

LOCH VALE
ROCKY MOUNTAIN NATIONAL (ESTES) PARK

Rocky Mountain National Park

Colorado's Perfect Vacationland

YOU can pitch a tent beside a sparkling stream and cook your meals over a campfire. You can rent a cottage or a log cabin and either prepare your own meals or have them in a little community dining hall. There are rustic inns at the shore of lovely lakes, Alpine lodges up in the mountains, and several fine big hotels which are equal in every way to the best type of metropolitan hostelry. You can go fishing or play golf, hike or ride horseback, swim or go motoring, recreate and rest in any old way that pleases you. ~ ~ ~ ~ ~
