for wholesome diversion. Saltair, the only bathing beach of its kind on the western hemisphere, is one of these. Your experience here is little short of phenomenal. If you wish, don a bathing suit and step into the water—then feel yourself literally lifted off your feet! Sink? You can't! The water, a solution of 25 per cent salt, buoys you up as though you were a feather!

Nearly every visitor to Salt Lake City gives his attention first to Temple Square. On this farfamed ten-acre plot has been built the Temple, Tabernacle, Museum and other buildings of the Latter Day Saints (Mormon) Church. The marvelous acoustic properties of the huge, domeroofed Tabernacle, which was constructed without the use of nails, and the mellow-toned pipe organ which it houses, are among the world's wonders. The tour parties visit Temple Square and the Tabernacle for the organ recital as a special courtesy of the Mormon Church.

TOUR "WY" . . . \$114.64 7 Days . . . ALL-EXPENSE

> Leaving Chicago on Sunday All Meals Are Included in the Cost

This summer some of our patrons will wish to be away from business or home for only a week. To them we say frankly, "Join a 'WY' Tour and see Yellowstone."

The "WY" Tour will leave Chicago on Sundays; and not only permits you to see *all* of Yellowstone National Park—Geyserland, Canyon, Falls, Mammoth Hot Springs and Terraces—but also provides a full day of sightseeing in Salt Lake City, fascinating capital of Utah, with its historic Mormon shrines.

The map on the opposite page tells the story of this outstanding vacation tour. Observe how completely you circle America's most popular of all national parks. Nothing of importance is omitted.

Frankly, there is no easier way to "do" Yellowstone, and certainly no other way that so ideally combines *completeness* with *real economy*. Then, too, you travel in luxurious comfort . . . your train is air-conditioned . . . accommodations are first-class . . . meals so delicious that even lagging appetites respond . . . and your sightseeing automobiles are roomy and easy riding.

Seems worth while, doesn't it? It is! The day-by-day story on the following pages is a foretaste of its amazing value.

They say

So carefully planned, so perfectly timed, and the carefree part of it all—not forgetting our very able and friendly Escort who not only made this a very delightful trip, but a very friendly one as well.

Day by Day Story of "WY" Tours

Sunday You leave the Chicago & North Western Station, in Chicago, at 10:25 p.m. Standard Time. Your train is the popular Portland Rose, and one glance at its spic-and-span interior tells you that here are all the comforts to make your trip to Yellowstone enjoyable and carefree. While you enjoy undisturbed sleep in your snug berth, your train speeds smoothly across Illinois and Iowa.

Monday Breakfast in the cool, air-conditioned atmosphere of the Dining Car... a pause at Omaha... then a pleasant journey westward across Nebraska's well cared for fields. Late in the afternoon you clip the corner of Colorado, and soon you are in Wyoming. Even though you may never have been West, you will recall these names—Cheyenne, the capital city... Sherman Hill, highest point en route... Laramie, site of the state university. All meals are served in the Dining Car and so delicious will you find them that your appetite will need no prompting. Time passes pleasantly as you view the passing scenery, read the current magazines in the Club Car, or perhaps enjoy a game of bridge with other members of your party. During the night you pass Rawlins and Green River, Wyoming. Into Idaho in the early morning hours.

Tuesday Pocatello shortly after 9:00 a.m. You are on the last lap of your journey to Yellowstone. The beauty of the scenery is a foretaste of what is to come—Targhee Forest, Rea's Pass, Warm River Canyon—then West Yellowstone in mid-afternoon, most popular entrance to America's most popular national park.

It is but a step from train to waiting automobiles, and away you go for your first glimpse of Geyserland. Your destination is Old Faithful Inn, and en route you pause at Riverside, Grotto and Giant Geysers; at Fountain Paint Pots—in reality molten clay; at Morning Glory Pool—so named because of its delicately tinted, flower-like cone. Here, too, is Firehole Lake, and as you peer into its depths you can readily imagine that beneath its waters are blue flames jetting from some underground furnace. You are in geyser-land, and your home is Old Faithful Inn. But a step from the Inn is Old Faithful itself, renowned for the regularity with which it goes into action.

Wednesday Breakfast at the Inn and all morning to explore this strangest of all strange places. After luncheon into automobiles for an adventure trip to Grand Canyon and Canyon Hotel. Many are the fascinating thrills you will experience en route: Kepler Cascades . . . across the Continental Divide at Isa Lake, whose waters flow into both the Atlantic and the Pacific . . . sparkling Yellowstone Lake, largest body of water in America at this altitude . . . Fishing Cone and Thumb Paint Pots. Stops are made for leisurely inspection of the more interesting sights. Then Mud Geyser . . . Dragon's Mouth Spring . . . Artists Point, where you get your first inspiring glimpse of Yellowstone's famous Grand Canyon and Falls. No other spectacle in Yellowstone compares with the canyon for majesty and color. You can see it from many vantage points. Trails along the canyon rim lead to Inspiration Point, and there are stairs that will take you to the very brink of the Falls.

Dinner at Canyon Hotel...then more diversion. There's music and dancing at the hotel. And a moonlight stroll is anything but commonplace at Canyon—the stars are brilliant and seemingly so near one can almost reach up and pluck them from the firmanent.

Thursday Another day of Yellowstone thrills. After breakfast into waiting automobiles and over Dunraven Pass to Tower Falls with its numerous towers and pinnacles. Just beyond is The Needle, its slender shaft extending nearly three hundred feet high, the longest formation of this kind known. Your destination is Mammoth Hot Springs and en route are many interesting sights . . . Wraith Falls and Undine Falls . . . Mt. Everts and Bunsen Peak . . . Electric Peak, highest in the Park. A tour of the color-splashed, vari-tinted terraces precedes luncheon at Mammoth Hot Springs. Early afternoon and you are again on your way, and again you feast your eyes upon Yellowstone's eerie formations . . . Obsidian

Cliff, Roaring Mountain, Norris Geyser Basin, Gibbon Falls. West Yellowstone in time for dinner. In the early evening you board your train for Salt Lake City.

Friday Utah's capital and home of the Mormons—Salt Lake City. You transfer to the Hotel Utah for breakfast, then away for an all-morning sightseeing trip, terminating at noon for the organ recital in the Tabernacle. Out to Saltair Beach in the afternoon. Go for a dip if you like—enjoy the sensation of bathing in water that buoys you up like a feather—where you could not sink even though you tried. Board train again at dinner time. Every comfort of modern travel is yours.

Saturday-Sunday Homeward bound! You traverse Wyoming, even today strongly reminiscent of the days when colorful cattle barons ruled the land; then across Nebraska, where fields of grain nod in the sunlight. In the evening Omaha...Sunday morning Chicago. Superb comfort has been yours every mile of the journey; delightful companionship every hour of the trip; scenic thrills everywhere you went. While your Yellowstone vacation has come to an end, you'll say it was one of the finest vacations you ever had...and probably the most economical.

TOUR "Y" \$121.23 8 Days . . . ALL-EXPENSE

> Leaving Chicago on Saturdays and Wednesdays All Meals Are Included in the Cost

Yellowstone!—Who has not thrilled at the thought of seeing this most famous of our national parks? Here Nature outdoes herself and with a lavish hand places before her guests the choicest of her many wonders—geysers that hiss and steam; towering waterfalls; canyons of striking hue and color; hot springs; mud volcanoes; paint pots that bubble and gurgle; and, within the boundaries of the park, an amazing variety of wild life, including buffalo, elk, deer, moose, mountain sheep and the always inquisitive, ever laugh-provoking bears.

Fortunately, this summer you can see all of Yellowstone within the span of a week's vacation; besides, include beautiful Salt Lake City, home of the Mormons, for a full day of interesting sightseeing.

Our "Y" Tour was designed for those who have but a short time at their disposal. It is a bargain in every sense of the word, for, although the cost is low, there isn't a worth-while feature either in Yellowstone or Salt Lake City that you do not see. And remember, this is an escorted, all-expense tour—you have no cares or responsibilities. Instead, every moment of your vacation is devoted to pleasure. For you have a front row seat at *Nature's Most Stupendous Production*.

Interested? Then turn the page and read the day-by-day story of the tour.

They say.

This was my first conducted tour and the longest distance traveled. It was amazing how much territory was covered in so short a time and for the price paid. Nothing but the very best was included in this tour. Surely the tour way is not only the carefree, low cost way, but the ONLY WAY. C.A.H., Randolph, N. T.

Day by Day Story of "Y" Tours

Saturday or Wednesday With every detail cared for by a staff of travel experts who attend you at the Chicago & North Western's Chicago Passenger Station, you leave on one of the Overland Route's completely air-conditioned trains. You travel across agricultural Illinois and Iowa at night and will enjoy your comfortable Pullman.

Sunday or Thursday In the morning you pause at Omaha where your train begins its swift flight over the Union Pacific's boulevard of steel. Across Nebraska's grain fields and into Wyoming—Cheyenne, the famous Sherman Hill, Laramie, then Creston where you cross the Continental Divide. Your dining car meals, an important part of any transcontinental rail trip, will be a source of particular joy, as also will the roomy observation car.

Monday or Friday You arrive at West Yellowstone, Mont., in the afternoon after traversing a mountainous region whose ever-changing series of panoramas is unequaled. In succession stately Targhee Forest—Rea's Pass—Warm River Canyon . . . then West Yellowstone and a new world of wonders.

The comfortable automobiles, which carry you to Old Faithful Inn for your first overnight stop, pause en route at Riverside, Grotto and Giant Geysers, Fountain Paint Pots—in reality molten clay, Morning Glory Pool—so named because of its flowerlike, delicately tinted cone, and other interesting formations. Peer deeply into Firehole Lake and you can readily imagine that underneath the water are blue flames, jetting from some underground furnace.

In the evening dance to melodious strains—enjoy the entertainment and Ranger-Naturalist lecture—or just rest and watch Old Faithful go through its performance with a giant searchlight playing on it—a truly unforgetable scene.

Tuesday or Saturday Old Faithful, just a step from the inn, is the favorite among the geysers because of its regularity. You have all morning to explore this "weirdest spot in the universe." You may join a group conducted by a ranger of the National Park Service, or you may "go-as-you-please." You will see other unusual sights—such oddities as Black Sand Pool, a hot springs described by its own name. Sapphire Pool, as blue as the gem for which it is named.

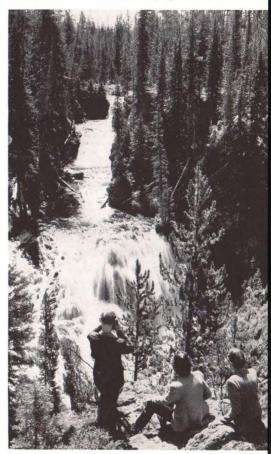

After lunch you leave Old Faithful Inn and motor across the Continental Divide. Incidentally, crossing the Divide is a memorable event for here the waters divide, on one side flowing toward the Atlantic, on the other toward the Pacific. Your destination is Grand Canyon, but en route many are the amazing spectacles that greet your eyes. You stop at Kepler Cascades, then on to Yellowstone Lake, pausing on the shores of this mountain-girded body of water—the largest at this altitude—to see Fishing Cone, Thumb Paint Pots and other interesting formations. Late afternoon you arrive at Grand Canyon Hotel.

Wednesday or Sunday The Grand Canyon of the Yellowstone! Words fail you as you view this mighty cataract of water coursing ceaselessly and thunderously down its precipitous incline. Naturally, you will wish to view it from many vantage points—afoot, in the saddle, by automobile—and you catch your breath at each new view. More than twice the height of Niagara, Yellowstone Falls is a world spectacle in its own right. Ali day is yours at the Canyon to go where you please, do what you will. Dancing, bridge, entertainment galore enliven the evening hours.

Thursday or Monday A fascinating motor trip is made over spectacular Dunraven Pass. You stop at Tower Falls, well named because of the numerous towers and pinnacles. Nearby is the lower end of the Grand Canyon of the Yellowstone, with its perpendicular cliffs more than five hundred feet high. Fine views of Electric Peak, Mount Everts and Bunsen Peak are seen before arriving at Mammoth Hot Springs. The morning trip is doubly interesting as it is through the most densely forested section of the park. Even though the forest growth covers fully eighty percent of the park area, the most beautiful specimens of fir, balsam, spruce, cedar and aspen are to be found on this trip. The museum at Mammoth will interest you. An inspection is made of the terraces of Mammoth Hot Springs, which stand without counterpart in the world, then luncheon. You motor past dazzling Obsidian Cliff, see Gibbon Falls and hundreds of other interesting sights—stop at Norris Geyser Basin—and arrive at West Yellowstone in time for dinner. Then an overnight journey to Salt Lake City.

TOUR "SY" . . . \$127.81 9 Days . . . ALL-EXPENSE

> Leaving Chicago on Sundays All Meals Are Included in the Cost

Spectacular is the name for Yellowstone . . . where rugged knuckles of mountains reach for the sky . . . where shimmering blue lakes mirror the soft whiteness of lazy floating clouds and waterfalls tumble and transform themselves into silver sprays and frosty rainbows.

In this land of the strange and the beautiful you will discover many unusual things—towers of water shooting from the earth . . . bubbling paint pots . . . mud volcanoes . . . canyons etched with sparkling brilliancy . . . and an amazing variety of wild life. Yes, right in the park you will find buffalo, elk, deer, moose, mountain sheep and bears. And to see the bears of Yellowstone is to see something . . . they somehow have discovered the secret of "how to win friends and influence people."

Our "SY" Tour is an exceptional travel buy. Not only does one low charge cover every item of expense; not only does an experienced escort accompany you all the way—the tour is also designed to give you additional time in Yellowstone—an extra day at Old Faithful Inn and an extra day at the Grand Canyon. Included in the tour is a full day of sightseeing in Salt Lake City, fascinating capital of Utah, with its historic Mormon shrines. You have no responsibilities or cares—you travel the carefree way—every precious moment is yours to enjoy to the utmost.

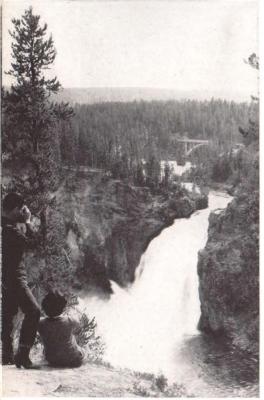

The day-by-day story on the following pages at best can only indicate how thrilling the "SY" Tour is. You'll enjoy reading it.

They say-

I am very enthusiastic about the "SY" tour that I have just completed. I never saw anything better managed. There was never any confusion; never any "herding." We had the best of rooms, food and service with no effort on our part and with the least display on the part of the escorts.

Day by Day Story of "SY" Tours

Sunday When you leave the Chicago & North Western's Chicago Passenger Station, simply relax and enjoy yourself, because every travel detail has been attended for you by travel experts. Step aboard your train, the Portland Rose—it's completely air-conditioned—enjoy the clubby atmosphere of the attractively appointed and roomy lounge car—to bed in your comfortable berth while your train speeds smoothly through the night, across Illinois and Iowa.

Monday Omaha in the morning, then across Nebraska's golden grain fields and into Wyoming—Cheyenne, the famous Sherman Hill, Laramie, then Creston where you cross the Continental Divide. Dining car meals are always an exciting interlude, and on a transcontinental rail trip they become an outstanding event.

Tuesday You arrive at West Yellowstone, Mont., in the afternoon after traversing a mountainous region whose ever-changing series of paneramas is unequaled. In succession stately Targhee Forest—Rea's Pass—Warm River Canyon . . . then West Yellowstone and a new world of wonders.

The comfortable automobiles, which carry you to Old Faithful Inn, pause en route at Riverside, Grotto and Giant Geysers, Fountain Paint Pots, Morning Glory Pool—a delicately tinted cone with a flowerlike shape, and many other unusual and interesting formations.

Firehole Lake is an experience—peer deeply into its watery depths and you see a sight so fantastic that it awes you. Blue flames flash and flicker as if some underworld worker were busy at his gas blast furnace.

Arriving at Old Faithful Inn you prepare for a two-night stay. Tonight you will be entertained with music—dance if you wish or join a group at the Ranger-Naturalist lecture—or just rest and watch Old Faithful go through its performance with a giant searchlight playing on it—a truly unforgettable scene.

Wednesday Old Faithful, just a step from the inn, is the favorite among the geysers because of its regularity. You have all day to explore this "weirdest spot on the universe," either conducted by a ranger of the National Park Service, or you may "go-as-you-please." You will see other unusual sights—such oddities as Black Sand Pool, a hot springs described by its own name, and Sapphire Pool, as blue as the gem for which it is named.

This evening, like all evenings in Yellowstone, is beyond compare—the combination of star-studded skies, campfires, soft re-echoing strains of music, create an enchanted setting, and it's wonderful.

Thursday You leave Old Faithful Inn in the morning and motor across the Continental Divide. Crossing the Divide is a memorable event for here the waters divide, on one side flowing toward the Atlantic, on the other toward the Pacific. Your destination is Grand Canyon, but en route many are the amazing spectacles that greet your eyes. You stop at Kepler Cascades, then on to Yellowstone Lake, pausing on the shores of this mountain-girded body of water—the largest at this altitude—to see Fishing Cone, Thumb Paint Pots and other interesting formations. Before you arrive at Grand Canyon Hotel you get a breath-taking view of the Grand Canyon from Artists Point.

The Grand Canyon of the Yellowstone! A tumbling, twisting silver cataract of water courses ceaselessly down its precipitous incline,—it's a view that will stamp itself indelibly on your mind. Naturally, you will wish to view it from many vantage points—afoot, in the saddle, by automobile—each new view is a never-to-be-forgotten picture. More than twice the height of Niagara, Yellowstone Falls is a world spectacle in its own right.

Friday All day is yours at the Canyon to go where you please, do what you will—dancing, bridge, entertainment galore enliven the evening hours.

Saturday A fascinating motor trip is made over spectacular Dunraven Pass. You stop at Tower Falls, well named because of the numerous towers and pinnacles. Nearby is the lower end of the Grand Canyon of the Yellowstone, with its perpendicular cliffs more than five hundred feet high. Fine views of Electric Peak, Mount Everts and Bunsen Peak are seen before arriving at Mammoth Hot Springs. The morning trip is doubly interesting as it is through the most densely forested section of the park. Even though the forest growth covers fully eighty percent of the park area, the most beautiful specimens of fir, balsam, spruce, cedar and aspen are to be found on this trip. The museum at Mammoth will interest

you. An inspection is made of the terraces of Mammoth Hot Springs, which stand without counterpart in the world, then luncheon. You motor past dazzling Obsidian Cliff, see Gibbon Falls and hundreds of other interesting sights—stop at Norris Geyser Basin—and arrive at West Yellowstone in time for dinner. Then an overnight journey to Salt Lake City.

Sunday Salt Lake City—to the beautiful Hotel Utah for breakfast, after which you are invited to attend an organ recital and a KLS broadcast from the Mormon Tabernacle. An automobile tour of the city gives you an interesting picture of Mormon culture.

After luncheon at the Hotel Utah, you motor to Saltair Beach—ample time for a dip in the "strange-as-it-seems" unsinkable waters of this unique salt sea—then you return to your train for the journey home.

Monday Across Wyoming and Nebraska via the Overland Route, surrounded by every travel luxury. Again the delicious dining car meals add infinitely to your contentment.

Tuesday You have traveled, enjoyed western beauty and grandeur—you will long remember every moment—and next year and the years following you will perhaps, like so many others, have a nostalgic yearning for other western vacations.

Royal Gorge of the Arkansas—It defies description

Yellowstone National Park Salt Lake City • The Royal Gorge Colorado Springs and Denver TOUR "YRG" \$139.41 10 Days ALL-EXPENSE

Leaving Chicago on Saturdays and Wednesdays All Meals Are Included in the Cost

During the many years that we have been operating our "YRG" Tours there has never been a season when they were not pre-eminently popular. There are many reasons for this. "YRG" meets the time requirements of almost everyone; it includes every worth-while attraction of these popular vacation regions; the cost is most reasonable.

You see Yellowstone, of course—all of its amazing phenomena—you are over night at Old Faithful Inn and two nights at Grand Canyon Hotel. Then beautiful Salt Lake City; through the Royal Gorge of the Arkansas during daylight hours; finally, the glories of Colorado.

Mark well that nothing has been skimped. In Colorado Springs, for example, the program includes the colorful Garden of the Gods, ever popular Pikes Peak and Manitou; two nights at the Antlers Hotel; a motor trip, in constant sight of mountain ranges, from Colorado Springs to Denver. In Denver the arrangements include a memorable automobile tour over boulevards, through parks and residential sections. You will see the United States Mint, the Colorado State Capitol and the Denver Civic Center.

So we say, without fear of contradiction, that our "YRG" Tour is incomparable. It is the *complete vacation*, yet the cost is surprisingly little. Read the day-by-day description on the following page.

They say-

It was my first escorted tour so naturally I did not know what it would be like. It passed all my expectations I certainly received my money's worth before it was half over... No one should ever hestitate to take one of your tours because they are everything you say they are in your tour book plus much more.

H.E.K., Rochester, N. Y.

Day by Day Story of "YRG" Tours

Saturday or Wednesday Your vacation thrills begin at the North Western Station in Chicago as you join the gay, expectant crowd that is to be your Tour Party. You step aboard a cool, completely air-conditioned train and before long you sink into peaceful slumber and dream of the wonderful things you're going to see and do in the next ten days.

Sunday or Thursday From Omaha you speed westward toward the setting sun across Nebraska and Wyoming, following the upstream course of the Platte River. It is the route of the old Oregon Trail. Very peaceful it looks now, but this valley was for years the scene of bitter struggles with the implacable Sioux. It is the natural thoroughfare followed by fully nine-tenths of the early emigrants to the west. It still remains the shortest and the most popular route to the west. The happy, holiday spirit of your companions is infectious. You have all day to become acquainted.

Night falls and after retiring to your comfortable berth, you perhaps think of all the fascinating new sights of the day, the interesting new acquaintances you have made and of the train itself. And as you reflect on the smoothness of the ride, the superb service, the satisfying goodness of the food and all the other travel niceties you have been enjoying you know you'll never travel any other way. You have reached the Trail's End of Luxurious Travel.

Monday or Friday You're in Idaho; then into Montana, for the last lap of your journey to Yellowstone. You travel along the rapids of Warm River and through its narrow gorge. Then follow the Snake River into that beautiful stand of virgin pine, the Targhee National Forest. Through the trees you see the spectacular Tetons on your right. They truly are the most "mountain-like mountains" in North America. No wonder the "Warm River Canyon Route" is the most popular entrance to Yellowstone. Your comfortable train takes you right to the park boundary.

Into the comfortable bus and on your way for a leisurely trip through the strangest, weirdest scene on earth. You proceed through Christmas Tree Park and your first stop is at Madison Junction Museum which is located at the junction of the Firehole and Gibbon Rivers. It was near here that the National Park idea was born . . . next you visit the Upper and Lower Geyser Basins. Here, collected into a rather small area are the geysers, bubbling paint pots, steaming springs and other curious freaks of nature that have made Yellowstone so famous. Late in the afternoon you arrive at Old Faithful, the king of all geysers. After dinner there is a variety of entertainment. The evening fades into the cool night. There is dancing, punctuated by those memorable intervals when the music stops and, as if by prearranged signal, everybody rushes out to catch a glimpse of Old Faithful "spouting." Suddenly a battery of colored searchlights catches the mighty geyser and turns it into a vision of splendor.

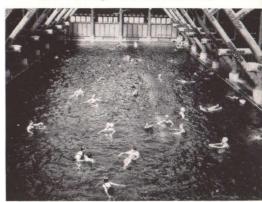

Tuesday or Saturday You may wish to join a hiking party, exploring the geysers and other curious formations nearby . . . or a horseback expedition . . . or a motor trip . . . or a swim in the unique pool fed by warm springs. Early in the afternoon you leave Old Faithful and turn east toward Yellowstone Lake . . . crossing the Continental Divide twice within the space of a few miles . . . stopping en route to examine the bubbling pools of colored mud known as "Paint Pots" and the famous Fishing Cone on the edge of the lake . . motoring along the beautiful lake shore for miles. You proceed to Mud Volcano and Dragon's Mouth Spring where a stop is made to view these weird spectacles . . . then a short drive along Yellowstone River to Artists Point for your first view of the glory that is Grand Canyon. The night is spent at Canyon Hotel, and again you find your accommodations all that could be desired.

Wednesday or Sunday A day you will long remember, as it is yours to be spent as you will at the Canyon. Fond of hiking? Then follow one of the trails that lead to the Canyon rim, or go down Uncle Tom's Trail to the foot of the Falls. The brilliant Canyon walls will enthrall you . . . and what thrills will be yours as your fascinated gaze rests upon the silvery waters rushing down seemingly out of nowhere.

For grandeur, majesty, and color, no single spectacle in Yellowstone compares with the Grand Canyon. Cut 1,200 feet through a forested plateau, its precipitous sides are carved in a thousand curious formations, and the whole is streaked and spotted in every shade from deepest orange

to faintest lemon; from deepest crimson to softest pink; from black through grays and pearls to glistening white.

Thursday or Monday All aboard for Mammoth Hot Springs ... via Dunraven Pass ... passing Tower Falls, The Needles and Wraith Falls. The most interesting day's journey of the entire Park trip! Jupiter Terrace, with its beautifully tinted sides glistening in the bright sunlight, is a sight you will long remember. Lunch at Mammoth Hot Springs, and in the afternoon you motor past Obsidian Cliff (Jim Bridger's Mountain of glass) ... visit the Norris Geyser Basin, Gibbon Falls and on to West Yellowstone for dinner ... entraining in the evening for Salt Lake City.

Friday or Tuesday Breakfast at Hotel Utah...then an interesting tour of this fascinatingly beautiful city...viewing many spots rich in memories of the hardy Mormon pioneers who conquered the wilderness of Utah. You see the Tithing, Beehive and Lion Houses, Liberty Park and the famous Tabernacle where you hear the noonday organ concert. In the afternoon an automobile tour to Saltair Beach where you may have a novel experience—a dip in the buoyant waters of Great Salt Lake. After dinner at the Hotel Utah you are off for Colorado.

Saturday or Wednesday A train ride you'll long remember ... all day amid lofty mountains, deep canyons, rushing streams ... through Eagle River Canyon ... past the awe inspiring Mount of the Holy Cross ... over Tennessee Pass. Then the Royal Gorge!

There is only one Royal Gorge! This mighty chasm, the Grand Canyon of the Arkansas River, defies description. Towering 1053 feet above the raging river, its walls come together until at one point they are but thirty feet apart. The sky is almost screened from sight. Your train threads its way along the banks of the surging stream on a narrow roadway blasted from the solid granite. You are in a land of rugged, dazzling mountain beauty. At one point the Valley widens disclosing the Sawatch Range, a cluster of ten peaks all above 14,000 feet in height. Late in the afternoon you arrive at Colorado Springs . . . your headquarters, the Antlers Hotel where you have room with bath for the next two nights.

Sunday or Thursday The morning is left open to attend church, for independent sightseeing or just to rest. After luncheon at the Antlers, automobiles take you into and through the Garden of the Gods, the ancient worshipping ground of the Ute Indians and one of Colorado's sightseeing "musts." Then through Manitou Springs where, according to Indian legend, the god Manitou breathed his healing breath into the springs so that they might effervesce everlastingly...over the historic Ute Pass to Cascade...on up to the summit of Pikes Peak, 14,109 feet above sea level. Over a century has passed since Lieutenant Pike said this famed peak would never be scaled by human beings, yet now you ascend it in safety and comfort. And what a rich scenic reward is yours when you reach the "top o' the world"—the view of Colorado's eternal peaks is indescribably magnificent! You return to Colorado Springs in time for dinner, and spend another restful night at the Antlers.

Monday or Friday After breakfast automobiles are waiting to take you on an enjoyable motor trip full of scenic surprises. After leaving Colorado Springs you travel along the foothills of the rugged Rocky Mountains . . . pass Palmer Lake, named for General Wm. J. Palmer, pioneer railroad builder. Along the route are many fantastic formations which require little imagination to call by name—Elephant Rock at once reminds one of an African jungle—Castle Rock overlooks a thriving community bearing its name. Soon you come into view of the superb skyline of the high front range mountain peaks overlooking Denver, an inspiring climax to the amazing panoramas of this far-famed region.

Your trip ends at the Cosmopolitan Hotel, one of Denver's finest. The balance of the morning and early afternoon is open to visit friends, catch up on correspondence, or to do some last minute shopping. A delicious luncheon is served at the Cosmopolitan. In the afternoon a memorable automobile tour of the mile-high city. You see the Civic Center, flanked by City, State and Government Buildings, the United States Mint, the Colorado State Capitol, Washington Park with its famous gardens and Cheesman Park with its hundred mile panorama of the Rocky Mountains. City Park shows you an extensive natural history museum, botanical gardens of exceptional beauty and interesting zoological gardens. You will be thrilled to have become more intimately acquainted with this interesting city. Your fascinating tour ends at the Union Station where you board a Union Pacific train for your journey back home.

Tuesday or Saturday Homeward bound across the quiet fields of Iowa and Illinois . . . arriving in Chicago at noon . . . with glorious memories, new friends, new enthusiasms . . . and new energy to tackle old jobs during the coming year. A vacation indelibly engraved on your Memory Book of the future.

TOUR "SYRG" \$145.99 11 Days ALL-EXPENSE

> Leaving Chicago on Sundays All Meals Are Included in the Cost

Do you favor a Sunday departure from Chicago? Many of our patrons do . . . and when their preference is the Yellowstone-Salt Lake City-Royal Gorge-Colorado combination, they find this tour ideal.

Our "SYRG" Tour is almost identical with that of the "YRG," described on the preceding pages. The only difference, aside from the Sunday departure, is the additional day that "SYRG" provides at Yellowstone. Many of our patrons are grateful for this extra time, which allows an extra night at Old Faithful and more time at Grand Canyon. For Nature's greatest of all shows never palls . . . additional hours simply represent new opportunities to behold these wonders before which an entire world stands in awe.

After Yellowstone, still other treats, equally interesting. Salt Lake City, home of the Mormons; the famous Royal Gorge of the Arkansas; Colorado with its snow-crested Rockies; Colorado Springs with trips to the Garden of the Gods and the summit of Pikes Peak; Denver, the mile high city with its scenic Parks and Boulevards. You'll be delighted with this tour and the price holds an especial appeal.

They say-

I selected the "SYRG" tour because it gave me more time in Yellowstone Park than any other tour that I could find and because it apparently gave me the most for the money. I feel that my trip was the most delightful, carefree vacation that I have ever had.

Day by Day Story of "SYRG" Tours

Sunday You leave Chicago from the "North Western" Passenger Station. Members of our staff will be on hand to assist you to get away to a perfect start. The clean, inviting, air-conditioned interior of your train augers well for a most enjoyable journey, and you settle down in comfort for the overnight run across picturesque Illinois and Iowa.

Monday Omaha, Nebraska at 10:00 in the morning. Here you stop long enough to permit a stroll about the Union Station. Moving stairways will take you from the train floor to the main waiting room above. Westward then across Nebraska on Union Pacific's "boulevard of steel." When meal time approaches "meals that appeal" await you in the Dining Car. Before the day is well under way you realize that you are approaching the West made memorable by the pioneers and famous in frontier history . . Grand Island . . . North Platte, where Central Standard Time becomes Mountain Time . . . Julesburg, the northeastern tip of Colorado . . . Cheyenne, once headquarters of the cattle barons . . . Laramie, site of Wyoming's state university.

Tuesday Through Warm River Canyon, the magnificient Tetons to the East... thence you follow the Snake River through the heart of stately Targhee Forest... over Rea's Pass... then after luncheon in the Dining Car, West Yellowstone. This is Yellowstone's most popular gateway, and rightly so, for you step from the train to waiting automobiles and shortly afterward enter the park.

You are now on your way for a leisurely trip through one of the strangest and most fascinating regions in the world. First, through Christmas Tree Park and your first stop is at Madison Junction Museum which is located at the junction of the Firehole and Gibbon Rivers. It was near here that the National Park idea was born in 1870 . . . next you visit the Upper and Lower Geyser Basins. Your destination is Old Faithful Inn, headquarters for the next two nights. Here in this region are more geysers than in all the rest of the world combined . . . besides, fountain paint pots, exquisitely colored pools, and Firehole Lake with its mysterious "blue flames" beneath the water.

There's plenty to do in the evening, with special entertainment in the Amphitheatre and dancing at the hotel. Old Faithful performs at regular intervals both day and night. At night floodlights are turned on and the play of light on Old Faithful adds an extra thrill to its high-flung steam and water.

Wednesday All day to do as you please. You are now in the geyser basin with plenty of time to become acquainted with Yellowstone's strange formations and unbelievable phenomena. You will see Castle Geyser, Grand, Beehive, Riverside, Grotto, Giant and many others: Surrounded by mysterious, fascinating things, you may, if you like, be one of a party to hike out over the formations accompanied by one of the Rangers . . . or you can join one of the saddle groups . . . or motor over to the more secluded spots for closer views of oddities of unusual appeal. Many will wish to go for a dip in the unique pool fed by warm geyser waters. Evening hours are equally pleasant . . . dancing, moonlight strolls, a talk by a Ranger-Naturalist.

Thursday After breakfast into automobiles and away again. You pass Shoshone Lake . . . cross and re-cross the Continental Divide within an hour . . . stop to view the Thumb Paint Pots and Fishing Cone . . . follow the shores of beautiful Yellowstone Lake, some 7,700 feet above sea level and the largest lake in America at this height . . inspect Mud Volcano and Dragon's Mouth Spring . . . then along the Yellowstone River to the Grand Canyon. At Artists Point you stop for your first glimpse of the Canyon and Falls. It is one of the high points of the trip—before you is the Canyon in all its pristine beauty and immensity, and apparently from out of nowhere rushes the water of the Great Falls to course down the canyon slope—a surging, foaming, roaring cascade, which is twice the height of Niagara.

Friday All day at Grand Canyon. And what a scenic surprise spreads before you. Cut 1,200 feet through a forested plateau, its precipitous sides carved and fretted in a thousand curious formations and the whole streaked and spotted with almost every shade and tint of the spectrum—this is Grand Canyon! At the head of the canyon the water of this magnificent Falls leaps from the evergreen hills and is lost in its

own cloud of swirling spray. You may see it from the saddle . . . by motor . . . or join a hiking party. There are many vantage points at the Canyon rim and some of the trails lead down to the very foot of the Falls. If the bears of Yellowstone interest you, you may wish to join the group which, in the early evening, is off to visit the bear feeding grounds. Their "performance" during mealtime is Simon Pure comedy and a rare treat.

After sundown the enchantment of a canyon evening holds you in its spell. The ultra-modern lounge beckons invitingly . . . the music of the dance, with its rhythmic flow of harmonies, should prove irresistible.

Saturday After a hearty breakfast at Canyon Hotel you board automobiles for the fascinating journey to Mammoth Hot Springs. En route you see spectacular Dunraven Pass...pass the Buffalo Corral... make a stop at Tower Falls to view its many peaks and pinnacles and to watch the graceful movement of water as it drops with almost musical cadence to the river below...then The Needles with its slender rock formations...Wraith Falls...Mt. Everts...Bunsen Peak...and Electric Peak, the highest in the Park. Suddenly, Mammoth Hot Springs where luncheon awaits you.

In the afternoon away again to see the Terraces, their various tints and hues aglow from the rays of an overhead sun... Norris Geyser Basin, said to be the earth's thinnest crust... Gibbon Falls... then on to West Yellowstone to entrain for a pleasant overnight journey to Salt Lake City.

Sunday You arrive at Salt Lake City in the morning . . . enjoy breakfast at the metropolitan Hotel Utah . . . if you wish, you can attend services at one of the many churches in Utah's capital city without interfering with the day's program. In the late morning an organ recital in Mormon Tabernacle, famous for its amazing acoustics and the mellow tones of its pipe organ . . . a visit to the Temple Grounds . . . then a motor tour of this enchanting metropolis, affording an opportunity for close-ups of sight-seeing treats only to be found in this famous Mormon capital.

In the afternoon out to Saltair Beach where those who wish may go for a swim. The experience is a most unusual one—you can't sink! The buoyant waters of Salt Lake with their heavy solution of salt keep you afloat. After your swim, a shower . . . then dinner at Hotel Utah. In the evening you leave on the Denver & Rio Grande Western for Colorado Springs and other surprises.

Monday A train ride you will never forget . . . lofty mountains . . . picturesque canyons . . . sun-sparkling streams . . . Eagle River Canyon . . . Mount of the Holy Cross . . . Tennessee Pass . . . then the thrill of thrills—the Royal Gorge of the Arkansas. Your train stops at the Gorge—it should! This mighty chasm towers over a thousand feet above the Arkansas River, its walls are almost vertical and at one point so close they seem almost to come together. Your train threads its way along the banks of the river . . . the granite peaks open into a valley of rare beauty . . the Sawatch Range, with a cluster of ten peaks all over 14,000 feet in height, comes into view. Colorado Springs late in the afternoon. Your headquarters, the Antlers Hotel—room with bath.

Tuesday The morning is open to enjoy the luxurious surroundings and delightful atmosphere of the Antlers. Luncheon at the hotel. In the afternoon a motor trip through the Garden of the Gods, once held sacred by the Indians . . . to the summit of Pikes Peak, from which coign of vantage this empire of mountain peaks spreads out before you in all its magnificence. Back to the Antlers for a delicious dinner . . . and a comfortable night's sleep.

Wednesday After breakfast leave Colorado Springs by motor for Denver. An inspiring scenic trip . . . the foothills of the rugged Rockies . . . fantastic formations such as Elephant Rock and Castle Rock . . . finally, the skyline of the high front range mountain peaks that overlook Denver. Directly to the Cosmopolitan Hotel, one of Denver's firends. Time for a bit of late-morning shopping, sightseeing or visiting with friends. Luncheon at the Cosmopolitan. Then an automobile tour of Denver . . Civic Center . . the United States Mint . . Colorado State Capitol . . . Washington Park with its famous gardens . . . Cheesman Park and a hundred-mile panorama of the Rockies . . . City Park, noted

for its botanical and zoological gardens. Your trip terminates at the Union Station where you board your air-conditioned train and say good-bye to Colorado.

Thursday Eastward across Nebraska's waving fields of grain . . . into Iowa during the early morning hours . . . through Illinois, viewing during daylight hours sights and scenes that you passed during the night on your trip west. Regretfully you take leave of the many friends you made on your vacation tour . . . regretfully, too, you turn away from thoughts of vacation pleasures in the West. But happy memories will stay with you always, and you resolve that next year you will again make yours a "Western Vacation." You arrive Chicago just before luncheon . . . the end of a perfect trip. end of a perfect trip.

Zion National Park—home of mighty monoliths

Zion · Bryce Canyon Grand Canyon

NATIONAL PARKS

Down in Southern Utah there's a region that contains some of the most impressive scenes on earth. So colorful is it, so majestic and inspiring that it might well be called the Wonderland of America. But until recently only a few people knew anything about Zion, and still fewer had even heard of Bryce Canyon. Yet Zion has a solemn grandeur that is unsurpassed; and Bryce is so unique in its fantastic loveliness that it seems like a strange dream or a fragment from some other planet.

Not so long ago it was only the hardy mountaineer who could penetrate the rugged wilderness of Southern Utah and reach these amazing beauty spots. Then came the roads, and following them the first buses. Travel to a new scenic paradise had begun. Today you can see all this glorious, colorful country safely, comfortably.

The best way to see it is on one of our escorted tours. All the great scenes are included . . . and you enjoy every moment, every aspect of your trip. You visit Bryce Canyon National Park, the North Rim of Grand Canyon, Zion National Park, Kaibab National Forest, Cedar Breaks National Monument and many other famous scenic marvels.

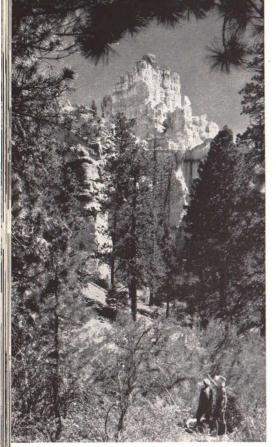

Your comfortable motor coach takes you through interesting Cedar Canyon, then up a high plateau to Cedar Breaks. The scene that breaks upon you is the first of the many breath-taking surprises you are to have on this memorable tour.

As you drive along, there's no hint, no suspicion of what is to come.

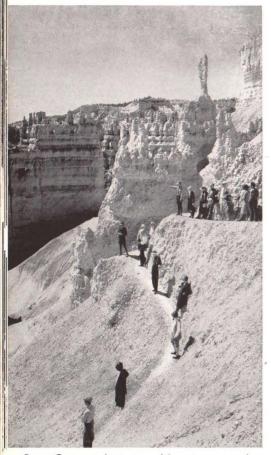

They say-

I have been on two European tours, covered a great deal of mileage—both in the United States and Canada, but never have had so much pleasure, information, scenery, and thrills—and so inexpensively, as in this trip to Salt Lake City and the Utah-Arizona Parks.

W.H.C., Hancock, N. Y.

National Park Trails reveal breath-taking scenes

Bryce Canyon is best viewed from its many trails

Suddenly you find yourself peering over the edge of a cliff and there before you is a new world of dazzling color and strange forms. Stretching out for miles you see curiously shaped masses of red, pink, salmon and white limestone. Time, water and frost are the sculptors and they have been working on this masterpiece for no one knows how many ages.

Leaving it you travel eastward . . . through a region of black lava rock that tells of long-forgotten volcanoes . . . through lovely evergreen forests . . . through Red Canyon, walled with red rock, decorated with columns of pink and ruby . . . and on to Bryce Canyon.

The Indians used to call Bryce "Unka-Timpie-Wa-Wince-Poc-Ich" which is short for "Bowl-shaped-canyon-filled-with-red-rocks-standing-up-like-men." You may smile at their naive attempt to describe the canyon; but after you've seen it you realize that any attempt to describe these sublime scenes is somewhat amateurish. You feel so many things out here that are extremely difficult to put into words.

Here at Bryce—as at Cedar Breaks—you come upon the scene suddenly. Your first glimpse is in the late afternoon, when the whole canyon is ablaze in the red rays of the sinking sun. There below you, in an immense semicircular amphitheatre, is the strangest, most fantastic sight on earth. Half close your eyes and the scene looks like a huge bowl of garnets, amethysts and rubies. Open your eyes and you see the ruins of a great city, with palaces, temples, minarets and statues everywhere, all shining as if just now re-painted.

After watching the miracle of sunset over Bryce Canyon you return to Bryce Canyon Lodge for the night and in the morning you are up early to make the most of every possible moment. And how you will enjoy those precious hours! Trails lead to everywhere, and on foot or in the saddle your explorations will take you even down into the canyon itself.

Leaving Bryce you journey past the spectacular Vermillion Cliffs, across the Prismatic Plains, through Kanab and Fredonia. Scenes of grandeur unfold before you as you ascend the great Kaibab Plateau to reach the Kaibab Forest. For more than fifty miles you drive through a forest of evergreen and aspen, as clean and free from underbrush as a city park. From its quiet glades you will see hundreds of deer, and occasionally you will "spot" one of the rare and beautiful white-tailed squirrels that are found only here.

The forest ends suddenly, dramatically, as at Bryce and Cedar Breaks, and you find yourself looking out over the lofty North Rim into the vast depths of Grand Canyon. There in the awful stillness below you, lies as sublime a scene as you will ever look upon. In that chasm, thirteen miles wide and two hundred miles long, is a whole mountain range; and one mile down, at the foot of the range, is the roaring Colorado River . . . but to you, on the rim, it is only a tiny thread in the silent, misty distance. You will never forget this scene, for you will feel here, more poignantly than ever before, the vastness and grandeur of Creation.

As you look out over the Grand Canyon you see a perfect kaleidoscope of color. Artists have found it almost impossible to paint, for within the space of an hour the canyon colorings change so rapidly they have an entirely different picture before them . . . but you'll find tremendous satisfaction in that endless play of lavenders, golds and purples. The time you spend at Grand Canyon will live in memory for years. Happy, indeed, is the camera fan, for here are a thousand and one ideal picture "situations," all ready for the taking.

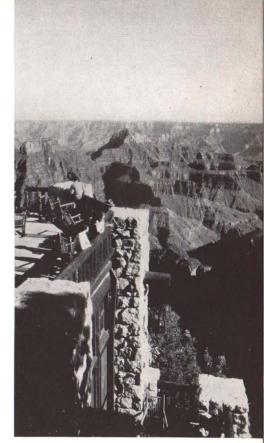

Turning north again, you recross the quiet glades of the Kaibab... across the impressive Prismatic Plains... past miles and miles of Vermillion Cliffs until you finally arrive at the new Mt. Carmel highway and pass through its milelong motor tunnel—a miracle of modern engineering skill. The tunnel is pierced by six huge windows, each framing a picture of startling grandeur.

The road, after leaving the tunnel, winds gently down to the valley that is Zion Canyon. On either side of you are the canyon walls—and yet they are not walls, technically. They are buttes. But "buttes" is a weak word for these mighty mountain masses. The old Mormon pioneers, moved by the sublime beauty of these peaks, gave them imaginative, dramatically appropriate names: The Mountain of the Sun, The Mountain of Mystery, The Towers of the Virgin, the Three Patriarchs, Angel's Landing, The Great West Temple, the Altar of Sacrifice, and, noblest of all, the Great White Throne . . . and no mountain in America inspires more reverent admiration than the Great White Throne.

At Cedar Breaks, Bryce and Grand Canyon you found yourself for the most part looking down at the scenery below you. Here at Zion it is just the reverse. You will also note a pronounced difference in the coloring. Zion is sandstone country and the colors are not stratified but grouped into rather large masses. Also, here you will find the rocks covered with a shiny coating or "desert varnish" which gives the color amazing lustre.

A motor road leads deep into the canyon. Great red precipices rise in sheer grandeur on either side of the narrow valley. At the end of the road is a tiny clearing studded with trees and shrubbery—a lovely green garden in a majestic mountain setting—as enchanting a picture as you will ever see. This exquisite glen, the Temple of Sinawava, has been held in reverent awe by Indian and white man alike.

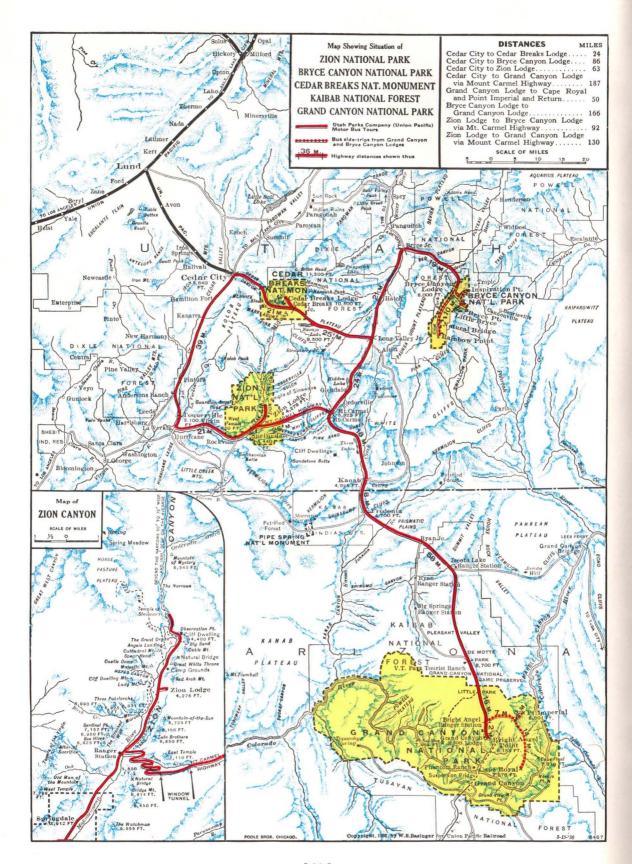

Your headquarters are at Zion Lodge, in the very heart of your amazing "field of exploration." Hours fairly fly by, and when it comes time to say farewell, you do so regretfully. The mighty red cliffs of Zion slowly become a thin line on the horizon's haze. Presently you are back at Lund. Your train is waiting. What a great trip it was! What a fine time you've had . . . so comfortable, so pleasant and such marvelous food . . . so many new friendships made . . . and what glorious memories!

An artic has counted more than sixty tints in Cedar Breaks, whose vast amplitheatres are eroded to a depth of 2,000 feet in an area of 60 square mile. Standing on the rim of this scintillating show-place, you are impressed with the power of Nature's mighty processes.

After lunch at Cedar Breaks you motor through beautiful forests and open "parks," through fantastic Red Canyon, to Bryce Canyon National Park, where you arrive in the late afternoon. Bryce Canyon Lodge is situated only a short way from the rim of the canyon and you are quartered in modern, comfortable cabins. Bryce Canyon will awe the senses with labyrinth of grotesque but beautiful figures carved in rock, flame-vivid in color and tinted with every shade of the spectrum. Overnight at Bryce.

Wednesday All morning at Bryce—and there are side trips and trail trips without limit. A most popular trip is into the Canyon which may be visited by horseback or on foot. An experienced guide will lead the way, entertaining with his droll western wit.

And what a strange place it is that greets your eyes. Seemingly a city from the mystic past stretches before you. Its spired temples and oddly shaped dwellings are aflame with color, and so delicately and skillfully carved are its many formations that you wonder if, in the long ago when the world was young, it was not the handiwork of the gods. The beauty of Bryce will remain with you forever.

After luncheon you leave Bryce for a drive to the South across a country of spectacular color and grandeur. A short stop at Kanab and soon afterward you are ascending to the top of a vast plateau, lifted half a mile above the surrounding countryside. On its broad top is the Kaibab National Forest, one of the largest virgin forests in the United States. The Kaibab, a fine stand of towering pines and graceful aspen, is the home of a herd of over 20,000 deer, some of which will come to greet you as you motor through their favorite haunts.

Your ride ends abruptly and most sensationally at the very brink of Grand Canyon as your bus comes to Grand Canyon Lodge. Dancing and entertainment during the evening.

Thursday All morning at Grand Canyon with an opportunity to join a walking trip with a Ranger-Naturalist. Here also many saddle trips are available. Or perhaps you may prefer to bask in the sunshine on the Canyon's rim and "drink in" the stupendous panorama before you.

After luncheon you drive through the majestic Kaibab across the Prismatic Plains, then over one of the most unusual mountain highways in the world. The new Mt. Carmel Highway defies description. Its major tunnel, over a mile long, is pierced at six points by portals, each of which frames an imposing vista. The road winds gently down to Zion National Park. Here begins the parade of majestic peaks. First, the East and West Temples, two great domes created with crimson that bleeds down their pale sides. Then the great red sandstone pile of the Watchman, looking serenely down upon the valley. Almost before your driver has named it, the stains of crimson on the summit of a white precipice have suggested its name—the Altar of Sacrifice. On the left runs the great Streaked Wall, its top

broken into strange white cones. In the late afternoon Zion Park Lodge welcomes you . . . and with feelings of awe and reverence you gaze upon the stately, crimsoned-stained monoliths of Zion. A motor trip to the Temple of Sinawava permits a close-up of this region of enchantment. Dinner at the Lodge. In the evening a talk by the Park Naturalist, a dance, or a walk out under the star-lit heavens.

Friday After breakfast you leave Zion feeling that you have seen one of Nature's truly noble scenes. Your motor takes you through "Utah's Dixie," a fertile valley

studded with quaint Mormon villages dating back to the early pioneers. Looking back, you see the red cliffs of Zion in the distance and soon you are at Lund where you entrain for the east.

Saturday-Sunday You'll welcome the quiet comfort of this splendid train to ponder over the fascinating experiences of the past week. At Omaha you leave Union Pacific rails and continue over "North Western" arriving in Chicago Sunday morning . . rested, refreshed and resolved to "do" the West again next year.

Day by Day Story of "SZ" Tours

Sunday You'll find your Tour Escort on hand at the Chicago & North Western Passenger Station in Chicago ... ready to help you with all departure details. From now on he will look after tickets, baggage transfers, and lodge assignments. You are free from all petty annoyances and there's a great vacation trip before you to be enjoyed. What a restful, pleasant way to travel!

Monday Your first night is an indication of the comfort of these Overland Route sleeping cars. Deep and peaceful sleep comes as your train rolls over a roadbed that is nationally famous for its smoothness. You awake rested and ready for breakfast in the dining car.

Many fascinating scenes sweep by your car windows . . . the rolling hills of Western Iowa . . . Council Bluffs . . . busy, bustling Omaha . . . the cornfields of Nebraska . . . cattle grazing . . . waving alfalfa. There's something about this western region that gives you a sense of the vastness, the sheer physical greatness of our country. You are reminded of the glorious Frontier Days . . . the Pony-Express . . Buffalo Bill and the memorable trek of the grim Mormons across the trackless plains to the promised land—Utah.

Tuesday Through Weber Canyon in the early morning . . . then Ogden. After breakfast in the diner you arrive at Salt Lake City and motor over the city's charming streets and boulevards. This capital city, home of the Mormons, has many interesting sights to offer the visitor. As you ride over its broad, clean avenues and observe its beautiful homes, its parks and public buildings, you, too, will agree that it has been appropriately called "the most entrancingly beautiful city in America." At noon, the organ recital in the world-famous Tabernacle, just one of the interesting features of the Mormon Temple Grounds. Luncheon at the Hotel Utah and then by motor to Saltair Beach for a dip in Great Salt Lake . . . dinner at the Utah . . . an evening open to enjoy the city. When you are ready

to retire, your train is waiting, berths are made up, and soon you speed away to the "Land of Flaming Canyons."

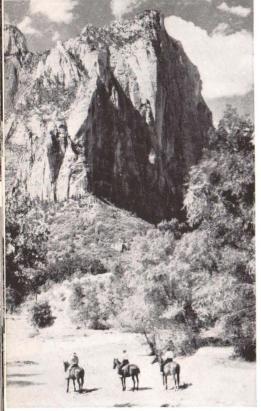

Wednesday After breakfast at El Escalante Hotel you board luxurious motor coaches and are whisked away for this Tour of Tours... through Cedar Canyon and Dixie National Forest. Your first introduction to this colorful land is Cedar Breaks, a vast escarpment at the edge of the plateau over which you have been motoring. A vision of kaleidoscopic color rises before your startled eyes. Purple, pink, coral, salmon, ochre, buff, white, and many other shades of red, yellow and white shimmer in the noon-day sun. Strange forms appear—curious freaks of erosion in the limestone cliffs.

You lunch at Cedar Breaks and shortly afterward leave for Bryce Canyon National Park. Here the formations are still more fantastic and infinitely more numerous. Your first glimpse of this wonderful natural amphitheatre is in the late afternoon. Sunset enlivens the myriad tints of Bryce Canyon's fragile formations and presents the towering peaks and colorful depths at their best. It is as though you behold a ruined Oriental City overspread with color. The rocks which are present in this strata are among the most colorful of any forming the earth's crust. As the shadows deepen, you will return to the Lodge.

Thursday You have all day to spend along the rim...down the trails... wherever you go you find something new and startling. The softer parts of the high plateau have been etched away, leaving an endless array of towers, spires, statues, minarets, fortresses, pagodas, castles and cathedrals standing in indescribably weird formation. And so accurately has Nature's skill carved out the innumerable designs that there is no need to stretch your imagination to discern the various figures that your guide will point out to you at every bend in the trail. Bryce might well be a Dream City of a remote age, set apart, as it were, for mortals to see and enjoy.

Bryce Canyon from the rim—colorfully spectacular

Where Zion's mighty rock temples stand guard

Grand Canyon—deep, vast, mysterious, colorful

Friday Leave Bryce Canyon after luncheon for Grand Canyon National Park, stopping at Kanab. Over the winding road, through sparkling canyons, out across the plains . . . past Vermillion Cliffs . . . then deep into the Kaibab, with its abundance of deer, its shy white-tailed squirrels. Significantly enough, here in the Kaibab National Forest one finds the largest stand of virgin White Pine on the North American continent. Before you realize it you are receiving an enthusiastic welcome at Grand Canyon Lodge . . . then a dash for the Lodge's "Million Dollar Window" or the Canyon's rim for the first breath-taking view of Nature's most stupendous spectacle.

There is nothing in the world which approaches the Grand Canyon in form, size and glowing color. It is the most spectacular example of stream erosion. The dense forests of the Kaibab extend to the very brink of the abyss, and you come upon it without warning, there in the sublimity of its templed depths and in the bewildering glory of its gorgeous coloring. Evening events at Grand Canyon are planned for your pleasure. A lecture by a Ranger-Naturalist . . informal entertainment . . . perhaps a recount of the thrilling sights of the day . . . music for the dance.

Saturday Grand Canyon from Bright Angel Point presents an entirely different view from that of other points along the rim. A mile below and miles away is the Colorado River, rushing, raging. Beyond the opposite rim you can see for miles out across the desert.

You have time at Grand Canyon to enjoy its sublime beauty—ever-changing as the sun courses its way from east to west. Rich and vivid tones of gray, green, blue, red and mauve tint its mighty walls and, independent of these, the sunlight pours into the chasm a shifting color parade of exquisite blues and purples, glowing reds and golds. Few, if any, sights can equal that of the Grand Canyon. As you gaze across the 13-mile wide abyss, it seems incredible that nature could have produced anything so stupendous, so beautiful. The immensity of the chasm hushes you; the great sea of shifting rainbow colors exalts you; and the realization that such a place actually exists fills you with an indefinable awe. No wonder John Burroughs called it the Divine Abyss.

Sunday Reluctantly you leave Grand Canyon Lodge; however you will enjoy the afternoon ride through the Kaibab...past Jacobs Lake...Three Lakes...White Cliffs to Mt. Carmel, where you take the famous Mt. Carmel Highway for Zion National Park. Part of this highway is through a mile-long motor tunnel, pierced by six huge, cathedral-like windows looking out upon the tremendous scenes of Zion.

Down, down a sinuous road until you are in Zion Canyon and Zion Lodge. On either side of you are towering red mountains, banded with yellow, pink and gray in remarkable combinations of color, carved into gigantic temples and towers. They rank with the most majestic mountain masses in America. Here for the enjoyment of all, are the Great White Throne, the Three Patriarchs, Mountain of Mystery, the Watchman, the West Temple, the Altar of Sacrifice, etc. One wonders if, in the long, long ago when the world was young, Zion with its stately monoliths was not the playground of the gods.

Monday All day at Zion, and what a day for exploration, discovery and adventure. As you step from the lodge in the early morning hours you see before you those mighty masses of rock that have no counterpart anywhere. Afoot or on horseback you follow winding paths that lead to vistas so inspiring that the memory of them will never fade. In the afternoon a motor trip to the Temple of Sinawava and an interesting walk with the Park Ranger-Naturalist. During the evening hours, dancing, movies, nature talks, entertainment.

Tuesday In the morning you leave for a trip through the fertile region known as "Utah's Dixie," along the highway that leads to Cedar City. A leisurely departure for Lund, where you entrain for the first lap of your journey back home.

Wednesday As you speed eastward and homeward, you enjoy even more the friends you have made because by this time you know

them better. The appetizing Overland Route dining car meals make the trip perfect.

Thursday Home...after a marvelous vacation...and you wonder how it was possible to see and do so much in the time you had at your disposal!

Day by Day Story of the "YZ" Tours

Saturday Late evening . . . you're at the Chicago and North Western Passenger Station in Chicago . . . there's excitement in the air . . . your train is waiting . . . there's an "All aboard!" . . . your vacation begins and you're off into the night . . . across the nodding Illinois cornfields . . . heading for those thrilling wonderlands you've wanted so much to see.

Sunday Early morning in Iowa...then most of the day across Nebraska... passing the day in deep-seated comfort with friendly companions...enjoying the splendid, satisfying meals you find on Overland Route diners... viewing the many interesting panoramas from the Club Lounge car... then night comes and brings with it deep, restful sleep as you glide over the smooth roadbed.

Monday Evergreen forests, rushing streams, rocky ridges, precipitous slopes along your right-of-way ... and in the distance you catch a glimpse of the Grand Teton Range, the most spectacular, the most typically mountainous mountains on the continent. In the afternoon you reach your first great objective, Yellowstone, the mysterious, the magnificent. You detrain at West Yellowstone, Montana, the most popular entrance to the Park and enter the waiting automobiles with their roomy, comfortable seats, and you're off on a wonderful scenic tour ... through Christmas Tree Park, along the Firehole River, past National Park Mountain, and then to Old Faithful Inn. In the evening, something to entertain you every minute—including that most glorious spectacle, the eruption of Old Faithful, with immense searchlights focused upon it.

Tuesday All morning to explore the weird formations that completely surround you. In the afternoon another interesting trip, with a surprise at every turn... Kepler Cascade, Thumb Paint Pots, Fishing Cone and gorgeous Yellowstone Lake, one of the most exquisitely beautiful lakes in the United States. Skirting the shores of the lake, you continue on to Mud Volcano and Dragon's Mouth Spring for a short stop. You proceed along the Yel-

lowstone River, through Hayden Valley and across Chittenden Bridge to Artists Point for your first breath-taking view of Yellowstone Canyon, where you arrive in time for dinner at the hotel.

Wednesday A "high spot" day of your western vacation. Your time is your own and you quickly discover there's much to see and do. For you are hardly a stone's throw from Yellowstone's intensely colorful Grand Canyon and Great Falls, more than twice the height of Niagara. What an opportunity to view this sublime spectacle from many thrilling points of vantage! For the more ambitious there are stairs to the brink of the Falls... trails along the canyon rim to Inspiration Point, with ever-changing vistas. In the early evening you may elect to visit the bear feeding ground... and there's music and dancing in the beautiful Grand Canyon Hotel lounge.

Thursday In the morning your motor takes you to Mammoth Hot Springs—headquarters of the Park—stoping en route at Tower Falls. There will be ample time to explore the delicately formed and tinted terraces, gleaming and shining as if freshly varnished. After luncheon at Mammoth you motor to West Yellowstone... through Golden Gate...past Obsidian Cliff, Twin Lakes... stopping to inspect interesting Norris Geyser Basin and Museum, and Gibbon Falls. After dinner, depart for Salt Lake City.

Friday Breakfast at Salt Lake City's Hotel Utah. In mid-morning an interesting drive around the city, visiting a host of historic landmarks... then to the Mormon Temple Grounds to listen to a noonday recital on the great Tabernacle organ. After luncheon, a drive to Saltair Beach where you may enjoy a dip in the briny waters of Great Salt Lake, where swimming is a novel sensation. Dinner at your hotel and in the late evening you depart for Southern Utah.

Saturday After breakfast the de luxe motor coaches of the Utah Parks Transportation Company are waiting for

In the distance the Great Fall of the Yellowstone

Old Faithful—it always performs on schedule

Yellowstone's Jupiter Terrace—a splash of color

you. Your first stop on this tour of tours is Cedar Breaks National Monument. A tremendous thrill awaits you. You come to the edge of the plateau without suspecting anything. Then suddenly you're looking out upon a vast panorama of color and glory . . . some 60 square miles of limestone and sandstone cliffs eroded into fantastic formations and splashed with almost every hue of the rainbow. It comes as a fitting introduction to this land of flamboyant color.

After luncheon you leave, a little reluctantly perhaps, but you're on your way to an even greater scene—not so vast; but more intense and fantastic. First through Dixie National Forest . . . then late in the afternoon you arrive at Bryce Canyon National Park. Before dinner at the Lodge you view Bryce Canyon from the rim, in the light of the late afternoon sun, when the colors are most vivid. It is almost unbelievable that such beauty actually exists.

Sunday To appreciate Bryce Canyon's unique formations fully, follow the trails into the canyon, afoot or in the saddle. The myriad marvels of Nature's handiwork will stretch your imagination almost to the breaking point. And in the evenings here, as at Yellowstone, you will find entertainment and diversion for those who would participate.

Monday After luncheon at Bryce Canyon Lodge you leave for Grand Canyon . . . through quaint little Mormon villages . . . winding through the verdant Kaibab Forest with all eyes watching for a fleeting white-tailed squirrel or a browsing deer . . . and then, suddenly, comes your first view of the divine abyss, Grand Canyon. You will find plenty to do in the evenings—perhaps a walk along the canyon rim—a game of bridge—dancing and entertainment in the New Grand Canyon Lodge, or just relaxing 'mid gorgeous surroundings.

Tuesday All day at Grand Canyon to do as you please. As a suggestion the "Rim Walk" or a "Nature Walk" with a Park Ranger-Naturalist would be most interesting. See this great spectacle from many points of view. Its mysterious depths, its silence, its unbelievable vastness will awaken something inside you. It will be one of the most profound and stirring experiences of your life.

Wednesday Morning at Grand Canyon. After luncheon you motor northward again through the Kaibab . . . across the Prismatic Plains . . . over the new Mt. Carmel highway, pausing briefly to peer through the huge windows in the mile-long tunnel . . . then, a gentle descent to the valley below, to Zion Lodge, in the shadow of the mighty peaks which wall Zion Canyon. All about you are glorious panoramas of massive buttes, and cones and truncated pyramids stained with brilliant reds and whites and many intermediate hues. In the late afternoon you take the famous motor trip up the sublime aisle of Zion Canyon to that exquisitely beautiful Temple of Sinawava . . . green grass and trees about you, and two hundred yards away the Gargantuan red walls of the canyon . . . what a picture! After dinner at Zion Lodge there is an interesting talk by the Ranger-Naturalist . . . and dancing, if you like . . . or a stroll in the open with a brilliant star-lit canopy overhead.

Thursday After breakfast you say goodbye to Zion. Your road follows the sinuous course of the Rio Virgin, its waters stained with the red earth of Zion's hillsides. An interesting, restful trip through the fertile corn and cotton fields and fig orchards of Utah's Dixie brings you, at noon, back to Lund to board your Pullmans.

Friday In the early morning you cross the Continental Divide and, after a swift and restful trip through Wyoming, the northern tip of Colorado, and Nebraska, you arrive at Omaha in the evening. You will enjoy every minute of your journey on one of the Overland Route's luxurious trains.

Saturday After breakfast in the dining car you reach Chicago, marveling that so much real enjoyment and truly magnificent scenery are possible in a two weeks' trip.

TOUR "BC" \$141.01 (Using Challenger Coaches—Only \$123.05) 13 Days ALL-EXPENSE

> Leaves Chicago on Sundays All Meals Are Included in the Cost

You'll never know how economically yet how thoroughly you can "do" California on a two-weeks' vacation until you've taken our "BC" Tour. It's a bargain in every sense of the word. We have not sacrificed comfort for the sake of economy... nor omitted meals from our all-expense rate... nor skimped on sightseeing trips. Indeed, nothing has been sacrificed that would in any way help to make your vacation a carefree, thrilling, joyous experience.

Only the cost is low—unbelievably so.

You travel on the Challenger, one of the West's finest trains; have the choice of either air-conditioned Challenger (tourist) sleeping car or coach accommodations; stop at fine hotels, every room with bath; and all meals, from the time you begin your tour until you return, are included in the cost.

And you see California—make no mistake about that! San Francisco; a 500-mile trip down the beautiful California coast to Los Angeles on the streamlined Daylight Limited . . . Hollywood, the beach cities and a behind-the-scenes closeup at Warner Bros.—First National Studios . . . Pasadena and Huntington Library . . . beautiful, semi-tropical San Diego. And what scenic beauties unfold before your eyes as California "passes in review"—wide expanses of blue, sparkling ocean; the high Sierras; historic old missions; orange groves and vineyards . . . an infinite variety of fascinating sights with time enough to enjoy them all. Yes, you see California, and a competent guide acts as your escort all the way.

They say-

Just a note to tell you how much I enjoyed the "BC" tour. Although I had previously travelled practically the same route independently, the first trip, for about the same length of time and similar accommodations, costover one hundred dollars more. D.E.S., Oak Park, Ill.

Challenger coaches are comfortable and seats recline

Day by Day Story of "BC" Tours

Sunday The San Francisco Challenger is waiting at the North Western Terminal and in the evening you board its air-conditioned coaches or Challenger (Tourist) Sleeping Cars and prepare to settle down to a night of restful sleep. You'll soon appreciate the comfort of this smooth riding train. In the coaches the porter provides pillows for all passengers, lights are dimmed, seat backs are adjusted to the most restful angle . . . soon you are in the land of dreams.

Monday Omaha in the morning—then a day of enjoyable travel across the plains of Nebraska. If you are an experienced traveler, by this time you will have discovered that the Challenger is all things to all people. Its personnel is anxious to please; its comforts are many; its Coffee Shop Dining Car is most attractive; its washrooms spacious and inviting. You will like the tasty, satisfying meals, the cheery greeting of the Nurse-Stewardess and the friendliness of your fellow passengers. And the scenes from your car window will awaken memories of tales of the Old West when doughty pioneers defended themselves against the on-slaughts of the implacable Sioux. The grand sweep of the prairie country will thrill you with a sense of its vastness.

Tuesday After another restful night on board the Challenger and a hearty breakfast (which you pay for simply by giving the waiter a meal coupon), you are ready for another day of travel pleasure. Leaving the thriving Mormon city of Ogden, you journey across the Great Salt Lake over a trestle 27 miles long. Literally you "go-to-sea-by rail," actually losing sight of land . . . an exciting experience. The day unfolds many other experiences. You pass Promontory Point, famous in the annals of early railroad history, and enter Nevada with its magnificent deserts and mountain ranges. If you are fond of cards, a foursome for bridge will be in order as you speed westward over the route of the old Overland Trail made famous in the Gold Rush of '49. Contrast your journey of speed and comfort with that of some 90,000 hardy pioneers who followed it afoot and in oxcarts on their trek to California! Reno, Nevada, is reached in the evening.

Wednesday Oakland, California! You board the ferry for an unforgettable trip across San Francisco Bay, actually passing beneath the immense spans of the world famous Bay Bridge. To your right, like a mammoth jewel surrounded by emerald sea waters, lies Treasure Island gleaming in the sunlight. Beyond it is formidable Alcatraz, darkly silhouetted against a background of water. Your ferry runs smoothly into its slip, the drawbridge is let down—...you are in San Francisco, your home for two thrill-filled days. Automobiles are waiting to take you to Hotel Whitcomb your San Francisco headquarters, where rooms with bath will be assigned.

After luncheon you are treated to a memorable sightseeing tour of San Francisco. The bus leaves your hotel at 2:00 p.m., and away you go on the famous "Thirty-Mile Drive." What a scenic treat it is!—Twin Peaks for a magnificent panorama of this City-of-the-Seven Hills... Golden Gate Park... Cliff House... Seal Rocks, where you catch glimpses of seals disporting themselves in the waters of the Pacific... the Presidio and Military Park... Fisherman's Wharf where boats bob restlessly at anchor. The return to your hotel is made through Chinatown, largest Chinese "city" outside the Orient. Here East meets West with smiling hospitality. The evening is free to do as fancy dictates.

Thursday The day is open. You may wish to write letters, do a bit of shopping in San Francisco's stores, visit with friends. Or perhaps, as so many others favor doing, you will want to return to one or more of those fascinating places from your itinerary of the previous day—Chinatown with its oriental mystery—Fisherman's Wharf where "shore" dinners stimulate jaded appetites and picturesque "tars" add color to the moving pageant. You will enjoy every hour. For San Francisco is a "jewel of many facets," and even the most seasoned globe-trotter will find much that will interest and intrigue.

Friday After breakfast at your hotel you board the Daylight, famous train that makes the daylight trip along the coast from San Francisco to Los Angeles. It is unquestionably one of the most entrancing trips of the Western Hemisphere. In supreme comfort you speed along a rocky coast of unbelievable splendor...along miles of sun-sparkling ocean waters... over mountains... through tunnels... through historic Spanish towns—San Jose, San Luis Obispo, Santa Barbara, Ventura... then into that

amazing and enchanting metropolis, Los Angeles. Transfer is made immediately to your headquarters at the Hotel Biltmore where dinner is waiting. Here again you will be provided with room with bath, and you are entitled to all meals at the hotel—of course, redeeming any unused meal coupons.

Saturday The morning is open—rest if you like, or do a bit of "reconnoitering" on your own. After a Biltmore luncheon you board waiting automobiles. Your sightseeing tour includes ancient Los Angeles, the Spanish Quarters, Chinatown, Lincoln Park, world famous Huntington Library, Oak Knoll residential district of Pasadena, San Gabriel Valley, Avenue of Palms, Brookside Park, Rose Bowl, Arroyo Seco, Millionaires' Row, Carmelita Park, Highland Park, Elysian Park, Los Angeles Oil Fields and Civic Center. Back to your hotel in time for a delicious dinner, with memory's storehouse crowded with new and exciting impressions.

Sunday You are "on your own," except, of course, all your meals are included. In the morning you may wish to attend services at one of the many churches for which Los Angeles is noted. Or you may prefer an all-day boat trip to Catalina Island, a semi-tropical gem some 25 miles off the coast of Los Angeles. Many will favor individual sightseeing, calling upon friends or visiting one of the popular nearby ocean beaches. Your escort will assist you with your arrangements. And Biltmore hospitality and delicious meals are yours to enjoy.

Monday In the morning a motor tour through Hollywood, Movie capital of the world . . . along Hollywood Boulevard, viewing its shops and cafes . . . visicing Warner Bros. First National Studio for a close-up of "how it's done" . . . into Beverly Hills with its sumptuous Spanish and Colonial homes . . . down along ocean drive with the restless Pacific almost at your feet . . . through lovely Santa Monica . . . returning to your hotel over beautiful palm-bordered boulevards. The afternoon and evening are at your disposal.

Tuesday After an enjoyable breakfast at the Biltmore Hotel you motor to the Los Angeles Union Station and leave via the Santa Fe for San Diego...a pleasant, scenic ride in comfortable coaches. Luncheon at Hotel San Diego, where rooms with bath are assigned. At 2:30 board automobiles for a sightseeing tour...in succession Balboa Park, its famous Lily Pond and exhibition buildings...Old Town, stopping at Ramona's Marriage Place and Wishing Well...Point Loma and Inspiration Point, from which height spreads before you one of the most intriguing panoramas in America. You look down upon San Diego and across the Bay to Coronado Island. Here before you is the home anchorage of the Pacific Battle Fleet. From San Diego south to the blue hills of Mexico, discernible 17 miles away, runs the Silver Strand, which separates the Bay from the Pacific. Evening hours are spent in San Diego...how you will enjoy its exotic, semi-tropic beauty!

Wednesday The morning is open. With an off-sea breeze tempering a summer sun, what an excellent time it is for a final look-see of San Diego's bountiful scenic beauties. Luncheon at Hotel San Diego, then by automobiles to the depot and on to Los Angeles, arriving in time for dinner, which will be served in the Dining Room of the Los Angeles Union Station. Again you board one of the famous Challenger trains for a pleasure ride across the great mountains and valleys of the West.

Thursday You speed eastward into Nevada with its rich silver mines...pass Lund, Utah, rail gateway to the Utah-Arizona Wonderlands... speed across a countryside dotted with tiny Mormon settlements. Salt Lake City! Here you get a glimpse of the capital city of Utah. Nestling in the shadow of the granite peaks of the Wasatch Mountains, it is one of the loveliest cities in the United States. To the west of the city is Great Salt Lake, largest inland body of salt water in the world. Soon you are on your way, resuming "life on a modern, air-conditioned train." Again you enter the high plateaus of Wyoming, clip the corner of Colorado at Julesburg, and proceed eastward over Nebraska's fertile lands, into Omaha. Happy hours, all of them, for many of your tour associates have become real friends.

Friday It is the last evening of your vacation tour. You have traveled thousands of miles and probably have become acquainted with parts of your country that you had never seen before. As you review the experiences and thrills of the trip, you know for a certainty that this vacation has indeed been one that surpassed expectations . . . to be re-lived in memory again and again. Saturday morning you arrive in Chicago.

TOUR "C" \$221.52 14 Days ALL-EXPENSE

> Leaving Chicago on Saturdays All Meals Are Included in the Cost

It is with genuine pleasure that we present our "C" Tour. Not only is it one of the finest we have ever operated—it also includes special sightseeing trips, some of which are not available to independent travelers. There's the tour from Riverside to San Diego and down into Old Mexico, with stops at Capistrano Mission, La Jolla, Ramona's Marriage Place, Balboa Park, Point Loma and Coronado Island; the special all-day Hollywood-Beverly Hills-Pasadena tour including a visit to Warner Brothers-First National Studios; the steamer trip to Catalina Island; the visit to Mariposa Grove of Big Trees and Yosemite National Park; the fascinating tour at San Francisco, which includes Golden Gate Park. All are indispensable to a de luxe tour.

You travel in modern, air-conditioned trains; enjoy first class Pullman accommodations; stop at the finest hotels—the Biltmore in Los Angeles, the St. Francis in San Francisco, the U.S. Grant in San Diego, and this year the famous Ahwahnee Hotel in Yosemite Valley is included. And the "C" Tour is truly all-expense. Not a single meal is omitted. At the California city hotels, for instance, your meal coupons total \$17.30; however, if you wish to dine elsewhere the hotel cashiers will gladly make a cash refund!

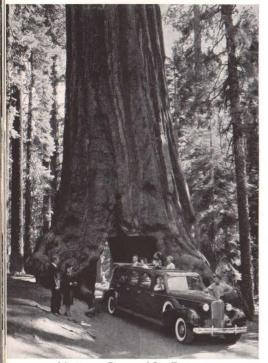

So this summer enjoy a "C" Tour vacation and really see California.

They say-

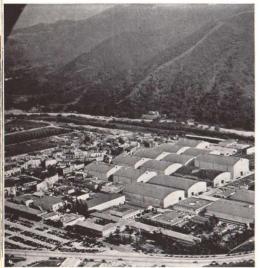

My wife and I returned from one of your escorted tours through California and wish to take this means of assuring you that we had one of the best times and saw more in a limited time than we ever expect to do again—unless we go on another tour. The whole trip was conducted in a most efficient manner and we hadn't a thing to worry about.

Day by Day Story of "C" Tour

Saturday Your party gathers at the "North Western" Station in Chicago . . . the tour escort meets you and takes care of all departure details . . . you are free from that moment on . . . the whole trip is yours to enjoy, without a care or worry. Gaily, joyously you enter the train and settle down for the night . . . and your happy adventure has begun.

Sunday In the morning you pass through Omaha...then an all-day ride westward along the Platte River...over the great Nebraska and Wyoming plains...past Kearney...past North Platte, the former home of Buffalo Bill...through Cheyenne, scene of many an Indian fight in the desperate frontier days before the coming of the railroad. This Overland Route you are traveling is the old Overland Trail. Perhaps your grandfather or great-grandfather travelled it beside a team of oxen or in a covered wagon. What a contrast to the speed, the perfect comfort of your journey! You, in your air-conditioned Club-Lounge Car, are in a world, a climate, of your own ... how clean and fresh and cool!

Monday Through Weber Canyon in the early morning... through Ogden, Utah... a brief stop at Salt Lake City, then skirting the Great Salt Lake ... traveling southward and seaward. The day passes rapidly, pleasantly... chatting with interesting companions, watching the scenery glide by, and enjoying the superb meals for which Union Pacific is famous.

Tuesday You awake to find yourself in California, perhaps not far from San Bernardino or Riverside. Looking out of your window you catch your breath just a little at the sight of the strange new world about you . . . the waving palms . . . the tall feathery eucalyptus . . . the long straight rows of orange, plum, walnut and avocado trees . . . the startlingly purple mountains in the background . . . and everything so much more wonderful than you had pictured.

A great day—your first in glorious, colorful California! You stop at Riverside, where you leave your train and go to the beautiful Mission Inn for breakfast. Afterward you take time to inspect the many details of its galleries, its historic relics, its fine Spanish architecture. Then an exciting motor tour to the south . . . through enchanting stretches of citrus groves and vineyards . . . past beautiful Lake Elsinore . . . then west over the hairpin curves of the Ortego Highway up the east slope of the Santa Ana Mountains to Jameson Point for a panoramic view of the Elsinore Valley two thousand feet below . . . through San Juan Canyon to San Juan Capistrano for a visit to the mission founded by Father Junipero Serra in 1776 . . . on to La Jolla, noted for the beautiful homes of its artists' colony and the La Valencia Hotel where you stop for luncheon.

Cabrillo National Monument, on Point Loma, honors the memory of Juan Rodriguez Cabrillo, the first Caucasian ever to set foot on the western coast of the United States. From Lookout point on Point Loma, your first stop on the afternoon ride, you see extended before you San Diego Bay, the home anchorage of the Pacific Battle Fleet... San Diego... Balboa Park... Ryan Aviation Field... Coronado Island and the Silver Strand extending south to the blue hills of Mexico, separating the bay from the Pacific... then on to Old Town for a stop at Ramona's Marriage Place with its Wishing Well... Balboa Park and finally the U. S. Grant Hotel. The evening is free for you to enjoy the exotic, semi-tropical beauty of the city and the romantic glamour of a California night.

Wednesday You are up early and off for Old Mexico . . . across by ferry to Coronado Island . . . along the Silver Strand and across the international boundary . . . stop in gaudy Tijuana to visit this interesting Mexican City, returning through Chula Vista and National City. After luncheon at the U.S. Grant Hotel, away for Los Angeles over El Camino Real (King's Highway), one of California's most celebrated highways. A palm-bordered boulevard unwinds before you . . . mountains appear in the distance . . . and to your left there is, much of the time, the mighty Pacific, its surf pounding on the shore . . . Torrey Pines . . . Oceanside . . . Long Beach . . . the Biltmore Hotel, your Los Angeles home.

Thursday A tour of the famous beauty spots of Los Angeles and its suburbs. And how you will enjoy this delightful trip as mile after mile of scenic charm unfolds before you . . . Santa Monica, with its palisades . . . Hollywood, the movie capital of the world . . . Beverly Hills, where you will pass many of the sumptuous Spanish or Colonial homes of the "stars." After luncheon at Eaton's Rancho you visit Warner Bros. First National "lot" for a detailed inspection of its studios . . . through Laurel Canyon viewing 20th Century Fox, United Artists and Harold Lloyd studios . . Pasadena, with its gorgeous hotels, homes and gardens . . Millionaires Row . . . Arroyo Seco . . Huntington Estate with its art galleries and Museum. You return to the Biltmore for dinner.

Friday The day reserved for a visit to lovely Santa Catalina Island, where the atmosphere is so like the South Seas that it has often been used as "location" in filming "South Sea" stories. The twenty-five mile boat trip out to Catalina across the blue waters of the Pacific, with its tangy salt spray blowing on cheeks will be one of the very pleasant memories of your vacation. On arrival you have luncheon at St. Catherine Hotel . . . the early afternoon to enjoy the many attractions of the island . . . then return to your hotel in Los Angeles for dinner.

Saturday A day of rest. To visit friends, if you like . . . or the theatre . . . or you may wish to catch up on your correspondence. In the evening bid goodbye to glamorous Los Angeles and entrain for another of California's amazing scenic regions—Yosemite.

Sunday Fresno in the morning and breakfast at the Hotel Californian . . . then away by auto through California's largest vineyards and into the Sierras enroute to Mariposa Grove of Big Trees for your first view of the Sequoias. They are the earth's most massive and oldest living things. It is impossible to describe the feeling that comes over you as you look up at these mighty monarchs of the forest, some thirty feet thick, three hundred feet high and with an estimated age of more than 3,800 years. Six hundred trees comprise the grove. You drive through the Wawona (Tunnel) Tree and may walk along the Fallen Monarch. During the afternoon, you ride in the shadows of the towering granite peaks of the High Sierras over the new paved highway to Yosemite Valley. You will thrill to your first and unsurpassed view of the sheer granite cliffs towering three thousand feet above the valley floor. Then down into the valley to the Ahwahnee Hotel, your headquarters. In the evening you select a good vantage point from which to see the weird fire-fall pour over the precipice at Glacier Point. Truly a day of surprise and unforgettable, long-treasured memories.

Monday A day open to enjoy the many natural wonders of Yosemite. And what beauties they are! Ages ago the Ice King, the great landscape engineer, went to work in this region to produce a masterpiece, and the result was scenic grandeur unsurpassed anywhere. Luscious green valley, huge granite domes, feathery waterfalls, mighty cataracts . . . these are the properties of Yosemite. There's Half-Dome, which for eons of time has looked down upon the valley . . . Bridal Veil Falls with its delicate spray . . . Yosemite Falls, the highest in the world, with a total drop of 2,555 feet . . . El Capitan, rising a sheer 3,604 feet from the Merced River and eternally guarding the west entrance to the valley. In the evening you motor down beautiful Merced Canyon to El Portal, boarding your train for San Francisco.

Tuesday Morning finds you in Oakland . . . then by ferry across San Francisco Bay . . . As you pass under it you have a "close-up" of the longest and most costly bridge structure yet known to the world. Stretching a distance of 8½ miles, this six-lane double-deck highway 214 feet above tidewater spans the bay. Upon arrival at San Francisco automobiles are waiting to transfer you to Hotel St. Francis, your San Francisco home.

In the afternoon a never-to-be-forgotten sightseeing tour . . . over the Figure 8 Drive to the summit of Twin Peaks for a magnificent view of the city, bay and ocean . . . through Golden Gate and Lincoln Parks . . . the Cliff House, where you view the Seal Rocks . . . past the approach to

Wednesday The entire day is yours to do as you please. You may wish to visit the quaint bazaars of Chinatown in which are found gorgeous silks, carven ivory, cloisonne, teak and porcelain from old Cathay. Indeed, there is much to see and do in San Francisco. In the evening you board your train for the East.

Thursday-Friday-Saturday Back home over the famous Overland Route, the shortest path across the continent. You will experience many new scenic thrills, especially crossing the Great Salt Lake-literally "Goingto-sea-by-train." You will appreciate what modern engineering and skilled Overland Route trainmen have done to make travel-long distance travel-something to be enjoyed and remembered. You pass through Omaha on Friday night, and arrive Chicago early Saturday morning.

TOUR "SZC" \$290.71 20 Days ALL-EXPENSE

> Leaving Chicago on Sundays All Meals Are Included in the Cost

Here at the Department of Tours we have always kept prominently in mind that the desires of our patrons should be given first consideration. So when a goodly number suggested that we include, in one package, the Southern Utah Wonderlands and California's many sight-seeing treats, we could not do other than comply.

The "SZC" Tour was the result.

Lacking one day of a full three weeks' outing, the "SZC" provides a rare opportunity for a vacation that will live in memory for all time. It includes Salt Lake City; the grotesque, color-splashed formations of Bryce; Grand Canyon's awe-inspiring vastness; Zion's majestic rock masses. Then California!—Riverside; San Diego; Tijuana (in Old Mexico); Los Angeles and an all-day trip to Catalina; Hollywood and a close-up of studio life; Mariposa and its age-old Big Trees; beautiful Yosemite Valley; San Francisco—as strange as it is friendly, as cosmopolitan as it is exciting.

All meals are included in the all-expense cost, all accommodations, all sightseeing trips. You travel on fast, modern trains and an experienced escort looks after all details. What more need be said? The cost is as low as \$290.71.

See page 35 for details of "SZ" Tour and page 48 for details of "C" Tour. This is a combination of these two tours.

-They say-

The Utah-Arizona Parks and Yosemite, too, were more beautiful than one could imagine. California was, of course, very lovely. The whole trip was most interesting and surely gives a person a greater understanding of our country and a different outlook on life. Your escorted tours offer the best way to travel for a real vacation.

-They say

I have just returned from your PNW-3 tour and it was a great success. The only complaint I have is that the two weeks passed much too quickly. For the woman travelling alone, your conducted tour is the ideal solution. Everyone commented favorably about your meal coupon books and we all loved the cash refunds! Thanks for planning such a wonderful trip. C. M. D., Chicago, Ill.

Day by Day Story of "PNW" Tours

Saturday At the Chicago and North Western Station, Chicago, our travel representative looks after your baggage, tickets and other travel details . . . leaving you free to relax and make the most of your journey West . . . enjoying Overland Route's superb scenery, smooth-riding comfort and delicious dining car meals.

Sunday All day to visit and become acquainted with your fellow travelers as you travel over the famous Overland Trail...,the natural route of Indian, pioneer, explorer, covered wagon and Pony Express... through the great grain fields of Nebraska and cattle ranches of Wyoming.

Monday Across the rich grazing and fruit farming lands of Idaho...up the Old Oregon Trail in the cattle-land country... through regions rich in romance, where vast panoramas present an endless vision of scenic grandeur.

Tuesday Early arrival at the silvery Multnomah Falls, splashing from a 600-foot cliff. This picturesque falls has its source in an extinct volcano. After breakfast at Simmons-by-the-Falls an auto tour along the famous Columbia River Highway, with its unusual twists, turns and tunnels . . . through superb scenery. You visit Bonneville Dam, a fifty-one million dollar federal rivers-and-harbors-project, constructed under the supervision of the United States War Department. You see the Bonneville Salmon Hatchery . . Beacon Rock, 850 feet high . . Cathedral Point . . St. Peter's Dome . . . Horsetail Falls, a tumbling sheet of water dropping 208 feet to throw its spray upon the highway . . . Wahkeenah Falls . . . Shepperd's Dell . . Latourelle Falls . . Vista House on Crown Point . . . the Sanctuary with its statuary investures. The Hotel Benson for luncheon and dinner. In the afternoon an interesting sightseeing trip . . . King's Heights and Arlington Heights . . . the Forestry Building, world's largest log cabin . . . City Park and Alameda Drive. Just before midnight you leave for Tacoma in air-conditioned sleeping cars.

Wednesday Leaving Tacoma by auto for Mount Rainier National Park... through impressive virgin stands of giant spruce and fir... arriving at noon in Paradise Valley at the base of glacier covered Mount Rainier... with all afternoon to explore the valley with its profusion of wild flowers, stately forests and fine views of Mount Rainier which is one of the highest and probably the most impressive mountain in the United States proper. Perhaps you would like to join a saddle party on a trip across Paradise Valley with its vividly colored carpet flowers... through friendly forests... past secluded little lakes whose unrippled surfaces, reflecting the mighty mountain, add much to its beauty. You spend two restful nights at Paradise Inn, and it is truly "Paradise."

Thursday All day at Rainier National Park, and how you will revel in the natural beauty that unfolds as you sally forth to explore. Those who hunt with cameras will be richly rewarded. For this is a land of contrasts—majestic mountains, limpid lakes, verdant valleys—where one comes upon the unexpected so frequently that it soon becomes the expected. You will appreciate the enthusiasm of those visitors who, on first seeing this vast array of beauty, were never quite satisfied that they had seen it all, but must return again and again. A fair land indeed, and most spectacular. You'll never forget its fascination.

Friday You leave Rainier National Park in the morning by automobile . . . through a towering primeval forest to Seattle, the great shipping center of the North Coast . . . arriving at your headquarters, the Olympic Hotel, at noon. Luncheon at the Olympic.

In the afternoon an automobile sightseeing trip that enables you to see something of the great lumber, shipping and fishing industries for which the Pacific Northwest, and more particularly Seattle, is noted. You'll see the largest Cedar Shingle Mill in the world . . . on to the Government locks, second only to the Panama Canal in size of vessels served, the operations of which are viewed and explained. Then a tour of the University of Washington's 583-acre campus . . . through Volunteer Park and the business section.

The evening is yours to do as you please. You may wish to take in a movie or do a bit of after-dark sightseeing. Seattle's famous Supper Club, well named the "Bowl," is a feature of your hotel.

Saturday Embarking on a Canadian Pacific steamer for a delightful four hour voyage . . . across the picturesque strait of Juan de Fuca . . . to Victoria, B. C., entrance to Canada. Here, for perhaps the first time, you will visit a Province and learn first-hand how old country traditions can take root in a young land—take root and grow so lustily that Victoria impresses visiting Englishmen as more staid and sedate than their own native land. And how charmingly different and restful you will find it! A city well named—Victoria the Sedate. In the afternoon, time for shopping, then a tour of this quiet, beautiful and very English city, through Saanich Peninsula and picturesque wooded country to the famous Butchart Gardens, one of the outstanding floral beauty spots of the continent. Return is made via Elk Lake, the Bird Sanctuary and the Government Game Farm. Dinner at Empress Hotel . . . You leave by boat that night for Vancouver. This "taste of the sea" is a happy interlude, adding immeasurably to the pleasure of your trip.

Sunday Vancouver...and away by motor to see many of the fascinating sights...the fine beaches...Stanley Park, a great virgin forest in the heart of the city...the rugged mountains fringing the city...and, in the mid-morning, boarding a Canadian Pacific train for the East... with many a breath-taking mountain view before dark.

Monday In the heart of the Canadian Rockies, a most magnificent mountain range . . . roaring through high-walled canyons, diving into tunnels, creeping over lofty passes . . . to Field, B. C., where you detrain for an auto trip through these rugged mountains to Emerald Lake, green, lovely, surrounded by towering peaks. After breakfast at the Chalet explore by auto the famous Yoho Valley to Takakkaw Falls . . . then over the great divide to Chateau Lake Louise, where you will be assigned "Lake View" rooms—premium accommodations.

This is the day you have looked forward to for a long time, possibly for years—for no spot on our continent has greater fame. The view from the Chateau is noted as one of the very finest on earth. Here before you is a lake of unbelievable turquoise, set in a meadow of soft green, surrounded by noble mountains, robed in white. It is an exquisite jewel and you might well be justified in paraphrasing a famous American statesman who said, "To attempt a description would bankrupt the English language."

At Lake Louise, what could be more natural than to satisfy your desire to do a bit of mountain climbing? Or, if you favor horseback riding or motoring, follow a winding trail or well-paved highway through this land of rugged beauty, where for ages mountain peaks have reigned supreme.

Tuesday After luncheon and one more look at beautiful Lake Louise you continue your journey . . . past glaciers, waterfalls, canyons and row on row of mighty peaks . . . see the Valley of the Ten Peaks, picturesque, unspoiled and very much worth your while . . arriving at Banff Springs Hotel in time for dinner. Here, to your surprise, you millind a scene as spacious and impressive as that at Lake Louise, and a view from the hotel veranda that is world-famous. "Bow Valley View" rooms will be assigned at Banff—premium accommodations.

Wednesday A glorious day at Banff, with perhaps a round of golf (a nominal charge made for club rental and greens fee) on one of the sportiest and most scenic golf courses anywhere . . . or a plunge into the famed hot springs pool . . . or a saddle or hiking trip over a thrilling mountain trail . . enjoying all the while breath-taking panoramas that are among nature's noblest scenes. In the late afternoon, after a final look at the Bow River Valley, a regret-filled leave-taking as you board your Canadian Pacific flyer for points East.

Thursday Across the great level wheat fields of Saskatchewan . . . down to Portal, North Dakota, where your train crosses the international boundary between Canada and the United States.

Friday Arriving early at the Twin Cities—Minneapolis, beautiful city of many lakes . . . St. Paul, capital of Minnesota—then over the rails of the Chicago & North Western for a pleasant ride through picturesque Wisconsin, arriving in Chicago in the afternoon.

TOUR "RM" \$94.70 (Using Air-Conditioned Coaches—Only \$82.97) 7 Days ALL-EXPENSE

Leaving Chicago Sundays All Meals Are Included in the Cost

"Let's go to Colorado." It's an old refrain to many. Each summer when vacation time draws near thousands—old-timers as well as first-timers—say, "Let's go to Colorado!"

What is there about Colorado that makes it so irresistible?

For one thing, the mountains. Those rugged old giants with their lofty white heads outlined against the blue sky "pep" one up as nothing else can. Here indeed, you are mentally revived—the tonic is unfailing.

But it is more than the mountains. It's the marvelously clean and bracing air . . . the invigorating sunshine . . . the fragrant pine forests . . . the silvery lakes and tumbling streams . . . and the outdoor pastimes and recreations that go with all these.

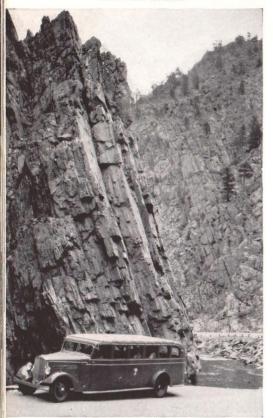

Fortunately, these glorious playgrounds are easily accessible. And on an "RM" Tour you enjoy a Colorado vacation for surprisingly little. Moreover, from the moment you leave Chicago until you return, you travel in comfort. You will find the accommodations superior and the food superb at all times. And these make for real relaxation.

Your "RM" itinerary not only includes thrilling days in the Rocky Mountain National (Estes) Park region, but in addition Colorado Springs, Pikes Peak, the Garden of the Gods, the Royal Gorge, and the beautiful city of Denver. And what a bargain it is!

They say-

It was my first experience going alone on an escorted tour. I don't mind telling you that I was a little leery about going by myself. But before the first day was passed I didn't feel alone. The people certainly were grand. I saw everything I wanted to see and enjoyed every minute of it. E. M., Chicago, Illinois.

Antlers Hotel—Colorado Springs

Day by Day Story of "RM" Tours

Sunday You leave from the North Western Railway Station, on a famous Overland Route train. All afternoon you speed westward into the setting sun to the mountain playground—COLORADO—each mile bringing new vistas. An experienced escort remains with the party throughout the trip and handles all details. The dining car meals will appeal, as the Overland Route has long been noted for the excellence of its cuisine and the generous portions served. All meals are included in the all-expense rate.

Your train is completely air-conditioned, being especially designed for the comfortable overnight journey to Colorado.

Monday Morning brings a thrill you'll never forget—your first glimpse of the Rockies. They loom into view with the dawn and you remain in sight of them for miles. Soon you are passing through Denver on your way to Colorado Springs. You arrive toward the close of the morning and your baggage is transferred immediately to the Antlers Hotel, your headquarters until after luncheon on Wednesday.

Few places in the world offer such a variety of immediately accessible natural beauties and marvels as does Colorado Springs. It is a city world-famous for its large number of magnificent residences and estates, its parks and fine hotels and its extraordinary scenic location. It rises up out of the plains, almost at the foot of majestic Pikes Peak!

In the afternoon a thrilling motor trip through the never-to-be-forgotten Garden of the Gods, a curious sandstone region eroded by wind, rain and frost into numerous fantastic shapes, then to the very summit of Pikes Peak which is easily reached by a wide, smooth automobile highway. As the Peak is detached from the mountain range, the view from its 14,109 foot summit is seemingly limitless. After a wonderful dinner a the Antlers there is much to do at Colorado Springs . . . dance to the strains of a famous orchestra . . . visit a movie . . . or just rest in a perfect setting.

Tuesday A day that brings scenic wonders even more amazing than those that thrilled you yesterday. At 11:10 you board the Denver and Rio Grande Western's Scenic Limited for a 180-mile round trip ride through Pueblo to the Royal Gorge of the Arkansas—one of the most awe-inspiring natural wonders on the entire continent.

There is only one Royal Gorge! This mighty chasm defies description. Towering 1053 feet above the raging river, its walls come together until they are but thirty feet apart. The sky is almost screened from your sight. Your train threads its way along the brink of the surging stream on a narrow right-of-way blasted from the solid granite walls. At Hanging Bridge you leave your train and are treated to a tram-cable car trip to the top of the canyon. From here you can look directly down into the thousand foot abyss. Far below you is a tiny thread of white—the mighty Arkansas River that has etched this unique canyon. Presently you are back in the canyon boarding your train for the return trip. You have seen the world famous Royal Gorge both from the top and the bottom.

Returning to Colorado Springs you enjoy many fine views from your train window. At one point the valley widens, disclosing the Sawatch Range, a cluster of ten peaks, all above 14,000 feet in height. Late in the afternoon you arrive at Colorado Springs. Dinner at the Antlers and afterward the evening is open.

Wednesday The morning is yours to go where you please or just relax on any of the many verandas of the Antlers and drink in the superb mountain scenery on all sides. After luncheon you leave for Denver by train. It's a delightful two-hour ride, followed by a scenic motor trip north and west to Estes Park... past some of Colorado's most fertile irrigated farms and sugar beet fields... then into mountains that comprise the Rocky Mountain National Park region. After a drive among the brilliantly colored formations, you enter famous Big Thompson Canyon, your introduction to the rugged grandeur of this region. The impressive beauty and magnitude of the fantastically carved and softly tinted granite walls are nothing less than inspiring; right beside you dashes the glistening river, winding among the boulders in curves that point every

direction of the compass. Shortly after leaving the canyon you reach the town of Estes Park.

You arrive at Estes Park Chalets for dinner. As you step from the car to the inviting veranda of the Chalets, nestling at the foot of pine-clad Lily Mountain, you unconsciously turn to look back on Marys Lake . . . exquisite!

The Chalets offers an unlimited variety of outdoor activity and a fireside friendliness that is most refreshing. The clean, pure air, the crisp, cool nights, and the brilliant sunshiny days are thrilling to the nth degree. Every moment at the Chalets is a treat. Interesting programs have been arranged for daylight hours . . . in the evening, entertainment for everyone.

Thursday-Friday Rocky Mountain National Park and you are its guest! Make the most of your opportunity...do the things you like best to do, when and how you want to do them. The setting is perfect. Superb Alpine landscapes, towering granite peaks—the finest grouping of mountain scenery in the entire Rockies!

Of the countless peaks, within the 405 square miles of territory, 65 are above 10,000 feet in altitude; 43 are over 12,000 feet and 15 over 13,000 feet. Longs Peak, about which are grouped some of the very tallest, reaches 14,255 feet. Spectacular in the extreme this stately mountain is most popular with climbers; trails of every degree make it attractive for those of moderate experience as well as for the expert. More than 1,500 persons make the top every summer.

The lure of this summer playground is enhanced by a development program, embracing roads, trails, improved fishing and other features; game is protected, and mountain sheep, elk and deer are frequently to be seen along the drives in the more secluded sections.

Activities to suit every taste are here . . . and in following any of the innumerable trails and roadways, hiking, horseback riding or motoring, each turn discloses new vistas of surprising loveliness. The Chalets is ideally located—right in the heart of the outstanding scenic attractions.

Saturday You say good-bye to the Chalets in the morning and motor via Longs Peak and Allens Park through South St. Vrain Canyon to Boulder—thence to Denver. Luncheon at the Cosmopolitan Hotel... ample time for visiting Denver's fascinating shops... in mid-afternoon a sightseeing trip... through the business and finer residential sections of Denver, passing the United States Mint, Civic Center, State Capitol, City Park Museum and Zoo and other principal public buildings, and including the parks and boulevards. Then in the late afternoon you say a last goodbye to Colorado and you are off for home.

Sunday Eastward through Iowa and Illinois via the Overland Route. Splendid dining car meals and happy, congenial companions add to the pleasure of your trip. Chicago just before luncheon—the end of a wonderful vacation.

Grand Lake Extension Tour Only \$8.00 Additional

So many Colorado visitors wish to include Grand Lake in their itineraries that we have made it possible to do so in connection with this tour.

You leave the Chalets early Friday morning via the new Trail Ridge Route, motoring across the Continental Divide, never ceasing to marvel over the seemingly endless succession of wild mountain panoramas.

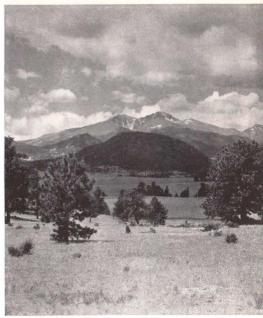

Grand Lake Lodge, where you spend the night, overlooks the lake from a pine-clad hillside in Rocky Mountain National Park, and surveys the vastness of Middle Park as it spreads out along the upper reaches of the mighty Colorado River.

From Grand Lake to Denver you cross "The Divide" at Berthoud Pass, motor through Clear Creek Canyon to Idaho Springs, back up through Denver Mountain Parks, again dropping down from Lookout Mountain on the picturesque Lariat Trail to Golden . . . into Denver for luncheon at the Cosmopolitan Hotel, where you rejoin your escort and the Chalets party.

A truly marvelous extension trip.

GENERAL INFORMATION

Why You Should Join an "Overland Route" Circle Tour—"The Best of the West" at the least possible cost. There is the whole story in a few words. The Best of the West—when you are our guest. Plus this: you have the great advantage of knowing at the outset the exact total cost of your trip. The tours are planned with every consideration for your comfort, convenience and pleasure. All of the details are arranged in advance and are carefully carried out by our representative, your escort, with the party. He relieves you of all the anxieties of the independent traveler. You are, in fact, more independent in a real sense than the so-called independent traveler as you are entirely free to enjoy to the fullest extent the pleasures of your trip. Go on an "Overland Route" Circle Tour this summer and make the most of your vacation!

Tour Costs Are All-Inclusive on all "Overland Route" Circle Tours, as every necessary item of expense incident to the trip is included. There are no extras. Individual tips are considered purely personal and optional with the passenger.

Rates for Children under twelve years of age will be furnished upon request. They are entitled to half fare railroad transportation and various other reductions in tour privileges.

The Woman Who Travels Alone is sometimes hesitant about taking an extended vacation trip. "Overland Route" Circle Tours offer an opportunity to bridge this difficulty and she can enjoy the trip of a lifetime amid congenial surroundings. The escort will introduce her to the other members of the tour party and will also look after her tickets, baggage, etc., insuring her against vexation and annoyance. Hundreds of women, as individuals, have joined our tours to avail themselves of a real, carefree vacation. The business man who cannot himself take a summer vacation can, with a feeling of complete security, send the women folk on our escorted tours.

Dining Car Meals on "Overland Route" Circle Tours are tastily prepared and served with a smile. The service, which is comparable to the best metropolitan hotel standards, adds to the pleasure of your trip. Coupons having value of 75c for breakfast, \$1.00 for luncheon and \$1.25 for dinner, are provided for dining car meals, (except that "BC" tour coupons have a lesser value), and a refund in cash is made at time of service if the meal check is less than the value of the meal coupon.

Air Conditioning All of our Escorted Circle Tours will have air-conditioned Dining Cars, Observation Cars and air-conditioned Standard Pullman Sleeping Cars, except that "BC" tours will have air-conditioned Challenger (Tourist) sleeping cars and coaches. Early reservations are suggested.

Hotels and Lodges in all National Parks are under the jurisdiction of the National Park Service, Department of the Interior, who desire that all visitors to the Parks be accommodated. Consequently, single rooms are not always available.

In Yellowstone National Park tour rates are based on double occupancy of standard rooms without bath at the hotels. Rooms with bath are usually available, if arranged for in advance, at an additional charge of 50c to \$2.50 per day per person, according to the number of people using bath and the location of the room.

In Utah-Arizona National Parks the popular rustic cabins are used and rates are based on standard accommodations without bath. Cabins with bath are usually available, if

arranged for in advance, at an additional charge of \$1.25 to \$3.50 per day per person for DeLuxe cabins with bath or 75c to \$1.50 per day per person for a cabin with shower bath.

In Rocky Mountain National (Estes) Park tour rates are based to standard rooms without bath, however, rooms with bath are usually available, if arranged for in advance, at an additional charge of \$1.00 to \$2.00 per day per person.

In Yosemite National Park tour rates are based on double occupancy of rooms with bath at the Ahwahnee Hotel, Yosemite Valley.

In Mount Rainier National Park tour rates are based on double occupancy of rooms with bath at Paradise Inn.

When passengers request reservation of rooms with bath in Yellowstone, Rocky Mountain or Utah-Arizona Parks, this department will gladly ask for such accommodations; however the additional charge involved must be paid direct by passenger to each hotel or lodge.

At ALL Hotels outside National Parks Rooms with bath will be provided at all hotels where overnight stops are made and rates are based on double occupancy of rooms. Single rooms with bath will be arranged for any passengers desiring them; however, the slight additional charge involved must be paid by the passengers direct to each hotel. Premium rooms will be provided on the "PNW" Tour at Lake Louise (Lake View rooms) and at Banff (Bow Valley View rooms).

Baggage Trunks are unnecessary. A suit case or bag will hold sufficient clothing for your entire trip.

One piece of baggage weighing not more than twenty-five pounds will be carried free by the automobiles in the National Parks. If it is desired you may also carry a small overnight bag with you. The Department of Tours assumes no responsibility for baggage or personal effects, but in the event of damage, delay or loss, will do all in its reasonable power to lessen the hardships incurred. Upon departure from Chicago your escort will furnish you with special baggage tags, bearing your name and address.

Wearing Apparel Warm summer days suggest summer lightweight clothing, yet the cool, invigorating nights in the mountains make medium weight wraps necessary—top coats, sweaters, weatherproof outer garments. Outing clothes: knickers, jackets, or sports clothes are a comfort. For use in the Parks, low heel walking shoes should be taken, preferably old ones, as they are liable to become scuffed. A pair of colored glasses will be invaluable.

Church Services Your escort will be fully informed regarding church services at places visited on Sunday—special arrangements have been made at various points. Many passengers using the tours which leave Chicago Saturday, take the train from Chicago which leaves at 6:25 p.m. and arrives Omaha at 7:05 a.m. This gives them sufficient time to attend church at Omaha and later have breakfast in the depot dining room or on the train. Coupons are provided which will be honored at either place.

Mail and Telegrams should be addressed to the various hotels shown in the "Detailed Schedule" of the Trip. Specify, "Member of C. & N. W.-Un. Pac. Tour 'YZ-5," or whatever the particular designating letter and number may be. The Post Office Address of all hotels in Yellowstone Park, is Yellowstone National Park, Wyoming. In the Utah-Arizona Parks, addresses are as follows: Bryce Canyon Lodge, Bryce Canyon National Park P. O., Utah; Zion Park Lodge, Zion National Park P. O., Utah, Mail address for Grand Canyon is North Rim Lodge,

Kaibab Forest P. O., Arizona; telegraph address is North Rim Grand Canyon, Arizona.

How to Join Our Tours Persons desiring to join an "Overland Route" Circle Tour should send their names to be registered as early as possible. Simply fill in the reservation blank at bottom of page 64, and mail to any representative listed on pages 64 or 65, being particular to supply all the information requested thereon. Reservations will then be made. Remittance should be made not later than ten days before departure of tour, but when this is inconvenient, we will upon request, hold reservations longer. Persons prevented from going may secure refund in full, provided reservations are cancelled before 1:00 P. M. on date of departure.

Passengers Joining Tours at Chicago Must Check in at Tour Window, ground floor Chicago & North Western Railway Terminal, Canal and Madison Streets, Chicago, Ill., at time indicated on back of your coupon identification book. Here you will meet your escort and receive a copy of the "personnel" of the trip. If joining at some point other than Chicago, look up your escort on the train as soon as possible as he will also be on the lookout for you.

Personal Service Representatives of the Department of Tours, the Chicago & North Western Railway and the Union Pacific Railroad, are prepared to assist you in every way—supplying detailed information, making reservations and booking passengers for the tours. If you desire, a representative will call at your convenience to assist with your travel plans. There is no charge for this and it entails no obligation. It is just a part of the friendly service of this department.

Service by Correspondence Feel free to write fully and ask any questions whatsoever in connection with any phase of western travel. With an intelligent understanding of the problems confronting persons wishing to secure the greatest benefits from a Western vacation trip, the Department of Tours is prepared to render a real service to those making inquiry by mail.

Important In the sale of these tours the Department of Tours acts only as agent for the various hotels, transportation companies, railroads, etc., and assumes no responsibility for loss or damage to baggage or injury to persons. Rates, train schedules and arrangements quoted herein are subject to such change as tariff or operating requirements, which cannot be foreseen at time this book is issued, may later demand. Pullman sleeping cars used on our tours are operated by the Pullman Company under contract and our representatives act merely as agents for the Pullman Company.
