

Most exquisitely colorful of our National Parks is Bryce Canyon, etched by erosion into the color-banded limestone cliffs of the Paunsaugunt Plateau in Southwest Utah. This region is truly one of nature's art galleries, filled with delicately-carved statues and fantastic figurines. Wind, rain, frost, melting snows, alternating heat and cold, and other agents of erosion are the artists, and their skillful work never ceases.

Nature has dipped lavishly into her many-colored palette for tints of red and burnt orange, rose petal pinks and off-whites, making Bryce the most sparkling gem among our National Parks. Bryce, in its cameo-like delicacy, is an artist's dream come true.

View Bryce from either the lofty trails which skirt its rims or from the Canyon floor, and you will share the enthusiasm of thousands who have preceded you.

On the trail to Oastler's Castle, Bryce Canyon National Park, Utah.
