

*M*ost exquisitely colorful of our National Parks is Bryce Canyon, etched by erosion into the color-banded limestone cliffs of the Paunsaugunt Plateau in Southwest Utah. This region is truly one of nature's art galleries, filled with delicately-carved statues and fantastic figurines. Wind, rain, frost, melting snows, alternating heat and cold, and other agents of erosion are the artists, and their skillful work never ceases.

Nature has dipped lavishly into her many-colored palette for tints of red and burnt orange, rose petal pinks and off-whites, making Bryce the most sparkling gem among our National Parks. Bryce, in its cameo-like delicacy, is an artist's dream come true.

Bryce Canyon National Park is reached by motor bus from Cedar City, Utah, on the Union Pacific Railroad, and there are ample accommodations for visitors.

*This glimpse of Bryce Canyon National Park reveals but one phase of the region's scenic glories.*
