# RAILWAY AGE

The Standard Railroad WEEKLY for Almost a Century

The Atlanta and West Point Rail Road Company, The Western Railway of Alabama, and Georgia Railroad now own a total of 43 General Motors Diesel locomotive units. These units handle all passenger trains and 95% of freight traffic on these lines. This dieselization has made possible an increase of 21% in gross ton-miles per train-mile and a decrease of over 30% in freight train operating costs per train-mile.

## ELECTRO-MOTIVE DIVISION GENERAL MOTORS

*La Grange, Illinois • Home of the Diesel Locomotive*  
In Canada: GENERAL MOTORS DIESEL, LTD., London, Ontario
