THE STANDARD RAILROAD WEEKLY FOR ALMOST A CENTURY

AUGUST 20, 1951

Fast, traffic-winning schedules and unmatched economies of General Motors Diesel operation are vital factors in the 10-year money-making record of the Missouri Pacific's streamlined Eagles. Today, in its Centennial Year, the progressive Mo-Pac relies on a growing fleet of Diesel locomotives (62% GM units) to pull all its principal passenger trains and more than two-thirds of its through tonnage.
