

REDWOOD LOUNGE CAR
on the "City of Los Angeles" Domeliner

*Smart
Luxurious
Travel*

between Chicago-St. Louis and

California

3 Beautiful Domeliners.

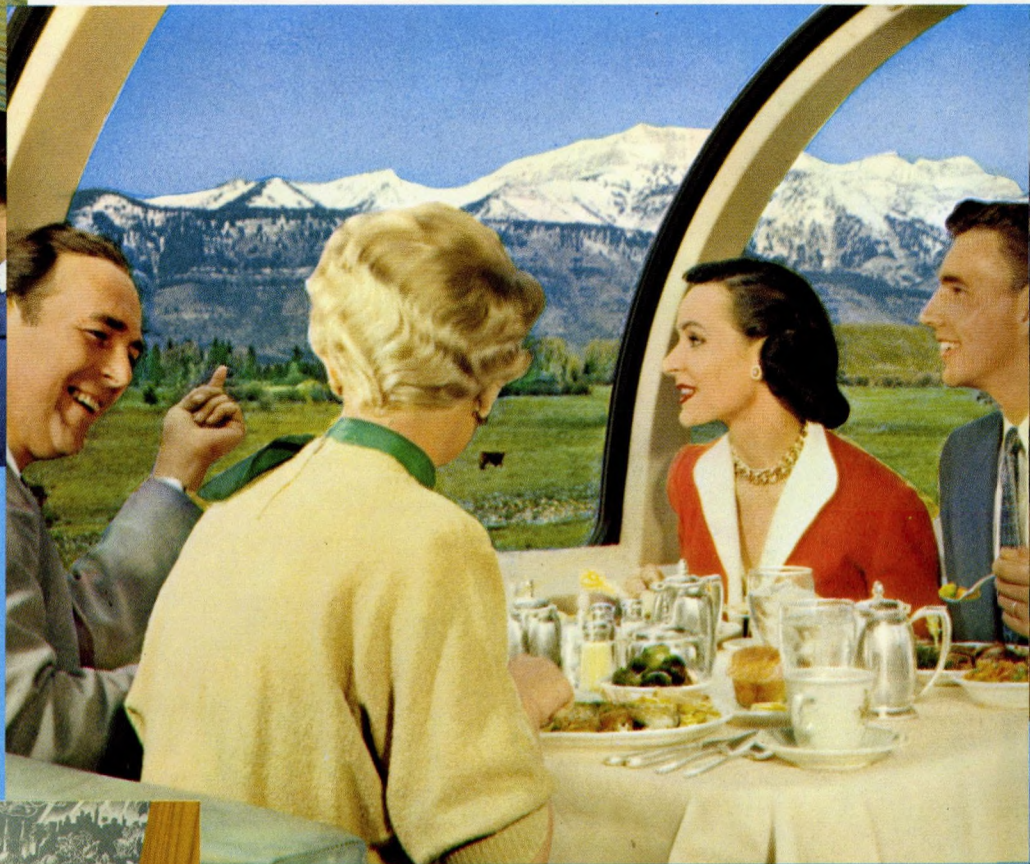

One glance at the photos on these pages will give your patrons a clear picture of the pleasure and carefree relaxation they will find on Union Pacific Domeliners. We suggest that you keep this circular within easy reach and use it to help answer questions about travel through western America.

The colorful main dining car on the "City of Los Angeles" features a distinctive seating arrangement.

In the Astra Dome, wide picture windows frame typical western scenery.

The exquisite "Gold Room" set apart from the main dining room was designed for small groups desiring privacy.

Dining DeLuxe

You might call it "roof garden" dining. From a high vantage point, diners have a marvelous view of passing panoramas while enjoying the finest of freshly prepared foods, graciously served. The Astra Dome dining car is an exclusive U.P. feature on the "City of Los Angeles."

The "Gold Room"—at left—is another attraction on this luxurious Domeliner.

Finest, latest Pullman equipment

It naturally follows that the "City of Los Angeles" would have only the finest in ultra-modern, overnight accommodations. Drawing rooms, compartments, bedrooms—single and en suite—roomettes, sections and single berths are available. The restful Coach slumber seats are shown on the opposite page.

& Denver • Salt Lake City - Las Vegas •
Los Angeles • San Francisco

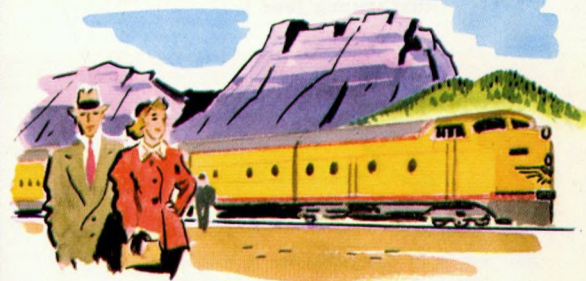

Latest type leg-rest slumber seats in Coaches assure night and day comfort.

The inviting lounge car on the "City of Los Angeles" is of modern living-room design.

"The Challenger" features an Astra Dome where divan-type seats may be occupied at no extra charge.

" CITY OF SAN FRANCISCO " *Streamliner*

In addition to the "City of Los Angeles" . . . "The Challenger" and "City of St. Louis" Domeliners, there's the smart "City of San Francisco" Streamliner providing both Pullman and Coach accommodations for travelers between Chicago and San Francisco.

STOPOVERS

TO AND FROM

California

ZION • BRYCE CANYON GRAND CANYON NAT'L PKs.

When traveling to or from Los Angeles on Union Pacific, vacationists may stop over to visit the fascinating Southern Utah-Arizona National Parks at *no extra rail fare*. Although all three of these famous Parks are neighboring attractions in one vast scenic area, no two are alike in formations and coloring.

Each Park offers comfortable accommodations and dining facilities. Modern motor coaches meet visitors at Cedar City, Utah—the rail gateway—and visitors may stay as long as time permits before proceeding westward or eastward.

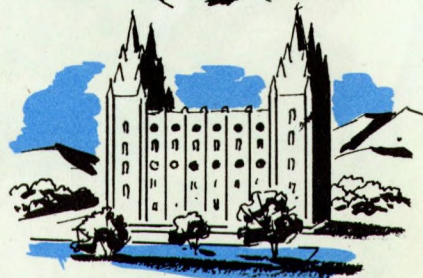

DENVER • SALT LAKE CITY

Two other interesting stop-overs, for patrons whom you route via U.P. to or from Los Angeles, are these two great cities steeped in Old West traditions. The cool, mountainous Denver area offers many

scenic, recreational spots as well as metropolitan attractions.

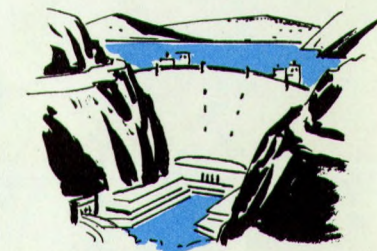

Mountain-ringed, beautiful Salt Lake City, with its famed Mormon Temple and Tabernacle, certainly merits a visit.

LAS VEGAS • HOOVER DAM

Exciting, glamorous Las Vegas, where there's gaiety 'round the clock, is another outstanding stop-over on the way to or from Los Angeles. Nearby is mammoth Hoover

Dam and beautiful Lake Mead. Union Pacific's "City of Las Vegas" Streamliner plies daily between Southern California and Las Vegas.

NOTE: Beginning June 1, "The Challenger" will operate as an individual ALL-COACH Domeliner on a new convenient schedule. Schedule shown below will be in effect starting June 1.
