Vacations are Cheaper

Burlington Escorted Tours

Carefree Vacations
at the Least Cost

Everything planned and
paid beforehand

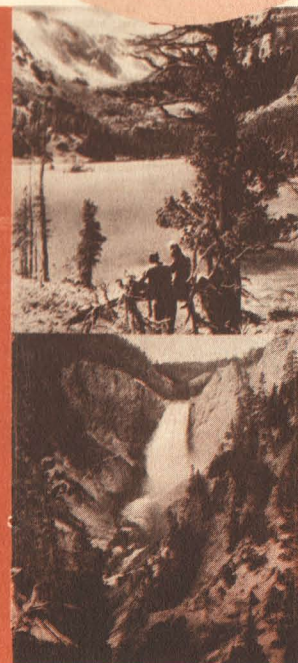

THIS year—when it is fashionable to look carefully into values—the advantages of our plan of directed travel are more evident than ever before.

With everything planned in advance, and everything paid in advance in a lump sum, which includes railroad fare, Pullman, hotel accommodations, motor transportation, meals, sightseeing, side trips—every necessary item of expense; you have the satisfaction of knowing beforehand not only the full details of your vacation, but also exactly how much it is going to cost. Taking full advantage of the big reductions in railroad and Pullman fares, the lower cost of hotel accommodations, and other economies which might escape the individual, we offer the Western traveler this year complete and comprehensive vacation tours that are more attractive, yet cost much less than ever before.

In this small space it is possible to outline the 1933 Tours only in a very brief way, but we feel you cannot but be impressed with the sensationally low all-expense cost shown in connection with each.

We'd like to send you our interesting booklet giving full details about our tours, some of which embrace (for the benefit of Eastern people) a stopover in Chicago for the World's Fair.

WRITE FOR IT. IT IS FREE!
