To make this interesting service most enjoyable to you, the dining car personnel solicits your cooperation. Dinner will be served at two appointed hours—6:00 and 7:30 in the evening, except that on departure from Chicago and Los Angeles, dinner may be enjoyed when you board the train. The steward will call on you to determine at which hour you prefer to dine. We will greatly appreciate your cooperation in order that dining car guests may be seated promptly at the hour of their choice.
