

RAILWAY AGE

THE STANDARD RAILROAD WEEKLY FOR ALMOST A CENTURY

JUNE 25, 1951

For inauguration of the famous "CHAMPION," the Atlantic Coast Line purchased the first of its fleet of General Motors Diesel locomotives in 1939. Today—with 512 GM units in service or on order, and with complete dieselization as its goal—the Coast Line is providing passengers and shippers alike faster, more dependable transportation, keyed to current expansion in the growing territories it serves.
